CANALS BUSY

Traffic Has Increased Rapidly on Them.

RAILROADS BUSY

DOING MORE TRADE THAN EVER BEFORE.

Canadian Trade Commissioners—As Such Will Dominion Commercial Agents Abroad Be Known in Future.

Ottawa, Oct. 25.—As evidencing the general prosperity of trade and industry the amount of freight handled by the railway and other transportation companies in the past few weeks has been greater than at any previous period in the history of the Dominion. The extensive railway construction operations at present in progress or projected will ensure employment to tens of thousands of work people for some time to come, several large contracts being withheld until facilities for carrying out the work have been increased.

The department of railways and canals reports that during the past ten years the traffic through canals has increased much faster than that on the railways.

An order-in-council has been passed by which the principal Canadian commercial agents abroad will hereafter be known as Canadian trade commissioners so as to avoid the confusion which at present arises between the regular government agents and agents of individual business houses who frequently assume the title of Canadian commercial agents as a means of gaining business.

The report of the department of inland revenues for the last fiscal year (nine months to March 31st) is issued. The revenue was \$12,096,930, as compared with \$11,435,642 for the preceding twelve months. The quantity of spirits produced was 5,961,389 proof gallons. All Canadian whiskey has to be kept in warehouse two years before it can be sold. At the beginning of this year 17,034,420 proof gallons were in warehouse under the supervision of excise officers. In the nine months 398,244 gallons were exported, as against 277,905 gallons in the preceding twelve months. The foreign demand for Canadian distillery products is steadily increasing.

The average quantity of tobacco taken for consumption during the past four years was 13,999,639 pounds; for the last nine months the total was 12,101,674 pounds, a substantial increase. The number of cigars taken for consumption was 154,253,360, as against 182,178,436 in the preceding year. The annual consumption per head of spirits was 947 gallons, as against 861 beer, 492 gallons (no increase), and tobacco, 2,953 pounds, as against 2,777 pounds.

The report of the postmaster-general for the fiscal period of nine months, ending March 31st last, just issued, gives Montreal's revenue as \$77,691; St. John's, \$78,596; Brantford, \$37,328; Guelph, \$29,226; Kingston, \$32,231; Peterboro's, \$26,172; Windsor's, \$25,194; Woodstock's, \$17,537; Toronto, \$118,613; Stratford's, \$16,243; Sarnia's, \$14,824; St. Catharines, \$19,325; Brockville's, \$23,970; Berlin's, \$20,490; Belleville's, \$15,637.

Fort William, Ont., Oct. 25.—The advance guard of the Doukhorbor pilgrims, searching for the Messiah, have left Ignace on the way to Fort William. The party consists of seven, six men and one woman. The party camped for the night about twenty miles east of there. The members of the party all appear to be in good shape and should reach here the first of next month.

VIGOROUS ACTION

Has Put the Stock Exchange on Firm Basis.

New York, Oct. 25.—The removal of abnormal and all but unprecedented conditions from the money market was the principal accomplishment, yesterday, of those bankers who are exerting their utmost endeavors to restore financial conditions to a sane and normal basis. A syndicate of Wall street banks, headed by J. P. Morgan & Co., placed \$20,000,000 in a lump for loan on stock exchange collateral. This action was taken at a critical time. The money was snapped up within five minutes, but more was then offered and after the close of the exchange call money was offered abundantly at six per cent. The great difficulty, left over from the preceding day, when effective measures for trust companies relief were taken, was thus relieved.

The Trust company of America got \$9,000,000 worth of pounding during the day, but came up smiling at the end. Between \$10,000,000 and \$12,000,000 was paid out on Wednesday, making a total, so far, of \$21,000,000. To-day is expected to see the end of the run.

WILL NOT AGREE

To the Demands of the Union For Recognition.

London, Oct. 25.—A step which apparently increases the probability of a general strike of railway employees in Great Britain, has been taken by the Great Eastern railway company. The chairman of the company has issued a "long" explanatory statement, the kernel of which is the coming of a new absolutely refuses the union's demands for recognition. This is the point on which the trouble turns. The statement intimates that the other railway companies have made the same decision.

A DOCTOR'S MISHAP

HAS HAZY VISIONS OF HIS BRIDE IN GREEN.

Fashionable Young Physician Declares He Was Kidnapped While Intoxicated.

Pittsburg, Oct. 25.—Declaring his only recollection of anything that took place is a hazy vision of a woman in green, Dr. Clinton Kane, of this city, is at Youngstown, Ohio, trying to find out particulars of his marriage to Mrs. Katherine McCoy Gulick, the divorced wife of R. M. Gulick, a millionaire theatrical manager of this city.

The couple were married at Youngstown, October 4th, by the Rev. S. F. Whistler, and to-day, Dr. Kane sought the minister for particulars. To him he declared that he was intoxicated at the time of the wedding, that to the best of his knowledge and belief, he was kidnapped, and that he will institute proceedings for divorce immediately. His wife, he says, is in Philadelphia.

Dr. Kane is a young physician of this city, with a fashionable practice and lives at the Hotel Schenley. He met Mrs. Gulick in the union took two days before. She was attired in green from head to foot, which costume, it is said, she wore on the day of the wedding.

TO JAIL FOR CONTEMPT.

Used Union Cigar Label After Injunction Issued.

Hamilton, Oct. 25.—David Pearstein, local cigar manufacturer, was taken into custody by a clerk's officer and committed to jail for contempt of court on an order of Chief Justice Mulock. The case is a peculiar one. Last May the cigar-makers' union took legal action to restrain Pearstein from using the union label on cigars manufactured by him. Pearstein ignored the court's order to the extent of placing his label on the cigars.

Long Sault Development.
Toronto, Oct. 25.—A proposition for the development of water power at a cost of twenty millions of dollars, at the site of the Long Sault, was laid before the International Waterways Commission by the St. Lawrence Power company of Canada and the Long Sault Development company of the United States. The Canadian side of the river. The Canadian company proposes to spend \$5,000,000, having already expended \$1,000,000. The American company is willing to invest \$15,000,000.

HE WILL STAY

A Minister of the Methodist Church.

DENIES THE CHARGE

THAT HIS DOCTRINE IS OF UNITARIAN TYPE.

Has Laymen With Him—Sympathy of People on His Side, and He May Be Offered a Montreal Pastorate.

Montreal, Oct. 25.—The trouble at the Montreal Wesleyan College, caused by the dismissal of Rev. Dr. G. C. Workman as professor, created unusual interest in Methodist circles in Montreal. On almost every side, especially among the laymen, there is the greatest sympathy for Dr. Workman, and it would occasion little surprise if the pastorate of one of the leading churches were offered him in the near future.

Rev. Dr. Workman, while greatly surprised at the action of the governing body of the Wesleyan College, is taking the situation very philosophically. As yet he has no fixed plan for the future, but he firmly intends to continue his work as a minister of the Methodist church.

When seen, to-day, regarding the action of the governors dismissing him, Rev. Dr. Workman said: "My exposition of church doctrine is in principle wholly in accordance with the standards of all evangelical churches. The difference between my statements and traditional statements is only the difference between critical and uncritical statements."

"My expositions of doctrine, were read a couple of times before the members of the Montreal conference, and my evangelical orthodoxy was not impeached by any member of that body."

"A point that I would like to have made perfectly clear is that I have not in any way departed from Methodist views. The charge of Unitarianism arose from an uncritical standpoint in regard to certain matters."

Principal Shaw, who has been objecting for some time past to Dr. Workman's views, would only discuss the question in a general way, when the governor had arrived at the decision they had. He said: "The general theological transition of the age is beginning to affect Canadian churches, and to my mind, the problem is how far should divergence be allowed."

"Absolute conformity with the letter of the standards is impossible, and the demand for wider latitude is becoming more and more imperative. Conformity with the standards cannot be secured by ecclesiastical authority alone, but needs as a measure of spiritual life as vitalizes the creeds."

"I think the prevailing forces of the Methodist church are making its doctrines most effective for spiritual purposes, and, therefore, serious departure from these creeds means spiritual decline."

JUDGE CALLED HIM.

Northrop Showed No Mercy, But Asked For It.

St. Catharines, Ont., Oct. 25.—Walter Northrop was convicted before Judge Carman on a charge of forging the name of Crown Attorney McKay, Orangeville, to a check for \$40. The prisoner put in a plea for mercy on the ground that his wife was prostrated at home, that his mother was dying, and that the house and furniture had been sold. He claimed he had patented an apple peeler, which is now yielding thousands of dollars to his partners, while he has nothing.

The judge said he was glad to see the prisoner return to his senses, but he was asking for mercy while he had shown none, having been going about the country with another woman while his wife was prostrated at home. "There is too much of the thing going on," said the judge. "I'll consider what sentence I'll give you."

BOYS DEAD FROM RABIES.

Were Bitten By a Dog Nearly Seven Months Ago.

Wilkesbarre, Pa., Oct. 25.—Samuel Burnett, aged seven years, of Maitly, and John Zeemertis, of Dupont, near by mining settlements, are dead at their homes from rabies, and Isaac Burnett, aged twelve years, a brother of Samuel, and George Rega, a neighbor, were sent to Pasture Institute in New York, yesterday, to be placed under treatment for hydrophobia.

The Burnett children and Rega were bitten nearly seven months ago by a dog, but no symptoms of rabies developed until a few days ago. Zeemertis and another boy named Joseph Oretto were bitten by a dog five weeks ago.

When symptoms of rabies developed Oretto was sent to the Pasture Institute, but Zeemertis refused to go and died in great agony.

THE HEAVY SHOCKS

EARTHQUAKE DID DAMAGE TO MANY TOWNS.

The Killed Not So Large in Number As at First Supposed—Many Buildings in Various Towns Collapsed.

Rome, Oct. 25.—The details received yesterday, regarding the earthquake in Calabria, on Wednesday, tend to show that the damage done was not so extensive as at first estimated, but that the loss of life has not been great. The lowest estimates place the number of killed about twenty, and the highest about 120. The shocks were especially severe in the southern end of the Calabrian peninsula. Half the houses at Ferruzane and Brancaccio collapsed and many persons were injured in the ruins, and at Sinopoli and St. Ilario many are said to have lost their lives. Rocella, Jonica, Reggio, Cosansen, Igraco, Gitta Nova, Palmi, Geraci Marina, and other towns also suffered from the shocks, but not severely.

HER CHERRY LIPS.

Storekeeper Arrested For Kissing Pretty Customer.

Buffalo, N.Y., Oct. 25.—It was only a kiss, but it came affectionately from the lips of a son of Sunny Italy. It was planted right on the lips of Miss Goodenwanda young and pretty, who lives at 962 William street.

Miss Goodenwanda does not believe in seduction. She thinks that it is against the rules of health, especially when the partner is a stranger. She was taken to the police station by Detective Joseph G. Labello, 36 years old, of 163 Main street, under arrest, yesterday afternoon, on the charge of assault.

Miss Goodenwanda entered his store, she says, and purchased some fruit. She says he rushed from behind the counter, called her a sweet girl, and kissed her.

The girl ran screaming from the place. The fruit vendor says he meant no harm.

Vancouver, B.C., Oct. 25.—Commissioner King, investigating the Japanese riot claims, elicited from the secretary of the Japanese News Publishing company that the company's claim was double what it should be. There was a charge of twenty dollars for two days' loss of job printing. The secretary yesterday said the loss was ten dollars. "Why did you put it in the sworn bill at twenty?" was asked. "Charge twice," was the answer, "because the government paid the bill." Mr. King rebuked the witness pointedly.
