PICTON'S MAGISTRATE LIKELY TO BE ASKED TO RESIGN.

Political History After His Scalp—Pettty Charges Made—Apple Pickers Are Easy—Barrels Are Very Scarce.

Picton, Oct. 25.—There is a quiet rumor about town that Police Magistrate Currie is soon to be asked for his resignation by the Ontario government. It is understood that among the complaints is one entered by the father of the child concerned in a recent assault case, when what is generally considered as a very lenient sentence was imposed. Political opponents attempt to add that Mr. Currie is physically unfit. Picton's magisterial duties are heavy. He has held the position for many years. The county is literally in the hands of the apple pickers. Since the recent frost more than usual activity has been exercised by apple buyers to get their fruit picked. The apple crop is a good average one throughout the county and again this season Prince Edward is holding her record for superior quality of fruit. Just at present, however, there is somewhat of a

THE PARAGRAPH PULPIT

Rev. C. W. CASSON, OTTAWA.

A Follower Of Jesus.

Do you say that you are a follower of Jesus? Then go, prove it by your life. A man looking for a favor at the hands of Mr. Moore called at his office but after making his request was turned away.

"But I am trying to earn an honest living," said the man, as he made his last appeal.

"Well, my friend, you ought to do well, you have very little competition," replied Mr. Moore, and the man walked away staggered by the unanswerable logic of the reply.

The procession of bargains never ends for the retailer—and for others it hardly ever starts.

Opposition is a good many times the death of legitimate trade.

THE GIRL AND THE BEE.

A Story of the Ignorance of a City Girl.

The city girl coming down to breakfast at the farm house and observing a plate of honey on the table said: "I see you keep a bee."

That's about the way some people talk about the blight of blindness—just as if a bald head were something one got all at once instead of being the result of long depletion by an insidious germ which thrives upon the roots of the hair and succumbs to only one known remedy, Newbro's Herpicide.

Newbro's Herpicide is not a tonic any more than electricity is a fluid. It is an exterminator, pure and simple.

Destroy the cause you remove the effect.

Sold by leading druggists. Send 10c. in stamps for sample. The Herpicide Co., Detroit, Mich. Two sizes, 50c. and \$1. G. W. Mahood, special agent.

A Preventive of Old Age.

It would seem that nature created the Olive in a holiday mood and endowed it with delightful and virtues above all other fruits.

It is so remarkable a solvent that it dissolves the Calcareous Matter, which settling in the arteries and joints and produces the stiffness of old age and produces rheumatism.

Thus the use of Lyvola Ripe Olive is the best means to retard the advance of old age.

Lyvola Ripe Olives are for sale only at
