THE SPORT REVIEW

THE LOCAL RUGBY TEAMS ARE ALL BUSY.

Ottawa Collegiate Team to Play Here Saturday—City Baseball League Shield—Medals For Y. M. C. A. Road Race.

Queen's III are working hard for their game on Saturday in the first round of the junior intercollegiate rugby series. The "Indians" have an abundance of material out for every practise and are working well. Capt. Sweezy is keeping good tab on his men and is getting a little system. There have been some husky men out at work this year for third team honors, but many of them are new at the game.

Queen's I were out at the athletic grounds on Tuesday afternoon, and were put through a good, stiff hour's work by Coach Crothers. This team is making rapid strides day by day and should be in good trim for Ottawa College next Saturday. A little more ginger into the wing line, and a little tightening on the half-back line, so that so loose a game will not be put up, would help greatly.

Cadets And Collegiates.

Cadets II are not saying much about the game, but they are working faithfully every day and are going to do their best to trim Queen's Indians on Saturday. The boys are at work every day under the instruction of men who know the game and know every trick of it. Capt. Carson, of the senior team, is also keeping his eyes on the youngsters, while on the field.

The collegiate team report themselves in fine shape for their contest on Saturday, when Ottawa Collegiate come up here for the return game. The boys have suffered the loss of Capt. Mundell, but have been working all the harder since, and hope to be able to give the boys from the capital a worse licking than they did before.

Queen's II team will, in all probability, go to Montreal with the seniors and play in the morning. This bunch stand a very good chance to win out, if they just hold themselves and keep at work.

City Baseball League.

A number of the city baseball league players have been asking as to when a meeting would be held to wind up the affairs of the season, and as to the presentation of a shield to the Victorias, who won out in the league. It is understood the delay has been caused by the absence from the city of Secretary Welch. It will be remembered, however, that a meeting was called for this purpose a short time ago but that there was a quorum.

Yachts In Winter Quarters.

The yachts that have spent the summer moored along the water front are nearly all drawn in to winter quarters, where most of them will receive an overhauling and be in readiness for next summer. Many new crafts will be built this winter, quite a number of people building their own boats during their spare time. Many have already started the task and report it an excellent pastime.

For The Road Race.

The medals for the road race to be conducted by the Y.M.C.A., Thanksgiving day, have arrived. This race is for the members of the boys' department, and will be a sealed handicap, for a distance of two and one-half miles.

Montreal View Of Queen's.

Montreal Herald.

The Queen's captain, Turner, is a Hamilton player, and though young and light, he is so well thought of in the Ambitious City that the executive of the Tigers sent representatives down here to urge him to go to Hamilton to play against Montreals. Naturally, Turner refused, and his reward was his election to the captaincy.

Turner justified expectations in every respect, and Williams, once the responsibility was lifted from his shoulders, fulfilled the claims that were made that he was one of the most gifted half-backs in Canada.

A great deal of credit must be given to Williams. He punted splendidly, and his punts, while high and long, were usually twisters—the kind most difficult to keep from slipping through one's hands. On one occasion he kicked a drop-goal from thirty yards with the McGill wings seemingly on him. It was a perfect drop, and was taken under most difficult circumstances when it seemed almost impossible to make the points.

Queen's game was, after their confidence in Williams had been restored, to get the ball to him and let him boot it.

Not since the days of Hardisty, who was, according to such a veteran as "Eddie" Gleeson, credited with being the longest punter that ever played rugby in Canada, has better punting been seen than that of Williams on Saturday.

Williams has still much to learn of inside rugby, but so far as kicking goes, he is a winner. If he had had the generalship of "Jack" Counsell or "Eddie" Gleeson, he could have easily, after one of his high, long punts, put all his team onside. In place of doing this he remained stationary until the ball dropped, in place of plunging forward as soon as the pigskin left his boot.

General Notes On Sport.

Toronto Star: However, it wasn't as bad as what Queen's did to McGill. Longboat is willing to run against Shrubb's time from Oakville to Toronto, but the professional imposes a lot of conditions which the Indian cannot fulfil.

So well are Burns' chances against Longboat thought of in Calgary that the citizens of that town are subscribing a purse to send their man east for a meeting with the "Big Chief."

Nothing daunted by their defeat on Saturday by Ottawa College, Varsity are determined that they will make the strongest kind of a bid for the intercollegiate rugby championship.

A rugby match against the University of Vermont is being arranged on the Montreal A.A.A. grounds by the Montreal committee, who thinks that it will be a good opportunity to show the American college the Canadian game.

The secretary of the Swedish legation at Washington, A. Ekengren, cabled to the Royal Swedish Yacht Club, yesterday, to the effect that the New York Yacht Club certainly would not accept a challenge for the America's cup with a seventy-footer.

Toronto World: The rugby season is now well under way, and it looks as if Toronto will hardly land a championship. Montreal has a long lead in the Interprovincial, as also has Ottawa in the College League. Varsity's play was so bad Saturday, that nothing but defeat could be expected, while the Tigers' improvement warranted the downfall of the Argonauts.

STORY OF POLICE COURT.

Three Offenders in the Line-Up To-Day.

There were three offenders in the line-up at the police court, this morning.

Thomas Burns, a well-known character in police circles, was again in the toils. When the magistrate asked "Tom" why he was in court, he did not answer, but to himself he said, "I'm here because I'm here." Yesterday afternoon he was very drunk, and had to be taken in charge by Constable McAdoo.

When arraigned before the court, he begged hard for a chance, stating that he would leave Kingston forever, and that the court would never see him again. It was no go with the magistrate, and a fine of $3 and costs, with the option of twenty days in Castle Corbett, was imposed. The magistrate also told Burns that another term was in store for him if he did not change his ways.

John Dear, who gave his address as Verona, was the second offender. Dear worked in a mica mine for a short time, and then was given a job digging potatoes on a farm. Then he took to drink, and thus his presence in court. Constables McAdoo and Timmerman ran across him while on their rounds yesterday. He promised the magistrate that he would go to work, and he was given a chance.

Thomas Rush, old and feeble, and without a home, was sent to jail for three months. Rush is a war pensioner. He has been staying at the House of Providence, but his love for whiskey has got him into trouble on several occasions. He was drunk yesterday, and was gathered in by Constables Arniel and Timmerman.

MARINE NEWS.

The Items Gathered About the Harbour.

The schooner Bertha Kalkins cleared for Oswego.

The schooner Acacia will clear tonight for Oswego.

The steamer Algonquin arrived at Richardson's to-day, with 70,000 bushels of wheat.

The steamer Haddington, from Montreal to Fort William with packet freight, was in the dry dock yesterday having a new wheel put on. The steamer left on her way west, late last evening.

At M. T. company's elevator: The steamer Westmount and consort Ungava, arrived from Fort William, with 160,000 bushels of wheat; tug Bronson cleared for Montreal, with three grain-laden barges.

Swift's: The steamer Aletha did not get away till midnight, Tuesday, on account of the bad weather; the steamer Dundurn was due here from Montreal, on Thursday last, but has not yet put in an appearance; steamer Hamilton, west, to-day; the steamer Belleville, down, to-day; tug Harrison and barge Parry Sound cleared last night for Georgian Bay.

AN ORGAN RECITAL.

Was a Pleasing Event on Tuesday Night.

One of the best organ recitals ever held in a local church, took place at the First Congregational church, last evening. A large number of the congregation and their friends were present. The best local talent took part in the programme which was greatly enjoyed by all present. Robert F. Harvey rendered three beautiful organ solos. "The Triumphal March" being exceptionally fine. Mrs. J. C. Villiers and K. Hendry rendered two duets, on the organ and piano, which were enjoyed. Mr. Hendry is a visitor to the city, and his playing has been greatly admired, by all who have had the pleasure of hearing him. Miss Mae Hinckley sang "When I Survey The Wondrous Cross," in excellent voice, and the singing of the quartette, Misses Massie and Macmorine, and Messrs. Roughton and Lowe, was of the finest.

Quite a neat little sum was realized from the silver collection, in aid of the church. Mrs. J. C. Villiers, wife of the pastor, was mainly responsible for the pleasant entertainment and deserves credit for the work.

NO LIQUOR MEETING.

Many Signatures on Petition For Local Option.

The meeting called for at the Y.M.C.A., last night, to discuss local option, and the liquor question, did not materialize. Only four people had arrived for the meeting by 8.30 o'clock, and it was found necessary to call it off. It is expected that another meeting will be called in a few days. Elijah Purdy, who has been placing the petition for local option before the people, was among those present. Quite a good canvass of the city has already been made, and the petition has now many signatures.

FROM QUEEN'S HALLS

PREPARATIONS BEING MADE FOR THE PARADE.

Dramatic Club to Rehearse "Richard III."—The Theological Students Arriving—Engineering Society Elections.

One of the most interesting events of the week will be the annual election of officers of the Engineering Society, which takes place on Friday afternoon in the engineering building. Prof. R. W. Brock has been elected honorary president by acclamation, and the nominees for several of the most important offices are as follows: President, F. Stidwill, R. O. Sweezy; first vice-president, J. H. Marshall, W. M. Harding; secretary, C. W. Drury, C. U. Peeling; senior judge of concursus, F. L. Sine, M.A., D. W. Richmond; junior judge, E. L. Bruce, A. L. Young.

A considerable proportion of the thological students have arrived in view of the matriculation, supplemental and B.D. examinations, which open on Monday.

The second round of the tennis tournament is nearing a close. Those who are yet in the running for the championship are: McKiel, Black, Dyde, Dobson, Macdonald, Lossee, Platt and Lockett. The following are yet holding their own in the doubles: Platt and Livingston, Black and McKiel, Polson and Malloch, Jennet and Henry.

Gymnasium classes are now being held regularly and the attendance continues to increase.

Elaborate preparations are being made for Saturday evening's parade. Special meetings to arrange for the event are being held by the various years of the several faculties, each of which aims at having the most imposing display of the entire procession.

The first issue of The Queen's Journal is being published this week and is very much in demand, especially among the freshmen.

At a meeting of the Dramatic club executive on Monday afternoon, the choice of a play for the annual Shakespearian performance was reconsidered and "Richard III" was selected in preference to "Much Ado About Nothing." The first rehearsal of act one, scene one, took place yesterday afternoon, when there was revealed some very promising talent.

The Male Glee club, the Mandolin and Guitar club, and the Students' orchestra are practising regularly in Convocation Hall. It is not improbable that the tour, which was dispensed with at the eleventh hour last session, will be held this year. The proposed route included several towns west of Kingston, such as Belleville, Napanee and Cobourg.

The various football teams are practising hard for next Saturday's matches and, judging from the style of play at the daily work-outs next Saturday, should be a repetition of last Saturday, as far as Queen's visitors are concerned. The first team are becoming accustomed to their respective positions and the aggregation is in deed well balanced. In all probability Gallagher, the Goliath from Ottawa, who figured in the latter half of the Queen's-McGill game will secure for himself a permanent place in the scrimmage.

The new medical building will be ready for occupation ere long as the interior alone remains to be completed. Although disparaging remarks concerning the site are frequently heard, the edifice itself ranks among the most stately and substantial on the university grounds.

Representatives of the college Y.M.C.A. are, as in previous sessions, taking charge of the afternoon services at the House of Providence, and in the public wards of the General Hospital.

"Where Humanity Fails," will be the subject of discussion at the weekly meeting of the Y.M.C.A. on Friday afternoon. M. Y. Williams, '09, will contribute a paper on this topic.

Rev. T. E. Burke leaves, to-day, for Toronto, and while in the Queen City will seek an interview with the premier, regarding the sale of liquor in Kingston, on the Sabbath. Rev. Mr. Burke turned out to the liquor meeting called at the Y.M.C.A. last night.

Long In Rebuilding.

It is expected that the Clarence street block of road, which has been in course of rebuilding for the past four weeks, will be completed by Saturday evening. That thoroughfare has been blocked long enough. The board of works chairman says it will be completed in a few days if the necessary stone is furnished.

Dance At Barriefield.

One of the best dances ever held in Barriefield, was that given, last night, in the town hall. About fifty couple were in attendance, and dancing was indulged in until an early hour, by a merry crowd. An excellent programme of music was given by Crosby & O'Connor's orchestra. Messrs. B. McKane and N. Stanton were in charge.

Died At Sydenham.

At Sydenham, on Tuesday morning, John Wood, aged sixty-nine years, passed peacefully away. Deceased was an old resident and was respected by all who knew him. He was well-known in the city and vicinity for his kindly nature and courteous manner. He leaves two sons and one sister, Mrs. Carscallen, of this city, to mourn his loss.

Gave Good Exhibition.

The El Rey sisters, of New York, gave another exhibition of fancy and trick roller skating at the rink, last evening, before nine hundred people, gathered there to witness the best performance on roller skates ever seen in this city. These two children, aged ten and seven, are really wonderful in their performance; they were never on skates till October, 1906, and inside of two weeks they were giving performances on the stage with one of America's foremost actresses. The sisters left, to-day, for Ottawa.

Margie Adams Young Coming.

"A Broken Heart," the comedy drama with which the Youngs open their three nights' engagement at the Grand, On Thursday, is a play of human heart interest, interspersed with a fine line of comedy, and is one of the best plays ever seen at popular prices. At each performance specialties will be introduced by Verona, the transformation dancer; the De Mateos, handcuff experts; Conlin and Stanffer, knockabout comedians; C. K. Morse, tenor, and the latest moving picture films and illustrated songs. For Thursday night, one lady's ticket given free with every twenty-five-cent ticket purchased before six o'clock.

MAY BE A LAWSUIT

Over the Accident at the Cataraqui Swing Bridge.

There may be a lawsuit over the collision between the Cataraqui swing bridge and the steamer Wolfe Islander. It cannot be easily determined just who is to blame for the mishap. It is claimed that the swing bridge was fully open when the accident occurred. The steamer Pierrepont, which was towing the Wolfe Islander, had passed through all right, before the collision. The Pierrepont is seven feet narrower above the hull than the Islander. The Wolfe Island council, the Cataraqui Bridge company and the bridge lessee, Mr. Bowman are all interested, the latter suffering quite a loss in tolls by the bridge being out of order, particularly on a busy Saturday.

COMPLETED ARRANGEMENTS.

For Queen's Alumni Conference Next Month.

At a meeting of the programme committee, held yesterday afternoon, at the home of Rev. Dr. Macgillivray, arrangements were completed for the holding of a conference in old Convocation hall, from November 4th to 8th. Among those who will give addresses on this occasion are Rev. George Jackson, Toronto; J. Macdonald and J. F. McKay, of the Globe. Mr. McKay will take as his subject, "The Making of a Modern Newspaper." The conference will be a most interesting and helpful one, and a splendid session is being looked forward to.

POLICE PULLED OFF

WHEN THEY TRIED TO ENFORCE LIQUOR LAW.

They Were Given No Encouragement—The Commissioners Could Give Them Instructions to Proceed in the Future.

Can the police aid in enforcing the liquor license law? is a question that has been much asked, this week particularly. It is well-known that for some years they have made no effort in that direction. There was a time when they did take a hand in summoning tavern keepers who violated the law, but that time is nigh forgotten.

It was in the year 1899 that the police were making things warm for some people, and they were halted with a jerk. They must not be so enthusiastic in enforcing the law, they were told. It was the same in regard to gambling. They must just wink at it. It is recalled that threats were made to more than one policeman for his exertions against tavern keepers who were selling illegally. One was warned that he would lose his job if he persisted; the other was given no thanks for his endeavors to work up cases against the law-breakers. Many a time ex-members of the police force have declared that they were "pulled off" various cases, and told by those in authority that they musn't proceed. Hence the policy to leave the taverns alone has continued to be carried out by the present policemen, who look to the inspector to do all the work necessary.

The police can work up cases in regard to illegal liquor selling if they desire, so long as they are privileged to do so. The old custom was to report to the chief of police who, in turn, reported to the inspector. If the case was considered good, it was proceeded with. The police then complained that they got no credit for what they did. The police commissioners could give the police necessary instructions.

GRAND OPERA HOUSE.

Production By Compton Company, of Kingston.

The Compton Comedy company, of Kingston, appeared at The Grand Opera House, last evening, before a good audience. The members of the company were well up in their allotted parts and did their utmost to please. The first piece presented was entitled "A Romance In Reality," in which W. H. Compton, as "Milky White," did some clever work; Beresford Lovett, "Archibald Good," the doctor, was amusing in his efforts to cure "Milky White" of his deafness and also to prove his love and affection for "Annie White." Mrs. W. H. Compton did her part well. Miss Rose Compton, as "Annie White," sang two pretty songs, which were greatly appreciated.

In the second part, a serio-comic play, "The Chimney Corner," was given in a manner to delight all present. W. H. Compton took the leading role and gave a very clever interpretation of his piece. Beresford Lovett, as "John Probity," showed up well in his difficult role. Mrs. W. H. Compton and Miss Annie Compton gave valuable assistance in the carrying out of the piece. Altogether the company were successful in their endeavors to entertain those in attendance.

Nothing further has been learned concerning the body of the unknown man found in the harbor, on Sunday, so the remains will be buried, to-day, at the city's expense. This is likely another of those mysterious deaths that will never be cleared up. Everything possible has been done by the coroner and his assistants, but all to no avail.

J. Alexander, a prominent resident of Consecon, met with a terrible death on Saturday. He was drawing ties, and when seated on the load the ties began to slip, and he fell off, the load falling on him. He was also crushed by the front wheel, which passed over his neck. Before a doctor arrived he had bled to death.

WORMS

"I had for years suffered from what medical men called Dyspepsia and Catarrh of the Stomach. In August I purchased a box of Cascarets and was surprised to find that I had 'em—yes, a wiggling, squirming mass left me. Judge our doctor's surprise when I showed him thirty feet, and in another day the remainder about the same length of a tapeworm that had been sapping my vitality for years. I have enjoyed the best of health ever since. From this testimony will appeal to other sufferers."

HOMESTEAD REGULATIONS.

Any even numbered section of Dominion Lands in Manitoba or the North-West Provinces, excepting 8 and 26, not reserved, may be homesteaded by any person the sole head of a family, or male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Application for homestead entry, must be made in person by the applicant at a Dominion Lands Agency or Sub-agency. Entry by proxy may, however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

An application for entry or cancellation made personally at any sub-agent's office may be wired to the Agent by the Sub-agent, at the expense of the applicant, and if the land applied for is vacant on receipt of the telegram such application is to have priority and the land will be held until the necessary papers to complete the transaction are received by mail.

In case of "personation" or fraud the applicant will forfeit all priority of claim or if entry has been granted it will be summarily cancelled.

An application for cancellation must be made in person. The applicant must be eligible for homestead entry, and only one application for cancellation will be received from an individual until that application has been disposed of.

Where an entry is cancelled subsequent to institution of cancellation proceedings, the applicant for cancellation will be entitled to prior right of entry.

Applicant for cancellation must state in what particulars the homesteader is in default.

A homesteader whose entry is not the subject of cancellation proceedings may, subject to the approval of Department, relinquish it in favor of father, mother, son, daughter, brother or sister if eligible, but to no one else, on filing declaration of abandonment.

DUTIES—A settler is required to perform the duties under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity such homesteader may perform his own residence duties by living with the father (or mother.)

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowance crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the Agent for the district of such intention.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

SYNOPSIS OF CANADIAN NORTH-WEST MINING REGULATIONS.

COAL—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

QUARTZ—A person eighteen years of age or over, having discovered mineral in place, may locate a claim 1,500x1,500 feet.

The fee for recording a claim is $5. At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the locator may, upon having a survey made, and upon complying with other requirements, purchase the land at $1 per acre.

The patent provides for the payment of a royalty of 2½ per cent on the sales.

Placer mining claims generally are 100 feet square; entry fee $5, renewable yearly.

An applicant may obtain two leases to dredge for gold of five miles each for a term of twenty years, renewable at the discretion of the Minister of the Interior.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles. Rental $10 per annum for each mile of river leased. Royalty at the rate of 2½ per cent collected on the output after it exceeds $10,000.

W. W. CORY,
Deputy of the Minister of the Interior.

Mark Twain On Advertising.

Success.

"It pays to advertise," said Mark Twain at a recent banquet. "When I was editing the Virginia City Enterprise, writing copy one day and mining the next, I tried to force this truth home in many ways. One day I received a letter from a subscriber saying he had found a spider pressed between the pages of his paper, and he wanted to know was this good or bad luck? I replied to him in our Answers to Correspondents' column as follows:

"Old Subscriber,—The finding of a spider in your copy of the Enterprise was neither good luck nor bad. The spider was merely looking over our pages to find out what merchant was not advertising, so that it could spin its web across his door and lead a free and undisturbed existence forever after."

Hope Beyond.

A physician at a popular health resort was looking over his books one day, comparing his list of patients. "I had a great many more patients last year than I have this," he remarked to his wife. "I wonder where they have all gone to?"

"Well, never mind, dear," she replied, "you know all we can do is to hope for the best."
