Bowel Troubles

Liver pills, cathartics, mineral waters, often make Constipation worse. They merely irritate the bowels and force them to move—stop taking purgatives and the bowels become "tight" again.

"Fruit-a-tives" are the one certain cure for Constipation

because their action is upon the liver. "Fruit-a-tives" are a liver tonic. They stimulate the secretions of bile by the liver, this bile causes the bowels to move in the natural, regular way and completely cures Constipation. "Fruit-a-tives" are fruit juices with tonics and antiseptics added. In "Fruit-a-tives" one atom of bitter replaces one atom of sweet in the fruit juices, forming a new compound which is many times more active, medicinally, than the fruit juices could possibly be. soc. a-box—\$2.50 for 6 boxes. None need suffer with Rheumatism.

It makes one think that perhaps some people WANTED to have Rheumatism. Because they want to take Bu-Ju. Now, isn't it a fact that there are a lot of people in your neighborhood who say "Bu-Ju completely cured me of Rheumatism." When you read their letters; the agony they suffered with Muscular and Inflammatory Rheumatism, Sciatica and Lumbago; how they tried remedy after remedy without relief, and then found health in Bu-Ju, you will wonder how people will go on having Rheumatism when they can cure themselves at home.

Bu-Ju The Gentle Kidney Pill

ST. CATHARINES, ONT. "Who living person can realize what I suffered with Rheumatism for five years. The disease completely incapacitated me, and left me in a wretched condition. After all else failed, I began the use of Bu-Ju, when I soon found relief. After using a few boxes, I found I had recovered my strength, and after less than six boxes had been taken, I left me a man, a man of the old age. I believe Bu-Ju to be the best medicine on record for Rheumatism."

So confident are we of the powers of Bu-Ju, of its unfailing success in coping with cases that have baffled even the best physicians, that we guarantee Bu-Ju will cure you or your money will be refunded. bluffs, and furnishes a most desirable summer resort. Still another five miles, and we find New Liskeard, a flourishing town of 4,000 inhabitants, situated on the north end of Lake Temiskaming, a most beautiful sheet of water, eighty miles in length. All along the line, as far as the steel is laid, the government is building splendid public roads, opening up the country for settlers, rapidly swarming in, seeking new homes in this beautiful country which will be long the Eden of Canada.—MRS. DANIEL HUGHES.

THREE ADMIRALS.

Of Three Different Countries With Common Characteristics.
Paris, Oct. 23.—Vice Admiral Germinet, who was only promoted from the rank of rear admiral a few days ago, has been appointed to the command of the Mediterranean fleet. His present appointment is the most important command in the French fleet without precedent in the last fifty years. It is part of the policy of M. Thomson, the minister of marine, to give the high commands to the younger men, in order to assure a more energetic direction at the manoeuvres, and also to give the squadrons the advantage of receiving the durable influence of an able commander, whose age will not allow him to continue in the post for some years.

The conventional idea that the senior in rank should be promoted at most automatically is now openly disowned. The appointment of Vice Admiral Germinet to the command of the French Mediterranean fleet, completes a trio of admirals who, by a remarkable coincidence, resemble each other, not only in facial appearance but in personal character. They also command three of the most powerful fleets in the world. The other two are Admiral Lord Charles Bessford and Rear Admiral Evans, who is known as "Fighting Bob" Evans, of the American navy. Lord Charles will be in command during the great British manoeuvres, beginning on October 14th, when his warships will comprise the Channel and Atlantic fleets, the Norse division of the home fleet, and an additional cruiser squadron. Rear-Admiral Evans commands the American battleship fleet which is about to proceed from the Atlantic to the Pacific coast.

ARISTOCRATS FAVORED

Denied Confirmation Because He Was Poor.
Berlin, Oct. 23.—An extraordinary story of caste prejudice and narrowness is reported here. The other day there was a confirmation service at the old garrison church, which is largely attended by the aristocratic or so-called "Junker" classes, and the candidates for confirmation were the young lords who could write "Von" before their names and one other boy who was only "burgerlich." The son of a door-keeper in the ministry of justice, named Ahleit, and the candidate for confirmation were the young lords who could write "Von" before their names and one other boy who was only "burgerlich." The son of a door-keeper in the ministry of justice, named Ahleit, and the candidate for confirmation were the young lords who could write "Von" before their names and one other boy who was only "burgerlich."

Received Order For Arrest.
Tangier, Oct. 23.—Caid Abdullah El Gerguri and 100 horsemen have arrived from Morocco City, bringing dispatches for the governor of the town, Si Hassan Ben Hamdunia, and for the custom house administrators from Mulai Hafid. The dispatches were opened by the governor in the presence of the administrators, the caids and the principal notables. The governor proceeded to read the first document aloud, when the paper dropped from his hand, for it contained an order for his own arrest. Caid El Gerguri stepped forward with some of his horsemen and seized the governor. On the same evening he was sent heavily manacled, to Morocco City under escort.

LETTERS TO THE EDITOR.

Correspondent Tells of Eden of Canada.
Oso Station, Oct. 21.—(To the Editor): Having visited New Ontario during August, for the benefit of others, who have not been there, I feel it a duty, as well as a pleasure, to write a few lines concerning that country. Before leaving home I had made up my mind that I was going to see a vast wilderness, with the railway running through it, but was most agreeably surprised to see beautiful villages springing up, as if by magic, all along the railway. Of course, people who have not gone up to the Temiskaming and Northern Ontario railway farther than Cobalt have not the slightest idea of the beauty of the country. There is an abundance of wild fruit of the finest quality: strawberries, raspberries, gooseberries, and blueberries. As a farming country, everything that is sown and cultivated thrives, but few people, as a rule, turn their attention to farming; ready money is too plentiful. All along the line there is the best accommodation for travellers in the different villages. Argenteuil is a very small village, but rapidly increasing, and will, ere long, be a splendid business centre. Five miles further on is Haileybury, was dispensed in the Presbyterian church on Sunday by Rev. W. A. Guy. Quite an exodus occurred yesterday, when the boys left for Cobalt.

It matters not, for we have SHOES for every member, from the little toddler who must have Spring Heels to the good sturdy ones for the head of the house. We are careful to see that they are of proper material and correct in shape and fit; while the important point—service—is always our care. This fall we are showing very natty Gun Metal Blucher at \$3.00, American made For Men, we have the sole sale in Kingston of the Men's "Belmont" Shoe in all leathers at \$4.00. This is an American brand, and, of course, up-to-the-minute in style. We consider this shoe the strongest line in the city at the price, \$4.00.
