WHAT IS POWER

Nature supplies force. Wind turns the wind-mill. The brook turns the water-wheel. Coal runs the engine and food runs the man. Some things contain little force, some things much.

One substance full of power is

SCOTT'S EMULSION

Nature put the power there. It is a wonderful flesh-producer. This is not only a matter of nourishment but of new vigor and activity in the tissues.

Cure That Cough!

YOU CAN DO IT BY USING

Dr. Wood's Norway Pine Syrup.

The Most Perfect Throat and Lung Healer in the World. : : : : :

Dr. Wood's Norway Pine Syrup gives prompt relief from that choked up, stuffed up feeling which is so distressing, it loosens the phlegm, checks the rasping and useless cough, and heals and soothes the irritated breathing organs. It is a pleasant preparation to take and is therefore specially adapted to the coughs and colds of children and those who dislike nauseous mixtures.

This is no vain boast, but a fact that can be backed by unimpeachable testimony. One 25 cent bottle, indeed, a trial dose, will prove its merits.

Mr. Frank K. Purdie, Brandon, Man., writes: "I have used your Dr. Wood's Norway Pine Syrup for some years and have always found it a sure remedy for all colds, coughs, sore throat, hoarseness, etc. I cannot too highly recommend it to anyone suffering from any effect of cold."

STANDS ACCUSED

OF HAVING CAUSED DEATH OF AN EMPLOYEE.

Owing to the Fly Wheel Not Being Protected As Required By Law—The Great Road Race is on.

Montreal, Nov. 9.—T. Charles Davidson, of the tin plate manufacturing firm of Thomas Davidson & Sons, one of the largest tin plate manufacturing firms in the dominion, was arrested, this morning, on a charge of manslaughter. The arrest was made in connection with the death of Henri Rousseau, who met death by being caught in a fly wheel on the premises of the company. Davidson was held criminally responsible for Rousseau's death by the coroner's jury, on the ground that the wheel was not protected as required by law. He was released on personal bail of $1,000, and two sureties of $500 each.

To-day's weather conditions are ideal for the fifteen-mile king's birthday road race. Out of the total course the managers state that only three miles will be heavy going. The day is bright and cool, but not frosty. Although the Central and West End harriers, of Toronto, complain that the route is hilly, President Lithgow, of the Halifax association, states that the course is better than that over which the recent race was run at Halifax. All the runners say they realize that they are up against the greatest aggregation of long distance runners ever gathered together in Canada, but that they are in for the finish.

Athens News Budget.

Athens, Nov. 8.—A thanksgiving party was given by Mr. and Mrs. A. Taylor in honor of Mr. and Mrs. H. Wing, Hard Island. Miss Edith Hughes of Ottawa, spent the holidays at the parsonage here, and Miss Bertha Lester, of Renfrew, visited Miss Rappell. Principal Massey has received word that two more of his students were successful at the midsummer examinations, Miss Julia Washburn and Miss Jennie Ralph.

Athens bakers have come to an agreement whereby bread sells at 5c. for a 1½ pound loaf. Melvin Milroy has won honor for himself and his town by winning a medal in the race around the mountain at Montreal, on Thanksgiving day. I. C. Alguire is improving from his attack of grippe. James Patterson and family are moving back to town.

On Tuesday morning occurred the death of Wilbert Avery, Temperance Lake. The funeral was conducted in the Holiness Movement church, Tuesday, by Rev. Mr. Clayton. On Thursday afternoon a large auction sale took place at the premises of Morley Holmes. He intends moving to Brockville.

Enlisting In U.S. Army.

St. Petersburg, Nov. 9.—The talk of the possibility of a war between the United States and Japan, which, throughout has been taken seriously in Russia, is now bringing many volunteers to the American embassy, who say they are anxious to serve in the United States army in case of hostilities. A report is also circulated in military circles here that the American army in the Philippines needs instructors, especially for the artillery and engineer corps. Five or six Russian officers of these branches of the service apply daily at the embassy for commissions.

Ponies' Two-Mile Swim.

Cardiff, Nov. 9.—Five Welsh mountain ponies, which were frightened on the road near Banger, on Saturday, dashed down a field and plunged into the Menai Straits. Three succeeded in swimming to the Anglesey side—a distance of about two miles. One was drowned, and the other returned to the Carnarvonshire side.

NEWS FROM SHARPTON.

Deplorable Condition of the York Road.

Sharpton, Nov. 8.—It will be hard to do much ploughing except sod after this. The reported engagement of the present, teacher for another year is received with general satisfaction. Israel Walker has moved in with his son. Frederick F. Sharpe, who has been out west for the last year, is now home. It is expected the Odessa cheese factory will soon stop, for want of milk.

Notwithstanding the inclemency of the weather, the sale at the residence of the late James Gordon was largely attended. That so many were keen to buy and pay a good price, would seem to indicate that people are not at all discouraged with present prospects. Stock, of course, is cheap, but not so cheap considering the abnormably high price of feed. Cows went at from $9.50 to $15; horses, from $40 to $85; hay, $18.50 per ton; straw (in bulk), accordingly dear; oats, 61c. per bushel.

E. Taylor has returned after visiting his brother at Owen Sound, who is very ill. The increased number of scholars has made it necessary to supply more seats for the school. J. Redden has completed his job of building a bridge on the Quobin Road. The inevitable tax collector has come and gone, and it is found that taxes are much higher than last year. The local weather prophet will have it that we will have a lot of fine open weather yet.

People are beginning to speculate as to who will be candidates and who will not in the coming municipal election. The consolidated debt of the county will be wiped out in 1909. A question often asked is, Who is responsible for repairs to the York Road? We wonder why our county fathers did not settle this matter before they abolished the toll gates. Would some one who knows arise and explain? Considering the deplorable state of the roads, would it not pay the township to purchase a stone crusher? Would it not be well to debate this question on nomination day?

GIFT OF FIVE POUNDS.

To General Hospital For Kindness to An Englishman.

Miss Hunter, secretary of the General Hospital, received a letter today, from England, containing five pounds ($24.35). The letter was from Mrs. Emma Elizabeth Poole, widow of the late Francis Poole, an Englishman who died in the institution on February 13th, 1874. With the cheque was a letter saying that the money was forwarded to the hospital for the kindness shown to her husband during his illness in the city, away from all relatives and personal friends. The letter said that J. J. Burrows, was honorary secretary at the time the man died.

Miss Hunter looked up the old records and found that the name was in the hospital and died on the above date, and that he was cared for by the Masons. The order cared for the man while he was ill and had charge of his funeral. It is very seldom that a letter such as the above is received by the hospital, especially so long after the death had happened.

Gull Lake Items.

Gull Lake, Nov. 8.—The hunters are not so numerous in this vicinity as in former years. The old settlers claim they never knew such scarcity of game as this fall. Mr. Husband had the misfortune to break the axle of his waggon, while drawing ties. Fortunately no one was injured. I. Denny lost a valuable horse last week. Geo. Cox and son, Donald, are visiting William J. Cox, Ompah. George Rayner is spending a few days at his home. Miss J. Cox has gone to Kingston. William Hickey and A. Coty have gone to Haileybury. Miss V. Rayner and Miss Walroth visited the former's aunt, Mrs. A. Johnston, Ompah. Mrs. D. Cox and Mrs. J. Hickey are visiting at S. Rayner's. A. Johnston and D. Massey, Ompah, have been drawing hay from G. Cox's.

WED DYING LOVER.

Propped Up Went Through Ceremony, Then Died.

Marshall, Mich., Nov. 9.—Dying from a serious illness William Anderson, aged twenty-seven, was married to Miss Esther Shooler, and died soon after. A few days before leaving for the home of his fiancee Anderson suffered a slight attack of erysipelas. The day he arrived there he was taken seriously ill, and a physician was called from Buffalo. When the hour set for the marriage ceremony approached the dying young man and the weeping girl wished that the words be spoken that would make them man and wife. They propped Anderson up in bed and the knot was tied. The news of his death is a shock to the town.
