FOUND DEAD IN ROOM

SAD DEATH OF MRS. MICHAEL O'NEIL.

Had Been Suffering From Heart Trouble For Some Time—The Coroner Makes An Investigation.

In a kneeling position, with her head resting on a chair, the dead body of Mrs. Michael O'Neil, wife of Michael O'Neil, houseman, was found in a room at 117 Queen street, at eleven o'clock, this morning. Coroner Dr. Mendell, who was notified, made an investigation, and came to the conclusion that death was due to heart failure, deceased having suffered with heart trouble for some time, and that an infarct was not necessary.

About 11.15 o'clock, the police received a telephone message, which stated that a Mrs. O'Neil had been found dead in her room. Constable "Dick" Timmerman was sent to investigate, and when he arrived at the house, he was met by Robert Thompson, employed at the Windsor Hotel. Thompson said that he had been notified of the affair by Mrs. Woods, an elderly lady, who rented the rooms, and considered it best to inform the police. O'Neil and his wife occupied a front room, and Constable Timmerman, on going into the room, found the body in the position already mentioned. He at once notified Coroner Mendell, who arrived very promptly, and made the investigation. An examination was made of the body, and it was found that she had been dead for some time. James Reid's ambulance was summoned, and the body was removed.

Deceased was about fifty-three years of age, and had resided in this city with her husband for many years.

The husband of the dead woman left for his work about 6:30 o'clock in the morning. To the coroner, he said that his wife had been ill, but that this morning she was well as usual. He was told of his wife's death by some of his friends, and when he reached his home at noon, the body had been removed. He was very hard for him to believe that she had died, and he was told that she had died at the same time.

Mrs. Woods, who rented the rooms to O'Neil, was evidently the last person to see Mrs. O'Neil alive. She told the coroner that Mrs. O'Neil had complained of feeling unwell, on Monday night, and had asked her to bring the same state, and very small wash stand, and everything was in disorder. The other room was in much the same state, and very "stuffy." There was a small chest of drawers in the centre of the room, with a sideboard and a couple of tables, and a few chairs. Cooking utensils were scattered about, and some articles were on the table. There was a total lack of tidiness, and the place was looked upon as being very unhealthy.

THE POLICE COURT

CARRIED OFF A BUNCH OF BANANAS

But Was Caught By The Police—Charge of Theft Not Pressed—Several Other Cases Before The Court.

A young man went on a spree Saturday and late at night, when he was on his way home, he fell in love with a bunch of bananas, which was hanging out in front of Lawrence Murphy's store, at the corner of King and Princess streets. Without saying a word to the proprietor he took the bunch of bananas and ran off. The police were notified and Sergeant Nelkitt and Constable Filson gave chase. The young man had reached Anglin's mill when overtaken and he still had the bananas in his possession. He was taken to the lock-up, and the bananas left at the store.

The proprietor of the store did not press a charge of theft, when the prisoner appeared in the police court this morning. He was arraigned on a charge of drunkenness, and the court imposed a fine of \$1 and costs, with the option of ten days.

Michael McNally went to work last Friday but could not stay. His love for an "old timer" in police circles, the magistrate imposed a fine of \$2 and costs.

John Eddy, a sailor, was an "also drunk." As it was his first appearance he was given a chance.

WAS ROBBED OF \$40.

Money Stolen From Booth at Fair Grounds.

Mrs. Bennett, of Barrfield, who had charge of one of the booths at the fair grounds on Labor day, is today minus \$40, the money being stolen from her booth. The money was in a box at the rear of the booth, behind a curtain, and it is supposed that some person gained an entrance from the rear when the people were out of the booth for a short time, and made off with the money.

A reward of \$20 was offered for any information that would lead to the recovery of the stolen money, and the police were also notified, but up to the present time, no clue of the missing money has been found.

QUEEN STREET SEWER AGAIN

Meeting of Board of Works to Discuss It.

A meeting of the board of works was called for this afternoon, to deal with the question of the Queen street sewer extension.

At the council meeting of the other night, it was decided that Mr. Hewitt, of the water works department, was to have charge of the work, with the exception of taking the levels, which will be taken by the city engineer. It was not decided, however, as to whether Mr. Hewitt would receive extra pay for this work. It is understood that Mr. Hewitt will not do the work unless he receives extra salary, and thus the matter will have to be decided.

Fined For Assault.

Magistrate Farrell held a special sitting of the police court at noon today, when a young man was fined \$5 and costs for assaulting another young man. The two had some trouble over a trivial affair.

KATHLEEN DISABLED.

Chirya Won Afternoon Race at Chaumont.

The Kingston yachtmen arrived home this morning, after their cruise to Chaumont Bay, bringing with them a handsome cup won by the Chirya. The locals cannot say too much in praise of the members of the Crescent Yacht Club, for the way they were treated during their stay. Everything possible was done to make the trip pleasant, and it was certainly a cork that will live long in the minds of the K. Y. C. members.

The first race in the morning between the Kathleen and Crescent was not finished for account of an accident to the Kathleen boat. The course was triangular, about nine miles around. The wind was blowing from the south west, and the sea was rolling quite high when the boats crossed the line. When about an eighth of the Kathleen's runner broke, and immediately her spar and sails were carried away, leaving the decks of the stranded boat clean. The accident was due to the fact that the Kathleen, a small piece of wire of insufficient strength being applied to the larger wire.

In the afternoon the race lay over the same course, and the wind was from the same direction only slightly stronger.

The following is the time of the boats entered:

Chirya	1:52.10
Larkspur	2:01.31
Windsor	2:05.25
St. John	2:05.35
St. John	2:05.35
St. John	2:05.35
St. John	2:05.35

A feature of the race was the handling of the Chirya, by Skipper J. A. Dalton. He sailed his boat for finish that was in front of all competitors, and at the above time will show, won the race by a large margin. The cup brought back by the Chirya is a most beautiful piece of work, one of the most ones every brought home by a Kingston boat.

A Record Canoe Trip.

Two young canoeists left here, Sunday morning, at seven o'clock on a trip to Gananoque via the Rideau lakes and Morton. They reached Lyndhurst that evening at six o'clock, having gone a distance of forty-two miles that day. Leaving Lyndhurst Monday morning, they were successful notwithstanding a steady downpour of rain, to reach Gananoque at two o'clock the same afternoon, a total distance from Kingston of seventy-two miles, which is considered very good paddling with a loaded canoe, and the delay occasioned by the numerous portages en route. They report having seen plenty of ducks in the back lakes, especially near Marble Cove.

SAVED FROM DROWNING.

A Couple Picked From the Water on Sunday.

On Sunday afternoon, J. A. Kirkpatrick rescued a young lady and gentleman from drowning in the vicinity of the spill wharf. Mr. Kirkpatrick, who is his wife and father, were out in their gasoline launch, Marguerite, down below the bridge. Mrs. Kirkpatrick was the first one to notice the accident, and told her husband that a boat had tipped over. It was not long before the sturdy launch was at the scene of the accident, and the two people were quickly into the boat.

The young lady, who is a stranger in the city, also refused to make her name known to her rescuers, was badly exhausted, as she had been in the water for some time. The people were taken to a nearby boat house and a cab was summoned to remove the young lady to her home, and the young man went to change his apparel none the worse for his adventure, beyond a severe fright. The upturned boat was pulled in by Gene Stead and Charles Walker to Knapp's boat house.

This is the second time this year that Mr. Kirkpatrick has saved people from a watery grave.

ROLLER RINK OPENED.

Many Skaters Out on the Holiday.

The roller rink was opened on Labor day, and was well patronized. The management have spared no means to put the rink in first-class condition for this popular pastime, and it should be given good support. The rink was open morning, afternoon and evening yesterday, and the attendance was quite large. From now on, it will be open every afternoon and evening, and in the afternoon special attention will be paid the "beginners" by the instructors.

Members of the 14th Regiment band furnished the music in the afternoon and evening, and there will be music every night. This week the rink will be open on Saturday afternoons.

The floor has been put in excellent shape, old skaters stating that it is the best they ever skated upon. The management have a fine staff of workers, and the comfort of the patrons is looked after in every detail. There is no fee charged at the check rooms.
