PANDORA
 Every Pandora thermometer is carefully adjusted and undergoes a practical test by heat—is proven correct before being sent out.
 The figures, which show the required degree of heat necessary for the successful baking of bread, cakes, pies, etc., are plainly inscribed in black on a white enamel surface, so that they are easily readable, even when the day is dull.
 If your local dealer does not sell the Pandora, write direct for free booklet.

CUPID BUSY AT PICTON

ONE OF THE VICTIMS A KINGSTON ENGINEER.
 Frost Hit the Remaining Crops Hard—Picton's Bees Are Lazy—Bread and Milk to Go Up.
 Picton, Oct. 22.—Cupid played an artful trick on Saturday evening, when a shot of his dart carried away one of the most popular young women of the town. Rev. W. A. Arnsperg, at ten o'clock, tied the knot which united Miss Thekla May Roblin, daughter of L. Roblin, and William Roy Mathewson, of St. Mary's. The groom was associated with A. Bristol & Sons, as a head clerk, and immediately after the close of the Saturday night shoppers, he and his fiancée visited St. Mary's Magdalene's rectory. The very nearest friends of the young couple knew nothing of the marriage until Monday morning, when on Mr. Mathewson's failure to report for work, it was learned that the happy couple had cleverly evaded all rice-throwing by leaving on the 6 a.m. boat. Mr. and Mrs. Mathewson have gone to Detroit to reside, he having accepted a position in that city.
 A wedding of much interest to Kingstonsians was that solemnized on Monday morning at the home of Mr. and Mrs. Abraham Huxey, when Rev. W. L. Armitage married Thomas J. S. Milne and Mrs. Rebecca Beddell, of Huron county. Mr. Milne is the well-known chief engineer of the Huron Bros' fleet, and is chief on the steamer Alexandria. He is a resident of Kingston, making his home on University avenue. After the wedding Mr. and Mrs. Milne left at noon on the steamer Alexandria.
 Jack Frost gave the death blow to all the remaining crops of the fields in a damaging frost that visited the county on Sunday night. Only the very hardiest products, as pumpkins and apples, survived. The loss to farmers, however, will be comparatively slight, as the corn has been about all harvested. The ransing factories, finished on Saturday night with tomatoes. A couple of the beans will run about two weeks longer on pumpkins, apples and beans.
 Town bakers are considering the question of raising the price of bread, because of the advance in flour. The council has been approached to help the by-law in regard to the size of a loaf of bread, the regulation size being a four-pound loaf. The bakers are willing to sell a three-pound loaf for ten cents, and a four-pound loaf for twelve cents, and to raise the price of the smaller size at the price would be cheaper for the consumer. The mill-mill also talk of advancing their prices from six cents to seven cents a quart.
 A unique feature of the Sunday evening service in the First Methodist church was that, made the year of late voices. This is one of the ideas of the new pastor, Rev. N. Emvov to induce fuller attendance of the sterner sex. A smooth, hence women alone will occupy the choir gallery.
 "Bury" cannot be applied to Prince Edward county boys. A prominent town grocer told the Whig to-day, there had never been such a scarcity of home-produced honey. None has been offered on the local market this season. Food stuffs are very high in price, due to scarcity. Very few eggs are being offered for sale, and are readily command 25c. a dozen. Butter is a scarce product at 25c. a pound.
 Mrs. Macdowell, of Ottawa, is visiting in town with her son, John Macdowell, accountant in the Standard Bank. Dr. and Mrs. A. Nugent, missionaries in Southern India, guests of Mr. and Mrs. J. H. Deane, left yesterday on the return trip to India after a year's furlough in Canada. Miss Fannie Nugent will remain in Picton to continue her studies at the Collegiate Institute. Mrs. Currie was the hostess on Monday of a smart afternoon function with Mrs. (Judge) Middlefield, of Owen Sound, as her guest of honor.

VERY GOOD HOME RECIPE.

Nothing Better.
 Rheumatism is easier to avoid than to cure, states a well-known authority. Every man, woman and child here should dress as warmly as possible, and, above all else, keep the feet dry. Avoid colds and exposure, and don't become constipated. Rheumatism is strictly blood disease, caused by inactive kidneys, which, through cold or exposure or improper diet, fail in their duty of filtering the rheumatic poisons from the blood. This poisonous waste matter, uric acid, oxalate of lime, ura, etc., if not strained from the blood promptly, decomposes and settles about the joints and muscles causing rheumatic disease.
 In damp or chilly cold weather the kidneys are made to do double work. The pores of the skin all over the body do not assist in eliminating the poisons of the body, throwing the work to the kidneys, which become clogged and feeble, thus causing not only rheumatism, but all forms of kidney troubles, backache, weak bladder, and urinary troubles, and sometimes terrible blood disorders.
 At the first sign of any of these troubles the following simple prescription should be mixed and taken in teaspoonful doses after each meal and at bedtime: Fluid Extract Dan-cuon, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.
 Any good pharmacy can supply these ingredients, and all the mixing required is to shake well in a bottle.

 Moved Spoor-Horne, and resolved, that these township accounts be paid: Mrs. L. W. Baker, postage, \$1.42; Spoor & Cosgrove, repairs for grader, \$10; Thos. Flynn, repairing sidewalk, \$3; Municipal World, amount of account, \$8.83; J. Hamer, repairing scales, \$27.35; J. Gallagher, inspecting scales, \$2.75; Mrs. John McCaul, charity to Norris, \$6; Mrs. Rawley, charity to S. Eccles, \$6; W. L. Allison, amount of account, \$2.00.
 Moved Spoor-Horne, and resolved, that a by-law be passed authorizing the reeve and treasurer to make a note to the Bank of Montreal for \$500 for current expenses until the taxes are collected. Council adjourned till the first Monday in November at 10 a.m.

Tieborne Tidings.
 Tieborne, Oct. 21.—F. J. Duffy's saw mill has been running for the past week, cutting shingles and lath. A number from here attended the convention in Kingston on Thursday last. Miss May Staffin left on an extended visit with friends in New York. S. Stinson has lost some valuable cattle with black leg. Miss E. Swerbrick has gone to Sydenham to learn dressmaking. Miss E. Morrison, who has been visiting her sister, Mrs. J. Moore, has returned to her home in Maberly.
 So, indeed was the death of Mrs. J. Hambley, which took place in Sudbury, on Tuesday last. Deceased had been ailing for a long time, but nothing serious was thought of it until a few weeks ago. Everything was done to stay the march of approaching death, but to no avail. The deceased was the second daughter of Joseph Harris, now of Halesbury, but formerly of this town. Her sunny disposition had won many friends. Besides her husband and three small children her father and mother, three brothers and three sisters, are left. A new station is being built here. Visitors: Miss M. Swerbrick spent Sunday at home. Mrs. Alonzo and Miss S. Kennedy, at T. McEwen's; H. Estian, at B. Smith's; Misses J. and G. McKeever, at A. Kennedy's; Mr. and Mrs. T. McEwen, Jr., at D. Hartman's; Sharbot Lake, R. Blair, at D. C. Stafford's; W. Jones, at A. Kennedy's; Mrs. J. Curri, at Mrs. Brown's; E. Dermott, at J. Kennedy's; Miss J. Bradshaw and Miss Sutton, at T. J. Duffy's; G. Swerbrick, Jr., at the "Elms".

Sydenham Evaporating House.
 Sydenham, Oct. 21.—Mr. Hurley, proprietor of the evaporating house, has very recently purchased land from Albert Blakely upon which will be erected the new evaporating works. Work will be commenced at once. Mr. Hurley intends giving employment to a large number of hands. J. W. Tromblade is laying down a new piece of granolithic walk in front of his residence and new store. Mrs. D. Hancock and family are going to move to her farm near Harrowsmith. Wesley Sills, on the sick list for a few days, is improving. Mr. and Mrs. Myers, of Tieborne, have moved to the village to make their future home. Hickory nuts are very plentiful this year. The groves are filled every afternoon with busy harvesters. H. Creighton is suffering from a sprained hand. John Hogan is also confined to the house from the effects of a cold. Mrs. George C. Tait's kind of a C. M. house. James Godfrey has settled down in his own house, after spending a year at Port Credit.
 Price of whiskey has been advanced. No use talking, the necessities of life are getting gradually beyond the reach of our poor men.

SOMETHING NEW

BRIDGE INFLUENZA DESCRIBED BY THE LANCET.
 Card Parties Excellent Media For Transmission of Winter Colds—Soiled Playing Cards Favorable Developing Ground For Bacilli.
 London, Oct. 22.—"There is little doubt that card parties are a frequent source of common colds, catarrh, and influenza," says the Lancet, which, following its custom of seeking out dangers that beset mankind in the common things of life, treats this week of the game of cards from a hygienic point of view.
 Setting forth the genesis of this newest thing in colds, the bridge influenza, the Lancet says:
 "Packs of cards which circulate for weeks of bridge parties, sooner or later get soiled by contact with the human hand. Prior to dealing some persons may even be caught moistening their finger tips with their tongues in order to facilitate the dealing-out process. The cards become discolored and get sticky, and thus form a favorable developing ground for microorganisms which are handed around over and over, and to partners and opponents, the game serving in this way as a very effective means of distributing insanitary materials."
 "The potentialities of an evil organism are encouraged by the heated and, as a rule, badly ventilated air of the closely-packed card party room. Under the physically vitiated conditions of a bridge card party the vitality of the human organism is soon lowered and the bacillus which is soon insinuates its way into the body and soon manifests its triumph in the form of catarrh and in the sore throat."
 "Bridge parties are, as a rule, excellent media for the transmission of winter colds and more or less serious influenza."

Irritation From Close Shaving.
 Many men are greatly bothered by a thin sensitive skin that breaks into a pimply rash when shaved too close. Poisonous festering matter is apt to work into these little pimples and keep up a powerful irritation. Nothing softens and soothes the skin like Dr. Hamill's Ointment. It's a wonderful comfort to every man, has a hundred uses, costs but 50c. at any drug store. Try it.
Death Of A Young Man.
 Charleston, Oct. 21.—W. S. Banta died at his home in Brooklyn, on the 9th inst., following an operation for a growth in the throat. Deceased was well-known here, having been a constant visitor for the past twenty-two years. Misses Julia, Nellie and Fanny Hudson have gone to Summit, N.J., to spend the winter. John Hudson has rented his farm to G. D. Leeder for 1908. Mr. W. J. Berry and children, Seelye's Bay, were visitors at Mrs. Johnson's last week. Master Johnnie Ward is visiting his mother at Charlevoix. A great many attended the funeral of Mrs. Oakes, at Oak Leaf, on Friday.
Be Ready For Colds.
 A hard cold so lowers the vitality that it takes the system a month to throw it off. These are danger periods when ailments more serious than colds get their start. Don't have colds; they can absolutely be prevented by prompt use of Wade's Cold Cure Tablets (Laxative). A cure also for LaGrippe, Headache and Constipation. In boxes, 25c. Sold only at Wade's Drug Store. Money back if not satisfactory.

Clarendon Station News.
 Clarendon, Oct. 21.—William Barr is erecting a new barn. Rev. C. A. Jones and John Campbell have returned to their homes in Kingston. Ambrose Bowles has gone to Halesbury. Jos. Lafrenere, of Watertown, N.Y., is renewing acquaintances here. J. H. Cannon and wife have returned from New York. Thomas Kirkham went to Montreal, on Saturday. Jacob Lake, John O'Neil, E. Donnelly and Daniel Hughes captured a good string of fish at Crotch Lake. Partridge are very rare and sport shooting there is a thing of bygone days. Rev. William Halpeny of Sharbot Lake held service here on Sunday. There was a good attendance.
 Pain anywhere, pain in the head, painful periods, Neuralgia, toothache, all pains can be promptly stopped by a thoroughly safe Little Pink Candy Tablet, known by Druggists everywhere as Dr. Shoop's Headache Tablets. Pain simply means congestion—undue blood pressure at the point where pain exists. Dr. Shoop's Headache Tablets quickly equalize this unequal blood pressure, and pain immediately departs. Write Dr. Shoop, Racine, Wis., and get a free trial package. Large box, 25c. All druggists. James Hudson, Glasgow Station, was killed in McNab township, on Saturday night. He was engaged in driving a traction engine to the farm of William McComb, when the engine went through a bridge over a gully about sixty-five feet deep. The unfortunate man was carried down with the engine and pinned beneath it, causing instant death. Blackheads, blotches and pimples are caused by the improper action of the bowels. Hollister's Rocky Mountain Tea regulates the bowels, makes your complexion clear and beautiful, gives you that healthy look. 35c. Tea or Tablets. Mahood's Drug Store.
