## SAVED BY A SAW

It Was So Sharp It Cut Through  
The Dynamite.

Buffalo Furnace Company Plant Has a Close  
Call—Saved By a Mere Chance From  
a Great Catastrophe.

Buffalo, Oct. 18.—Over 600 workmen  
employed at the Buffalo Union Fur-  
nace company's plant, along with  
scores of people living in that vicinity,  
very narrowly escaped being the  
victims of a terrible explosion yester-  
day. The catastrophe was averted by  
mere chance.

In the machine shop, connected with  
the big foundry, it was found neces-  
sary to cut several lengths of large  
iron pipe and Stephen H. Regan, a  
machinist, put a long piece of the re-  
quired pipe into a sawing machine to  
divide it into ten-foot lengths. He had  
cut several pieces, and finding that  
the saw was dull, replaced it with a  
new one. Regan, finished another  
length, and after taking it out of the  
machine, placed it on the floor along  
with others, while he proceeded to ad-  
just another in the machine.

Presently another employee of the  
firm entered the machine shop and go-  
ing over to where Regan was at work  
noticed something sticking in the end  
of the last pipe which had been cut.  
Regan examined the pipe and found  
that it contained about seventeen  
large sticks of dynamite, through the  
centre of which the saw had passed.  
Why the dynamite did not explode  
while the saw was passing through the  
pipe, is beyond comprehension unless,  
as explained by the workmen at the  
foundry, the new saw, which was a  
sharp one, cut through the pipe with  
so little friction that the dynamite  
was not subjected to sufficient com-  
pulsion to explode it.

There was sufficient of the explosive  
found in the pipe to have blown the  
Regan plant to atoms, and caused ter-  
rible destruction and loss of life.

### FORTUNE ON BASEBALL BET.

Pittsburg Man Makes \$42,000 on  
Chicago's Victory.  
Pittsburg, Pa., Oct. 18.—Shad Guil-  
man, the Pittsburg sporting man,  
made a fortune on the baseball series  
between Chicago and Detroit for the  
world's championship. The night be-  
fore the series opened, at the Auditor-  
ium Annex, in Chicago, Guilman bet  
\$50,000 to \$42,000 that Chicago would  
win the series. Most of it came from  
Detroit men. The only bet that he  
did not win was one for \$5,000, that  
Chicago would capture the first game.  
As it was a draw, the money was  
taken down. In the world's champion-  
ship series between Boston and Pitts-  
burg, Guilman lost \$29,000. He won  
\$10,000 when the Giants beat the  
Athletics, and lost \$30,000 when the  
Chicago White Socks defeated the Chi-  
cago Cubs.

### Renfrew Factory Closed.

Renfrew, Ont., Oct. 18.—The Cum-  
mings Manufacturing company, limited,  
has closed down, affecting, happily,  
not a dozen employes. The machin-  
ery has not been running for over  
three weeks, and the few men were  
kept at bench work. Soon after the  
old company (the P. R. Cumming  
Manufacturing company) was installed  
in Renfrew, financial trouble made it-  
self apparent, and about two years  
ago a new company was founded.  
Alexander Barnett giving it the name  
and guaranteeing rent of build-  
ing to the town until November.  
It is gathered that the business con-  
tinuing and it is now clearing up  
affairs.

### Executed, Murdered, Wounded.

St. Petersburg, Oct. 18.—Police sta-  
tistics regarding terrorism occurring  
during the month of September, show  
that thirty-four persons were execu-  
ted, and 207 persons, including six  
officials, were wounded.  
Twenty-three persons were wounded in  
various affrays. The figures do not  
include the casualties in the anti-Jew-  
ish riots at Odessa, Rostov and Sim-  
feropol.

### Asked To Be Imprisoned.

Michigan City, Ind., Oct. 18.—After  
escaping from the state penitentiary  
in July, 1906, Allen J. Lawrence, La-  
pore, Ind., came back yesterday,  
and gave himself up. He said that he  
had become converted and wanted to  
finish his punishment for attacking a  
young woman. He will serve out his  
sentence with extra time for the es-  
cape.

### Serious Charge Against Officers.

Odesa, Oct. 18.—A crop of suicides  
is expected to follow the stranding of  
the Black Sea transport Pruthi, on  
Berezan Island. Drunkenness among  
the officers and crew is said to have  
caused the accident. Although the gov-  
ernment was not serious the govern-  
ment is much exasperated by incom-  
petency.

## A VERY PECULIAR ACTION

Skated Where Ice Had Been Cut and Parents  
Sue for Damages.

Brookville, Oct. 18.—An action was  
entered in the high court for unstated  
damages by Mrs. W. B. Pegnack,  
for Mr. and Mrs. W. B. Pegnack,  
Gananoque, against Mitchell & Wilson,  
contractors, of the Factory Town, for  
negligence resulting in the death of  
their daughter, Lucy Maud, on De-  
cember 15th last. The case is a pecu-  
liar one and the outcome will be  
awaited with interest, particularly by  
residents of Gananoque. On Decem-  
ber 15th last the young lady was down-  
ed while skating on some thin ice in  
front of the town in company with a

### A BANK FAILURE.

Hamburg, Oct. 18.—The old banking  
firm of Haller, Schel & Co. failed,  
yesterday, with liabilities, which, it  
is authoritatively stated, will reach  
\$7,500,000. The assets of the firm  
have not been ascertained as yet, but  
in banking circles the capital of the  
partners is declared to be \$2,200,000.  
Nearly a half million of the private  
bank in Hamburg are affected by this  
failure, but a number of them say  
their claims are adequately secured.  
The difficulties are the first to arise  
chiefly from connection with a  
mining company at Tepitz, Bohemia.

### A GREAT RAILROADER.

He is Head of the Great Wabash  
System.

President Joseph Ramsey, of the Wa-  
bash railroad, and one of the chief ad-  
ministrative officials in the Gould sys-  
tem of railroads was born in Pitts-  
burg on April 17th, 1850. Young  
Ramsey was given an ordinary public  
school education and graduated at the  
Western University of Pittsburg, where  
he studied engineering. He married  
Miss Laura Palmer on April 28th,  
1875. He first joined the engineer  
corps of the P. C. and St. L. R. R. in  
1869 and stayed there one year. He  
was chief engineer of the Pittsburg  
Southern railway from 1879 until  
1882. From 1881 until 1893 he was  
the general manager of the C. C. U. C.  
and St. L. R. R. known as in St.  
Louis, Mo.

Wheat and Barley at \$1 and Flax  
Above That.  
Fargo, N.D., Oct. 18.—North Dakota  
farmers are rolling in wealth. Out-  
side the famous Red River valley the  
actual yield was not so large this year  
as last, but it was taken off cheaply  
and the farmers are realizing heavily.  
Wheat is selling at more than \$1 a  
bushel at all stations in the state,  
and at some stations barley has al-  
ready reached that figure while flax  
ranges away above those figures and  
oats and corn are bringing higher  
prices than ever before in the history  
of the state.

### FARMERS GROW RICH.

Mr. Oakes, a lady of between sixty  
and sixty-five years, and well known  
in the vicinity of Athens, died Wed-  
nesday night at Oak Leaf.

### PITH OF THE NEWS.

The Very Latest Culled From All  
Over The World.

The closing session of the peace con-  
ference will take place at The Hague  
today.

Dr. Sheard, Toronto, has sent help  
to Okaville, to check the smallpox  
outbreak.

Toronto brewers have raised the  
price of beer on account of the high  
price of grain.

London liberals have decided not to  
make any nomination for the com-  
mons vacancy.

Rev. Dr. Gordon, Montreal, was  
elected president of the Baptist Asso-  
ciation of Ontario and Quebec.

The Michigan Central railway has  
pleaded guilty, as Windsor, in the  
matter of the Essex dynamite explo-  
sion.

A combine of athletes has been sug-  
gested in connection with the propos-  
ed trip of a Canadian team to Eng-  
land.

The liberals of Queensland and Sun-  
bury nominated Col. Hugh McLean,  
St. John, as their candidate for the  
commons.

Keir Hardie, writing of his tour  
around the world, condemns the spee-  
ch in land which he saw going on  
in Canada.

Distinguished members of the royal  
family will visit Canada in connection  
with the centenary of the landing of  
Champlain.

David Thompson, North Westworth's  
representative in the Ontario legisla-  
ture, is credited with a desire to en-  
ter federal politics.

Francis Day, Elgin, died as the re-  
sult, it is alleged, of a dose given  
him by a doctor from a bottle which  
was wrongly labelled.

The widow and family of Emanuel  
Medford, killed at Goderich last fall,  
were awarded \$2,700 damages from  
the Canada Foundry company.

Trooper Mulvey sent a telegram to  
Winchester, Wednesday, reporting his  
safe arrival in Glasgow. He is proba-  
bly at Oxford University now.

In Toronto, a petition is in active  
circulation, asking for the appoint-  
ment of a government commission to  
determine whether coal dealers have  
unlawfully combined.

The wooden steamer Case, of the  
Gilchrist fleet, was sunk, in a collision  
with the Pittsburg Steamship com-  
pany's steel steamer Mariaka, oppo-  
site Amberburg. The crew was saved.  
Inquiry of the post office department  
goes to show that the increased rate  
of postage on newspapers and periodi-  
cals in the United States has had  
the desired effect of cutting off tons  
upon tons of printed matter from  
across the border.

David Langford, the Renfrew peles-  
trian arrived back at Oshawa, at 10:40  
o'clock this morning, ten minutes be-  
hind schedule time. He left at 11:00  
o'clock on his way to Fort Hope. He  
is in fair condition in all respects, but  
his feet are in very bad shape. He  
had to stop at a farm house to have  
his feet washed, treated and his toes  
bandaged.

William Brown, Smith's Falls, a  
locksmen in the employ of the C.P.  
R., was struck in the face by the lever  
of a semaphore, which he was op-  
erating at Hochelaga on Sunday.  
Three of his teeth were knocked out  
and an ugly gash was inflicted on his  
face, from his chin to his nose.
