He made an attempt to rescue him, but he was forced himself to the stable to fetch a couple of men rushed to his aid, but by this time the horse had become so infuriated that no one could approach it, and it had to be held with a club before anyone could enter the stall. POLICEMEN, GET BUSY!
Drive the Loafers Off Princess Street.
Some of the Princess street merchants have complained to the chief of police about the loafers who occupy their store entrances at night, particularly on Sunday. They want the police to keep the entrances clear. The remedy is easy if the police would only act. Nothing need be said to the loafers, but summonses might be issued to those whose names are known. The police making use on the make an example. The merchants are entitled to police protection, but they don't get it. A couple of the real live policemen might do themselves credit by making use on the loafers. Let the chief issue the order, and let the beginning of the crusade be commenced this evening. Let there be no more loafing about Princess street.

AN OCTOBER WEDDING.
Nuptials of Miss Mabel E. Wilnot and John McCallum.
A pretty October wedding took place at the home of P. G. Wilnot, 244 Brook street, at 11:30 o'clock, Tuesday morning, when his second daughter, Miss Mabel E. was united in marriage to John McCallum, of Glenora. The ceremony was performed by Archdeacon Macmorine, in the presence of only the immediate relatives of both parties. The couple were united in matrimony in the presence of a few invited guests. The bride wore cream voile over tulle. Miss Isabella Wilnot played the wedding march. They left subsequently on a trip to Montreal, and upon their return will reside in Glenora. Their many friends extend congratulations. Among many beautiful gifts was a silver tea set from the bride's associates in St. James' church choir.

IS YOUR PRINTER FAIR?
When you place your order for Printing with a concern whose price is the cheapest, does the printer tell you that he has figured on the cheapest paper he can obtain of its class, that the ink used will be the lowest grade that will cover the surface of the paper, and that the work will be cheap every way, because the price is cheap, is he fair enough to do this, and would you be satisfied if he did? There is something more in Printing than the price. Let us talk with you about values—high grade work, prompt service and fair treatment.
