THE WHIG, 74th YEAR. Daily Whig.

THE PROPHECY OF RUIN. The information is being given out that Canada's prosperity is the result of legislation which was passed by a conservative dynasty.

It was expected to be worse under the Liberal government. When Mr. Fielding made his budget speech in 1897, and launched his tariff, Sir Charles Tupper protested.

How, then, can the prosperity which subsequently prevailed be due to the old policy of the conservative party, and the policy which was so helpless and inadequate to produce a revival of trade between 1890 and 1896?

NOT IN GOOD TASTE. The Montreal Gazette has had very poor taste in making personal reference to Sir Wilfrid Laurier, which all decent papers must repudiate.

AFFLICTION OF THE DEFECTIVES. A surprising revelation, to government and people alike, is contained in the Bulletin, a monthly which is published by the Toronto Hospital for the Insane.

Perhaps It Is That. A sergeant in the permanent militia of Canada is paid at the rate of a dollar a day, while a man of the same rank in the United States army gets only \$18 per month.

Figures Can't Lie. The Ottawa Journal declares that "The Gazette does not know that Canada is the most civilized country in the world, except the United States."

Mr. Borden's Weak Following. A moment may be given to the Ontario situation in one respect it is the most hopeful, in another it is a particularly discouraging one for the conservative party.

EDITORIAL NOTES. The mournful fact has been announced that Abdul Aziz has become Abdul as was.

Well, the troubles of the school of pedagogy are over, for the present at least, and so far as the public schools are concerned.

money. Does Mr. Borden disapprove of this? He must have heard of the O'Mullen performance. A scheme at once so comprehensive could not have escaped his attention.

Called to Higher Office. The federal government has been reorganized to some extent. The vacancy caused by the resignation of Mr. Emmerson has been filled by the appointment of Mr. Pugsley.

Marriage with a deceased wife's sister is all right in the opinion of the lords. They used to think otherwise, and the change is hard to understand.

Spirit of the Press. They'll Get In. London Advertiser. With Foster in the front seat it is now in order for that precious trid, Pope, Fowler, and LeFevre, to climb into Mr. Borden's band-wagon.

A Wasted Pull. Toronto Star. A Chicago dentist broke a patient's neck while pulling a tooth. A dentist with a pull like that has missed his vocation.

Catarrh of the Kidneys. Insidious Disease. Many People Have it. Form and Do No.

Mr. Isaac Rosenzweig, street, Montreal, Can., writes: "About three years ago with a bad cold. It set bladder and kidneys serious trouble."

"I feel that it saved me, mainly restored me to as healthy as I had no knowledge of kidney disease at all."

Catarrh is sometimes so in its approach and its early cause such slight discomfort not noticed.

However, when it once in the kidneys it becomes disease to exterminate.

Indeed, catarrh of the kidneys is a disease of the most serious nature.

Such a remedy has been Perma. It reaches catarrh.
