## RAISING MILLIONS

### Purpose of the Movement is to Save the World.

#### The Requirements are \$25,000,000 a Year for the Next Five Years--It is Said That Some 40,000 Missionaries are Needed.

Philadelphia, Nov. 5.—In the hope of evangelizing the world in the present generation the laymen's missionary movement, an interdenominational organization of wealthy church members, is planning to raise \$25,000,000 a year for the next five years among laymen in this country.

J. Campbell White, of Pittsburg, secretary of the movement, declares that 40,000 missionaries are needed, which will require an expenditure of from seventy-five to eighty million. It is estimated that \$25,000,000 will be received in small amounts from children

and others in the churches. The remaining \$100,000,000 will be obtained by the sale of shares among church members of all denominations and others as follows: Two million shares at \$5 a year, for five years, \$50,000,000. Two hundred thousand shares at \$100 a year, for five years, \$20,000,000. Twenty-five thousand shares at \$1,000 a year, for five years, \$25,000,000. The laymen's missionary movement will turn this money over to the various mission boards for the extent of their work.

### MARKED ABILITY

#### Has Been Shown By J. Ogden Armour.

Jonathan Ogden Armour, the millionaire capitalist and packer, was born in Milwaukee on November 11th, 1863, and was the son of Philip Dunlop and Malvina Belle Armour. He was educated at private institutions

and finally was entered at Yale University but on the urgent request of his father he returned to Chicago to assist his father in his rapidly growing commercial enterprises. Young Armour at once showed marked business capacity and built up an enormous fortune. He married Miss Lotia Sheldon of New York city.

A tickling cough, from any cause, is quickly stopped by Dr. Shoop's Cough Cure. And it is so thoroughly harmless and safe that Dr. Shoop tells mothers everywhere to give it without hesitation even to very young babies. The wholesome green leaves and tender stems of a lung healing mountain shrub, furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough and heals the sore and sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Simply a resinous plant extract, that helps to heal aching lungs. The Spaniards call this shrub which the doctor uses, "The Sacred Herb." Demand Dr. Shoop's. Take no other. Sold by all druggists.

Hon. S. W. McInnes, minister of education and provincial secretary of the Manitoba government, died in Brandon, on Monday morning. Mr. McInnes was stricken with appendicitis a week ago.

### COMPLETE CHAOS

#### Is Reported in The Russian Railway System.

St. Petersburg, Nov. 5.—It is announced here that the tour of inspection, just completed by the minister of ways, has not only revealed a complete chaos in the railway system. The statement is made that the railway is practically in the hands of the revolutionaries and plans for armed uprisings are being spread everywhere. The minister, himself, narrowly escaped having a bomb hurled at him at Ashkabad.

### SIMPLY ROYAL RUFFIAN.

#### Prince Is Detested in Father's Capital.

Berlin, Nov. 5.—The eccentricities of the crown prince of Serbia are becoming more outrageous. The *Vossische Zeitung* publishes the following story: At dinner the other day the crown prince and the commander of the guard, Danyovitch, had a difference, which led to some hot words. After dinner the crown prince and Danyovitch at the gate of the Konak. As it was rather dark Danyovitch failed to recognize the prince and he did not salute. The prince, who was nervous, started out and began to abuse Danyovitch, who tried to excuse himself.

"March!" said the prince, "don't back here, thou dog." "Take care what you say, I am a commandant here." Thereupon the crown prince made use of some language which cannot be reproduced, and drove away.

It appears that the prince, who at one time enjoyed considerable popularity in Belgrade, is now detested both by the populace and the military. The latter is wholly unable to control his vagaries.

### A Farmer's \$500 Destroyed at Gladstone, Man.

#### Had Money For Trip to England in Heating Stove and it Was Accidentally Burnt.

Montreal, Nov. 5.—A husky young farmer named George Wilson, from Gladstone, Man., hurrying through to visit a dying mother, living near Chard, Somersetshire, Eng., related a remarkable experience that he had a few days ago which caused him such acute disappointment that he was almost on the point of giving up his trip to the old country.

Mr. Wilson has been in the Canadian west for the last half dozen years, and in that time he managed to save \$1,500, which he had on deposit in the local bank; this he had succeeded in doing in addition to paying for his farm buildings and stock.

In conversation with a number of the Windsor station staff, to-day, he told how, last week, in anticipation of his contemplated journey, he drew \$500 from the local bank. As he did not

care to have the money lying where his housekeeper or farm hands would be likely to use it, he concealed it in a cavity in the stove, which is used for heating purposes in the winter. On Sunday evening he decided to visit a neighboring farm for the purpose of bidding some friends goodbye. As there was a sharp fall in the temperature that evening the domestic decided to light a fire in the heating stove.

When the farmer saw the fire burning on his return he frantically rushed to examine the place of concealment in which he placed his money. His consternation may be imagined when he found on looking into the cavity that only the ashes of his \$500 remained. His intention at first on making the discovery was to abandon the trip, but in the end filial duty to his aged parents prevailed, so another journey was made to the bank on Tuesday.
