THE STOLEN HORSE.

An Old Proverb With a New Application. The woods are full of "so-called" remedies for baldness.

You may call anything in creation a remedy, but to use them is like locking the stable door after the horse is stolen. Baldness and dandruff are caused by a germ—if you don't kill the germ the germ will kill the hair.

Scientists have labored with the problem of a preventative for baldness for many years. Now the Herpicide is the product of modern ideas, and will cure Dandruff and prevent Baldness because germs cannot exist when you apply Herpicide.

Herpicide is a valuable hair dressing and scalp disinfectant as well as a cure for Dandruff. Sold by leading druggists. Send 10c stamps for sample to The Herpicide Co., Detroit, Mich. Sold in two sizes, 5c. and \$1. G. W. Mahood, special agent.
