HOMESTEAD REGULATIONS.

Any even numbered section of Dominion Lands in Manitoba or the North-West Provinces, excepting 8 and 26, not reserved, may be homesteaded by any person the sole head of a family, or male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Application for homestead entry must be made in person by the applicant at a Dominion Lands Agency or Sub-agency. Entry by proxy may, however, be mad at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

An application for entry or cancellation made personally at any sub-agent's office may be wired to the Agent by the Sub-agent, at the expense of the applitant, and if the land applied for is vacant on receipt of the telegram such application is to have priority and the land will be held until the necessary papers to complete the transaction are received by mail.

In case of "personation" or fraud the applicant will forfeit all priority of claim or if entry has been granted it will be summarily cancelled.

An application for cancellation must be made in person. The applicant must be eligible for homestead entry, and only one application for cancellation will be received from an individual until that application has been disposed of.

Where an entry is cancelled subsequent to institution of cancellation proceedings, the applicant for cancellation will be entitled to prior right of entry.

Applicant for cancellation must state in what particulars the homesteader is in default.

A homesteader whose entry is not the subject of cancellation proceedings may subject to the approval of Department, relinquish it in favor of father, mother, son, daughter, brother or sister if eligible, but to no one else, on filing declaration of abandonment.

DUTIES—A settler is required to perform the duties under one of the following plans :—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother.)

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowance crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the Agent for the district of such intention.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

"SEMI-READY STORES OPEN ON THANKSGIVING EVE."

The race is not always to the swift. Circumstances do have a great deal to do with our position, our salaries, our place in life.

"Luck" does exist, but "pluck" is the surer winner. The greatest thing a man can do is to make the most possible out the stuff that has been given him. This is success.

Disraeli said that man is not the creature of circumstances, but that circumstances are the creatures of men.

Semi-ready Tailoring was conceived—and it was carried out! The men behind it conquered custom and prejudice, and their every difficulty was but an added incentive.

Chance or Luck has never builded on a sound foundation. Behind the initiative, the carrying out of the Semi-ready idea was the inflexible purpose to find the way. There is always room for the men of forceful ideas.

FROM PICTON TOWN.

Hockey Talk Already—Much Building in Process.

Picton, Oct. 29.—In Picton sporting circles prospects for a junior O. H. A. team are being generally discussed. The town will be able to put a good team on the ice this winter, with one or two exceptions the same as last winter. Last year the players were all making their first appearance in the junior O. H. A., and their experience of the winter will have seasoned them. Among the likely men are : Harry Despard, "Bee" Welsh, Earl Croft, George Williamson and Reid. Two of those who played for Brockville team last year have been living in town and may cast in their lot with Picton. Charles Bedborough, Picton's fast cover-point of last year, has removed to Saskatoon, and the locals lose a brilliant young player, but it is thought Milton Rose will take his place to satisfaction. Messrs. B. R. Hepburn, W. G. McClellan and W. J. Carter are interesting themselves along hockey lines, and a club will shortly be formed. There is also some talk of Picton entering a team in the Trent Valley League this winter. It is proposed to have Trenton, Belleville, Picton and perhaps Kingston as the clubs of the league.

An informal banquet will be held on Wednesday evening by the dairymen in honor of Dr. C. A. Publow, of Kingston. This will be his farewell as cheese and sanitary inspector of Prince Edward before leaving for Cornell university.

With the increasing quantity of freight being shipped out of Picton and county, Hepburn Bros. found it necessary yesterday, to load the steambarge Aberdeen with canned goods and apples for Montreal. Four steamers are now in the freight business. The steamer Alexandria, left yesterday with over 3,000 barrels of apples, and the Niagara and Waterlily are due down this week.

Considerable building is keeping contractors busy this fall, despite the stringency of the money market. The Vandusen block is being completed and promises to be one of the finest and largest stores on Main street. German Williams is erecting a large frame tenement house off Union street, on Head street. Houses to rent are very scarce here and this will tend to relieve the situation. H. W. Bedell is building a modern dwelling of cement bricks, on Centre street.

Mrs. A. E. Wilson is visiting in Toronto, guest of her mother, Mrs. Coulthard. Master Lawrence Wilson is also in Toronto until next week. Miss Fannie Nugent returned yesterday after a few day's stay with Mr. and Mrs. James Nugent in Kingston. Ex-Sheriff and Mrs. Gillespie are in Toronto, to spend the winter. Miss Janet Rathbun, Deseronto, is visiting Mr. and Mrs. W. T. Ross, "The Gables."

SHE GOT THEM.

Mother's Successful Fight For Her Children.

Renfrew Mercury.

Out in the west lived a family with connections in Bromley township. In the western home there were two nice little children, but not family peace. No great wrong on either side—little faults on both sides, and a separation ; the father coming east with the children, attractive twins, boy and girl. He spent the summer with the friends in Bromley, and lately when he went away, left the children with the Bromley farmer. The mother located them, and sought to get possession of them by legal process. In this she was defeated through the husband taking legal steps to make her deposits security for costs, which she was unable to do. Then she came east, and with the Renfrew police force of two demanded them from the Bromley farmer. He refused until shown some authority from the father. Later on, when he was coming to Renfrew with the children, the party met again, and this time the mother made a grab for the children, and succeeded in getting them. The farmer then took legal action against her, but on her appearance before Police Magistrate Eady he took the ground that she would hardly be punishable, as the law provides a loophole for those who have an apparent right to take children; and as the husband, on being telegraphed, refused to go to any legal expense to retain the children, the mother departed, happy in the possession of those whom she had come east to get. The Bromley farmer, too, while grieved to lose the engaging little pair, was relieved that he had escaped further responsibility.

Breaks A Cold.

Whiskey and glycerine, mixed with Virgin Oil of Pine, is said to break up a cold in 24 hours and cure any cough that is curable. Get from your druggist one half-ounce vial of Virgin Oil of Pine and two ounces of glycerine. Mix these thoroughly with a half pint of good whiskey and take a teaspoonful every four hours. It has been found that five ounces of tincture of Cinchona compound can be used in place of whiskey with the same result. Virgin Oil of Pine is put up only by the Leach Chemical Co., Windsor, Ont., in half-ounce vials, each vial securely sealed in a round wooden case. Be sure to get the genuine.

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ.

Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

"Destroy the cause, you remove the effect."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes, 50c. and $1. G. W. Mahood, special agent.

PANDORA RANGE

The easiest way to remove ashes from a range is with an ash pan—the Pandora method (see illustration).

Such an extra large ash pan is provided with the Pandora that it will contain more ashes than will accumulate in one day.

All the ashes are in the pan, too, because they are guided there by flanges attached to either end of the fire-pot.

Easiest, cleanest, quickest, is the Pandora way.

With the scraper and pan provided with every Pandora it's merely a matter of a minute or so to clean out the dirt in the Pandora flues.

Less dirt accumulates in Pandora flues than in ordinary flues, because they are wider and deeper, with no bolts, projections or crevices to catch the dirt, consequently you need not clean them out so often.

Saves a lot of labor, does the Pandora.

If your local dealer does not sell the Pandora write direct for **Free Booklet.**
