cured me after all other remedies had failed. Up to a week or so ago I had tried many other remedies and several doctors, and spent about three hundred dollars, without any success, but this is to-day the seventh day that I have been using the Cuticura Remedies (costing a dollar and a half), which have cured me completely, so that I can again attend to my business. I went to work again to-night. My troublo was as follows: Upon the limbs and between the toes my skin was rough and sore, and also sore under the arms. I am a chef for a large café on Broadway, and I had to stay at home several times because of this affection. I had been suffering for eight years and have now been cured by the Cuticura Remedies within a week. I am much indebted to Cuticura, and shall certainly recommend it to all my friends and colleagues in the kitchen. Fritz Hirschlaff, 24 Columbus Ave., New York, N. Y., March 29 and April 6, 1906.

### HAIR FALLING OUT Pimples Cover Face, Cuticura Cures.

"I used the Cuticura Remedies with great success. My face was a mass of pimples and the dandruff was so bad on my scalp that my hair all began to fall out, and a friend of mine told me of Cuticura and I began to use Cuticura Soap and Ointment. Before a month I saw a great change for the better, and now I am entirely cured. I had no physician in charge. My little girl is now four years of age, and knows the use of no other than Cuticura Soap. Her skin is perfect and her hair remarkable for her age. Mrs. W. C. Howard, 132 N. Tenn. Ave., Atlantic City, N. J., Jan. 22, 1906."

FASHIONABLE CLOTHIERS.

It is natural for the intelligent purchaser to depend more and more upon big tade mark names for security. Take "Queen Quality" Shoes. 1 The reputation of that name has cost a million dollars, and it is worth that to-day. Can the makers afford to stamp that name upon any shoe that didn't deserve it? Can they afford to sacrifice quality? You know it stands for our protection. That's why it easily leads all other Women's Shoes in the world. Just try one pair.
