Free said it had been reported to him that in a certain house recently erected, a two-inch pipe had been connected with a one Chickering's. Orders at McAuley's drug store. inch drainage pipe, Alderman Graham said he didn't believe that there was a plumber in the city who was fool enough to do such a thing, Ald, Free,

however, said that the matter had been spoken about. The chairman brought to the attention of the board the poor manner in which the light department had left the streets after making the gas excavations. He was told by Mr. Campbell that a certain sum of money had been appropriated for putting the tractively designed roads back into proper condition. Ald. Gaskin advised that the city small furs as we I engineer make an estimate of the cost of nutting in shape all streets in which recent gas main excavations season - certainly | had been made. If a main was broken, the you to our new, large show- light department might come on the board of works.

Ald. Gaskin said that the light department couldn't very well do that, It was its duty to protect its mains, and if this wasn't done, then the board of works couldn't be held liable if in the work of road rebuilding the mains were affected.

The chairman brought up the question of the O'Kill street sewer, It was decided that if Contractor Tait completed the grit chamber, and laid two lengths of pipe from the street patlet, within a reasonable period, his time for completing the contract be extended till the winter, when the remainder of the pipes could be taid

Ald. Free drew attention to the very bad condition of the walk on the south side of Earl street, between Division street and University avenue. and asked that a new one be laid at once. The engineer said that the construction gangs would be ready to go there shortly. The trouble had been with the trees on that block. To met a proper line for the walk, some of them would have to be removed. He suggested cutting them all out and planting new ones. Ald. Free thought this would be a good plan,
