Cidney Troubles

Vegetable Compound is Espeil in Curing This Fatal

hich disdisli had suffered for years with what the doctor called kidney trouble and congestion of the female organs. My back ached dreadfully all the time, and I suffered so with that bearing-down feeling I could hardly walk across the room. I did not get any better, so decided to stop doctoring with my physician and take Lydia E. Pinkham's physician and take Lydia E. Pinkham's Vegetable Compound and I am thankful to say it has entirely cured me. I do all my own work, have no more backache and all bad symptoms have disappeared.
"I cannot praise your medicine enough, and would advise all women suffering with kidney trouble to try it."
Mrs. J. W. Lang, of 626 Third Avenue,

New York, writes: Dear Mrs. Pinkham :-"I have been a great sufferer with kidney trouble. My back ached all the time and

I was discouraged. I heard that Lydia E. Pinkham's Vegetable Compound would cure kidney disease, and I began to take it: and it has cured me when everything else had failed. I have recommended it to lots of people and they all praise it very highly." Mrs. Pinkham's Standing Invitation Women suffering from kidney trouble, or any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. The present Mrs. Pinkham is the daughterin-law of Lydia E. Pinkham, her assistant

before her decease, and for twenty-five years since her advice has been freely given to sick women. Out of the great volume of experience which she has to draw from, it is more than likely she has the very knowledge that will help your case. Her advice is free and always
