

ANARCHISTS' WORK

MAN'S HAND BLOWN OFF BY BOMB IN TRAIN.

Found it Under Seat and Was Throwing it Away When Explosion Occurred.

Milan, Oct. 25.—While the train from Lausanne to Milan was stopping here, a traveller got out of the train carrying a bomb, he said, he had found under the seat in the coach immediately behind the baggage van. The bomb exploded, blowing off his hand and slightly injuring a guard in the service of the federal railways.

The police authorities, who were immediately advised, opened an inquiry into the matter, and the train was inspected by the police. The injured man was taken to the Sion Infirmary.

According to later details, the bomb exploded at the moment when two express were standing in the station. The traveller in the Lausanne express noticed an infernal machine shaped like a bottle, and with a lighted fuse in it, under the seat. He had seized it in order to throw it out of the window, when it exploded with great violence.

The victim's name is M. Girnaux, proprietor of a hotel at Zermatt. His hand was torn off and he received severe injuries in different parts of his body. The guard was struck on the temple by a fragment of the bomb. The outrage is supposed to be the work of anarchists.

A FARMER IS NEEDED.

Ground Down By Monopoly and Despotism.

"A Farmer" writes the Whig to say that it was not the yeoman of Frontenac who selected Dr. Edwards as the conservative candidate for the commons, an interesting duo worked the oracle. He continues: "We, the sophisticated, express our opinion upon such matters, although we consider it undesirable to further increase the ranks of doctors and lawyers in our parliaments and legislative assemblies. We boast of our illustrious resources, and the more the higher our taxes will be and the greater the cost of living, not that Providence is less beneficent, but that our rulers are more gluttonous and inexorable in their demands for services rendered to themselves."

"Forty years ago many farms in this county could be rented at a less rate per annum than the present year's rate of taxation, and yet the revenue is not greater, therefore the revenue this anomaly if honesty and efficiency went hand in hand?"

"If our farmers and other useful workers continue to support party hacks and political reform, in the future they will be able to party should supersede principle, the time is not far distant when the poor country will be ground under the heel of monopoly and despotism."

"The county requires a good farmer, produce him, and let all vote for him, no matter what his politics are, so long as he be an honest man, and thereby disillusioned those who claim that farmers are incompetent to govern their own interests."

Married in Toronto.

A pretty wedding was solemnized at St. Basil's Presbyterian church, Toronto, on Oct. 22nd, when Miss Nellie Norrie, youngest daughter of Mrs. R. Deane, Niagara Falls, Ont., became the wife of Sidney E. Rose, B.Sc., youngest son of the late H. E. Rose, of Tamworth, and a graduate of the School of Mining, Kingston. The bride was attired in a brown velvet suit, with hat to match. They were attended by Mrs. H. K. Wilson, Youngstown, Ohio, and Clinton H. Rose, Tamworth, sister and brother of the groom. A supper was afterwards served at McConey's, and the bride and groom were accompanied by a few intimate friends. The groom's gift to the bride was a handsome diamond and pearl pin. After spending a short time with the groom's mother and brother at Tamworth Mr. and Mrs. Rose will make their home in Lynn, Mass.

Job To Personal Friend.

Berlin, Oct. 25.—Herr Von Tschirsky, the secretary of foreign affairs, has been appointed ambassador at Vienna, and will be succeeded by Herr Von Schoen, the German ambassador at St. Petersburg.

The retirement of Herr Tschirsky has come as a surprise to no one. It has long been an open secret that the minister was anxious to be relieved of his responsibility.

Herr Von Schoen is a personal friend of the emperor, whom he has accompanied several times on northern cruises. He comes of a bourgeois stock and received a patent of Russian nobility in 1883.

The vacation of the St. Petersburg rumors which have been current in the diplomatic circles for some time regarding the London embassy may now be fulfilled; Baron Marschall Von Bismarck being mentioned as a possible successor to Count Wolf Metternich.

Clean Hands Before Cooking.

The first thing taught and demonstrated at the school cooking classes is cleanliness. Before the girls begin work they wash their hands thoroughly. Clean hands and nails are insisted upon. Last week Miss Hentig's class led the other classes for hand cleanliness. These facts will be of interest to many who have wondered if cleanliness was a part of the cooking class curriculum. It is those in charge of home, hotel and shop cooking might make note of this.

GRATEFUL MEN AND WOMEN PRAISE PE-RU-NA.

MRS. ELLEN NAGLE

Mrs. Ellen Nagle, 414 4th St., Green Bay, Wis., writes: "I have often heard Peru-na praised and it is more widely known here than other medicines, but I never knew what a splendid medicine it really was until a few weeks ago when I caught a bad cold which settled all over me. "The doctor wanted to prescribe, but I told him I was going to try Peru-na and sent for a bottle and tried it. I felt much better the next morning and within five days I had not a trace of any lameness or cough."

MRS. H.A.S. MARSH

Mrs. H. A. S. Marsh, 2123 Reservoir St., Los Angeles, Cal., President Woman's Benevolent Association, writes: "I suffered with a grippe for seven weeks, and nothing I could do or take helped me until I tried Peru-na. "I felt at once that I had at last secured the right medicine and I kept steadily improving. "I have used it and I have known many of my friends who have obtained beneficial results from its use. I cannot praise Peru-na too highly."

HON. C.C. BROOKS

Hon. C. C. Brooks, Mayor of Sunbury, Ohio, also Attorney for Farmers' Bank and Sunbury Building and Loan Co., writes: "I have the utmost confidence in the virtue of Peru-na. It is a great medicine. I have used it and I have known many of my friends who have obtained beneficial results from its use. I cannot praise Peru-na too highly."

Cystitis Entirely Relieved. Mrs. Mattie McArthur, care of Hospital, Medical Lake, Wash., writes: "I have not written to you for some time, but, Oh, I have given you many words of praise. I am so well. I had cystitis very bad and could not walk any distance without suffering intense pain, but I do not have a touch of my old suffering now. Peru-na cured me. I am telling every one how much good Peru-na has done for me."

Catarth of Head and Throat. Mrs. William H. Hincliffe, 20 Myrtle street, Beverly, Mass., writes: "I have taken four bottles of Peru-na, and I can say that it has done me a great deal of good for catarth of the head and throat. I recommend Peru-na to all sufferers with catarth. I do not think I ever felt much better. I am really surprised at the work I can do. Peru-na cured me. I am telling every one how much good Peru-na has done for me."

Malaria Fever For Several Months. Mrs. Sue M. Morris, 214 Patterson St., Nashville, Tenn., writes: "Last fall a severe attack of malaria fever laid me up for some months. My condition was serious for a time and the doctor who was attending me did not seem able to cope with the trouble. "A neighbor advised me to let the doctor's prescription alone and try Peru-na, extolling its virtues to do the same, for in three days I was much better and in ten days I was able to be up and in two weeks every trace of malaria had left my system. "When I started to use Peru-na I did more than give me temporary relief and some did not even do that. I took Peru-na at the suggestion of a friend and was more than pleased and surprised at the results. I am now perfectly well and would not be without Peru-na."

Weak and Nervous. Mr. Charles Brown, Rogersville, Tenn., writes: "I feel it my duty to write you a few words in praise of your Peru-na. I have tried many different remedies, but have found that Peru-na is the greatest tonic on earth, and a perfect system builder. "A friend advised me to take Peru-na for indigestion, and it cured me in a short time. I was very weak and nervous, could sleep but little at night, but Peru-na cured that tired, self-gone feeling, and made me feel like a new man, so I heartily recommend it to all who are weak and run down. Peru-na will give you new life and energy. I can not speak too highly of Peru-na, and will not forget to recommend it on every hand. I will answer any letter from those desiring to know what Peru-na has done for me."

Systemic Catarth. Miss Marie Lessor, 928 W. 26th street, Chicago, Ill., writes: "I am glad to give a good word for Peru-na, and I hope that all who see this who are troubled with systemic catarth as I was for years, will profit by it. I had tried many remedies, but none did more than give me temporary relief and some did not even do that. I took Peru-na at the suggestion of a friend and was more than pleased and surprised at the results. I am now perfectly well and would not be without Peru-na."

Used Pe-ru-na For Bronchitis. Mr. Frank Battle, Jr., First street, near Charlotte Ave., West Nashville, Tenn., writes: "I do not know how to say for the benefit of others that your Peru-na has unquestionably cured me of chronic bronchitis. It is the greatest discovery of the age for throat and lungs. Peru-na is not simply a palliative to relieve some of the distressing symptoms. It brings permanent relief. "I will never be without it again."

Suffered With Grippe. Mrs. M. Lewis, Hullington, Ohio, writes: "I cannot thank you enough for the good your Peru-na has done me. About six months ago I could not leave my bed, and the doctors gave me up saying that I had consumption and could not live. Then a friend recommended Peru-na to me, and I commenced using it. "When I started to use your Peru-na I weighed 117 pounds, and now I weigh 172 pounds. I had been sick for ten years, and was so sick I could not turn over in bed when I began to use Peru-na. I think it is the greatest medicine of this time. "I am now feeling well and hearty and would not be without Peru-na."

The Doctors Gave Me Up. Mr. Lewis Kitchen, Hullington, Ohio, writes: "I cannot thank you enough for the good your Peru-na has done me. About six months ago I could not leave my bed, and the doctors gave me up saying that I had consumption and could not live. Then a friend recommended Peru-na to me, and I commenced using it. True Cause of Disease.

In these days almost every ailment is supposed to be caused by disease germs. The medical profession as well as the people, seem to have gone mad over the germ theory of disease. The universal fear and dread of disease germs is becoming a very serious matter to the welfare and happiness of the people. Dr. Hartman has consistently contended through all the rise and spread of the germ theory, that most diseases are caused by climatic influences. For instance, catching cold is responsible for more than one-half of the ills to which human beings are subject. Danger of Neglected Colds. A person catches cold easily, thinks nothing about it, neglects it, when it finally becomes settled in some organ of the body, and chronic disease is the result. A few doses of Peru-na in the beginning of the cold would have saved months of suffering, as well as great expense for treatment. Peru-na is a reliable relief for cold. Almost everybody knows this. Instead of trying to dislodge or kill some imaginary germ, if Peru-na was used at the proper time its tonic properties and anti-catarth qualities would soon convince the patient that he has found the right remedy. A multitude of letters are received testifying to this fact. Keep Peru-na in the house. Use it whenever cold or climatic affections assail, and sickness in the household will become greatly lessened, if not entirely prevented. Catarth of the Stomach. Mr. Christian Hofmann, R. F. D. 1, Slatington, Pa., writes: "Five many years I suffered with catarth of the stomach. I was coughing day and night. After having tried three doctors and many remedies, one of your almanacs came to my hand, and I bought some Peru-na. So far I have taken six bottles, and I have not suffered with catarth this summer. I am cured and Peru-na did it. I give Peru-na to my children when they feel bad and you should see how healthy they are."

Nose, Throat and Stomach. Mr. Delbert B. Craft, Lovell, Ind., writes: "For a long time I suffered with chronic catarth of the nose, throat and stomach. I would continually take cold and my stomach was in bad condition. I truly suffered untold misery. I took various medicines and tried the treatment of several physicians, but I felt no better. A friend advised me to take Peru-na. I wrote to Dr. Hartman, who prescribed treatment. As soon as I commenced to take Peru-na I was cured at the relief it gave me. I kept on taking it until I had taken thirteen bottles and was cured."

Systemic Catarth. Guarded 250,000 Prisoners. London, Oct. 26.—Assistant Jailor James Bristow, who has retired from the Metropolitan police after completing twenty-six years' service as the officer of Clerkenwell police court, is estimated to have passed, through his hands a quarter of a million prisoners.

Improvements At Windsor Castle. London, Oct. 26.—The crown has purchased a number of houses in Park square, which will be demolished to make room for improvements at Windsor Castle, including the provision of a royal garage for their majesties' motor cars. See Bibby's great \$1 gloves. "Iris of India perfume," sold in Kingston at Gibson's Red Cross drug store.

Beautiful Millinery For Fall and Early Winter.

The most convincing reason of the greater demand for Millinery from this store is the fact that our goods have a decidedly out of the ordinary air of distinction and up-to-dateness about them, also being very reasonable priced. Children's, Girls' and Ladies' Mantles.—This department now complete. Some very pretty Girls' Coats just opened.

The Aerated Oven

of the Souvenir completely changes the air therein every few minutes without lessening the heat one iota. Pure, cold air is drawn into the aerated flue and heated to the exact temperature of the oven before it enters it.

SOUVENIR RANGE

The ventilating principle of other ranges simply draws in cold air direct to the oven, heats it and allows it to escape. Suppose you have a pan of biscuits or a sponge cake in the oven, and a gust of cold air strikes them—they fall flat at once and the whole baking is spoiled.

Every Souvenir is absolutely guaranteed by the makers. The GURNEY-TILDEN CO. Limited. Hamilton, Winnipeg, Montreal and Vancouver.
