THE SPORT REVIEW

QUEEN'S HAS BEEN VERY UNFORTUNATE

In Losing Three of Her Best Players at a Critical Stage—Collegiate Making Rugby Material For Queens.

Queen's had a good workout at the campus, yesterday afternoon. The team has had exceptionally hard luck this season in losing some of its best players. Both Turner and Cooke are out of business for this season. It is likely that the same team will line up against Varsity, next Saturday, that played McGill in Montreal.

Rugby At The Collegiate. The Collegiate Institute has this year formed the nucleus of a good rugby team. In the old days, the Collegiate was very much in the front in contests on the gridiron, but of late it declined in this respect. The team that has represented the Collegiate on the field this autumn is a most creditable one. Its victory over the heavier Ottawa Institute team in Ottawa, recently, being quite remarkable. Messrs. Sliter and Carter, of the teaching staff, have done much to revive rugby at the Collegiate, and next year they should be able to present a still stronger team than played this season. The majority of the institute players proceed to Queens, and hence a strong rugby team at the Collegiate means more recruits for the university teams. Perhaps next year the Collegiate, along with Regiopolis, would enter the Intercollegiate junior series. It is understood that both these teams would do the fair thing and not utilize intermediate players in junior games, as is often done.

Want Final In Kingston. The Montreal Witness says: "The Westmount club have written to J. Hay, the secretary of the Ontario Rugby Union, to see if arrangements cannot be made whereby the Westmount team can play the winner of the western section of the O.R.F.U. in Kingston on Saturday next for the championship. The season is getting so far advanced that the Westmount executive would rather play a sudden death fixture on a neutral ground than keep the series waiting round for two or three weeks longer. Kingston provides an ideal ground for a championship game, if the arrangements are consented to by the O.R.F.U. and the Peterboro club. For officials Westmount have suggested Messrs. Carson, of the R.M.C., and Mosley, of the Limestonees.

Ready For A Game. The Crescent roller hockey team had a good workout at the rink after skating was over. The boys are in fine form and are anxious to secure a game with any other city team. The K.Y.C. team seems to have gone out of business as it has not turned out very well during the past few weeks. It looks as if there would be no more games this year.

Prof. Davidson, who will give exhibitions at the roller rink, has issued a challenge to skate any three local skaters a one-mile relay race, each one of the three to skate one-third mile. It is quite likely that his challenge will be taken up.

Sporting Notes. The Toronto Baseball Club will go farther south for next spring's training, probably to Alabama.

The Ottawa Citizen has a strong condemnation of the present season's ruffianism in rugby football.

McGill II play off with Varsity II champions of the Western Intercollegiate division, home-and-home games, for the intermediate intercollegiate championship.

After a precarious existence of several seasons, the International Professional Hockey League has collapsed, only the Canadian Soo being prepared to go on this season.

Toronto News: These rough men who are harping upon the rough work in rugby games will please note that the police have not yet been called upon to take hand, as was the case in more than one lacrosse match last season.

Toronto World: It looks very much as if the worst would result if the Canadian rugby championship, Tiers, on whom the west relied, have now to

ALUMNI CONFERENCE

THE ADDRESSES OF YESTERDAY AND TO-DAY.

Rev. J. A. Macdonald Speaks on Public Opinion and Public Life—Prof. Jordan on Early Hebrew Religion.

Yesterday afternoon's session of the Queen's alumni conference was occupied with the discussion of "The Christology of the Ephesian and Constantinian." The addresses, which were entirely of a theological character, were heartily enjoyed by the alumni, and the theological students, who were present.

Mayor of Laughland. This will be the event at the Grand.

On the occasion of Tom Waters' appearance at the Grand-to-night he will offer "The Mayor of Laughland." The company numbers thirty-five people and includes a first-class cast and a host of pretty chorus girls. Briefly, the story deals with one, Michael Ignatius O'Flynn, boss of the town, but unable to rule his own daughter,

Tom Waters. As "The Mayor of Laughland," at the Grand, on Nov. 8th.

Penitentiary Guards. To Wait Upon Civil Service Commission.

This morning a penitentiary deputation, consisting of Guards Wheeler, Beaupre, Reid and Canby, left for Ottawa to interview the civil service commission, which is sitting there. The interview was arranged by the local member, Hon. William Hart, M.P. The guards' deputation will ask for increased wages on account of the greatly increased cost of living; they will ask for more satisfactory uniforms; protest against the closing of the penitentiary barber shop, and an increased price of meals from ten to eleven cents, and, finally, ask that vacancies be filled immediately, so that the staff of guards may not be overworked as has often been the case for some time past.

A Deserter's Misfortune. F. M. Doucet, of Peterboro, who deserted from the P.A.M.C. at Peterboro, was sentenced to four months in jail. His mother writes as follows to the Peterboro papers: "He went from Kingston to Peterboro. He deserted from the last-named place and went to Cobalt, and worked there until the first of January, and then came home to Peterborough and stayed in Peterborough until the 2nd of April. During the time he was in Peterboro he worked for the William Hamilton Manufacturing company, and attended the opera, and other amusements and was frequently on the streets, and never under any consideration did he try to shun the police. After this he went to Niagara Falls, N. Y. the second week of April, and stayed there until the first week in August, and then returned home, with the exception of three weeks he was in Lindsay, which does not look as though the boy was trying to elude the police."

HAD A GOOD SEASON

MARINERS SPEAK OF THE PAST YEAR'S WORK.

Vessels Had All the Work They Could Do With Few Mishaps—Cooks Are Scarce—The Latest Marine News.

Are Hard To Get. Marine men say that the scarcity of good cooks for the vessels is just as bad as it was some weeks ago. Recently, a well-known captain walked around the city for an hour or so, on the lookout for a good cook, but just a few days ago another captain did the same thing. A great many like the job for the warm weather, but as soon as the fall sets in, they look towards other fields.

Is Doing Nicely. Word was received here to the effect that Frank Mahon, Hamilton, second mate on the steamer Midland (Queen, who was injured Saturday night, and taken to his home, was doing nicely. Mahon got his right foot caught in one of the winches, and the member was badly crushed.

At M.T. Co's elevator: Tug Emerson, up, with three light barges, will clear for Oswego at Charlotte; tug Mary P. Hall, up, with two light barges, will clear for Montreal, with three grain barges.

At Richardson's elevator: Steamer Algonquin arrived, 4.30 o'clock, Tuesday afternoon, from Fort William, with 80,000 bushels of wheat; steamer Cataract is loading 40,000 bushels of wheat, for Montreal.

The steamer Ames, of the Canadian freight line, was at the dry-dock, last evening, on her way to Montreal. She was forced to lay here all night on account of a pilot not being on hand. It is very seldom that a boat is held here for the reason.

Misuse of Term. Toronto Star: There have been one million divorce decrees issued by American courts in nine years. And yet they persist in calling that country the United States.

The Canadian Courier has changed from a five-cent to a ten-cent weekly. The publishers promise a greatly enlarged paper on December 1st. This illustrated paper has made great strides since it was established, and is a creditable production. John A. Cooper, editor, is congratulated upon the success his venture has met with.

Ephraim Cooper, Marmora township, was found guilty of threatening the death of William H. Ross, a well-known resident of Thurlow, when William H. Ross passed away from a sudden stroke of apoplexy. The deceased was nearly seventy-five years of age.

Next year in America 55,000 automobiles are to be manufactured. However, the car makers are building wings to their factories and the undertakers are serene and confident.

Dr. Hamilton Speaks on Curing Pimples.

Gives Common Sense Advice That Every Person Can Employ at Home. "I believe all skin diseases, such as pimples and eruptions, originate through the failure of the eliminating organs to pass certain poisonous wastes from the body."

There is at all times a large accumulation of foul matter in the system, which, if not destroyed, gets into the blood. Germs and disease producing matter are thus circulated through the body. Ultimately they force their way through the pores of the skin, produce pimples, swelling, red blotches and often eruptions horrible to look upon.
