## "BRICK'S TASTELESS"

It is an extract of fresh cod livers, containing all the virtues of pure Cod Liver Oil without the nauseous grease, combined with Phosphorus in the form of the Compound Syrup of Hypophosphites, nutritious Extract of Malt and the Fluid Extract of Wild Cherry Bark.

It will promptly relieve, and if its use is continued, permanently cure chronic bronchitis, all pulmonary affections, croup, hoarseness, nervous disorders due to an exhausted condition of the system, prostration following fevers, debility at change of life, or constitutional weakness at any age, and all blood disorders.

We positively guarantee "Brick's Tasteless" to do exactly what we claim it will do'as printed on the label of the bottle, or any advertising matter, and every druggist who sells "Brick's Tasteless" is authorized to refund to his customer the full purchase price if one bottle does not show a decided improvement, which improvement will result in a complete cure if additional bottles are taken.

We therefore request you to try a bottle of "Brick's Tasteless" on our recommendation, and if no improvement is shown after taking it, return the empty bottle to the druggist from whom you purchased it and he will refund your money.

## LESS CRIME IN LONDON

RECORD OF YEAR'S WORK BY POLICE IN EMPIRE'S CAPITAL.

Striking Figures of Life In the Metropolis - Marked Improvement In Public Morals - Convictions Are Fewer-Some Unsolved Mysteries-Murders Numbered Seventeen-Finger Print System Satisfactory.

A very satisfactory feature of the of police for the metropolis, which has just been issued, is that there was a decrease in the number of offences committed during the year, they declare there was no foundation. though, curiously enough, 430 persons were sentenced to penal servitude, as compared with 374 in 1905. The number of persons apprehended during the last year was 119,897,

a decrease of 7.420 as compared with the preceding years. Of these, 3,418 were convicted at Bessions, 96,335 were convicted by magistrates, 630 were acquitted, bills ignored, etc., at Sessions, and 19,459 were discharged There was a decrease of 1,141 in the number of criminal offences re- the British Admiralty and other

ed population was 2,391, and was the lowest recorded during the period for which statistics are available. Burglaries decreased from 512 to 445 in 1906. House-breakings decreased from 1.522 to 1.459, but the number of apprehensions increased by 60, and the convictions by 49. Violence to the person was used in only three cases of burglary and one case of house-breaking. Of these offences,

with no person in charge. There were seventeen cases of murder of persons over one year of age during 1906. In only two cases were no arrests made. In the case of the "Studio Mystery," where Archibald Wakley, a young artist, was brutally murdered, the report says that after prolonged inquiry evidence to justify an arrest was not forthcoming. The

TECHNICAL TRAINING.

ARCTIC EXPLORATION Dr. Bruce Does Splendid Work In

What Is Being Done In England to Northern Regions Educate the Young. Severe hardships and exciting adventures attended Dr. W. S. Bruce's Some few years back British manufacturers preferred the workman who could only use his tools. Theory was explorations in the Arctic regions. Dr. Bruce, with two other members of his tabooed-practice was enough. But party, Mr. Stewart Ross and Mr Gilbert Kerr, have returned to Newcastle foreign competition has taught a les-son which is bringing about results on the conclusion of their expedition beneficial to the trades of the country. which had for its object the explora-tion of Prince Charles Foreland. The It has been discovered that the man who can design and draw, as well as make, an object is the stuable per-son and he finds employment where explorer was met by Mr. V. Burn Murdoch, a member of the expedition who returned to England recently, when disquieting reports were receiv-ed concerning the safety of the ex-pedition. Dr. Bruce and his companthe purely hammer and chisel practitioner has to go idle. In the techni-London County Council it is made imperative that the student shall ons are in the best of health, and know his trade from beginning to end. express their surprise and annoyance at the sensational rumors, for which He must thoroughly work out his ideas on paper before he is allowed Discussing first the aims of his expedition, Dr. Bruce said to a representative of Reuter's Agency: "The object was the exploration of Prince material. The system may be seen at its best in the exhibition of work executed by the boys and girls at the Charles Foreland, an island to the west of Spitzbergen, to make a topo-graphical survey, and to study its geology and natural history. Although Prince Charles Foreland was the first Shoreditch. In that admirable institute, they begin by giving the pupils an intimate knowledge of the alphabet of their craft, then they pass, as part of Spitzbergen to be discovered it were, to the forming of words, and, these essentials acquired they proit is the last part where systematic exploration has been carried out. The cosst is shown only in dotted lines on this training is evident in all the exhibits. For example, a boy is ported during the year, and a decrease charts. As a result of our expedition to design a cabinet. He is told the of 1,318 in the number of felonies relating to property. The apprehensions survey of the whole of the west coast, and criticized by the teachers; secfor these offences decreased by 426 of the interior with its mountains, tional elevation, and other drawings and 595 respectively. The proportion and of a considerable portion of the are limned. A cutting list is prepared, of felonies to each 1,000 of the estimat east coast. Whereas previously we then the model is begun and completed to scale, and a cost estimate has brought to light many interesting Is it small wonder that the knowlnew facts, and has succeeded in acedge of this exhaustive character is quiring detailed information of aniappreciated by the progressive emmal and plant life of which previousployer? A talent thus developed can ly nothing was known. Prince Charles adapt itself to many things. Foreland is about 60 miles long and The school is meant for those who five to seven miles broad. It conintend to follow some particular sists of three portions, the northern trade, and there are day and evening two-thirds being entirely mountainclasses-those held in the day time ous, with hills rising to nearly four being preparatory, those in the eventhousand feet, the section to the south ing for youths who are in employof this consisting of an extensive flat ment-the ages in both sections rangand low tract, at no point higher ing from 14 years. Synopsis of Canadian Northwest HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or the North-West
Provinces, excepting 8 and 26, not reserved, may be homesteaded by any person the sole head of a family, or mail
over 18 years of age, to the extent of
one-quarter section, of 160 acres, more
or less. Application for homestead entry must be made in person by the applicant at a Dominion Lands Agency or Sub-agency. Entry by proxy may, however, be mad at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader. An application for entry or cancellation made personally at any sub-agent's office may be wired to the Agent by the Sub-agent, at the expense of the applicant, and if the land applied for is vacant on receipt of the telegram such application is to have priority and the land will be held until the necessary papers to complete the transaction are received by mail.

In case of "personation" or fraud the applicant will forfeit all priority of claim or if entry has been granted it will be summarily cancelled.

An application for cancellation must be made in person. The applicant must be eligible for homestead entry, and only one application for cancellation will be received from an individual until that application has been disposed of.

Where an entry is cancelled subsequent institution of cancellation proceedings, applicant for cancellation will be entled to prior right of entry.

Applicant for cancellation must state in what particulars the homesteader is in default.

A homesteader whose entry is not the subject of cancellation proceedings may subject to the approval of Department, relinquish it in favor of father, mother, son, daughter, brother or sister if eligible, but to no one else, on filing declaration of shandonment.

DUTIES—A settler is required to perform the duties under one of the follows. (1) At least six months' residence year during the term of three years.

(2) A homestender may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestend. Joint ownership in land will not meet this requirement. not meet this requirement.

(8) If the lather (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father.

er (or mother.)

(4) The term "visinity" in the two
preceding paragraphs is defined as meaning not more than nine miles in a direct (5) A homesteader intending to perfe the above while living with parents or on farming land owned by himself must notify the Agent for the district of such

Before making application for patent the settler must give six months notice in writing to the Commissioner of Do-minion Lands at Ottawa, of his inten-SYNOPSIS OF CANADIAN NORTH WEST MINING REGULATIONS.

COAL—Coal mining rights may be leased for a period of twenty-one years at an annual rental of \$1 per acre. Not more than 2,560 acres shall be leased to one individual or company. A royalty at the, rate of five cents per ton shall be collected on the merchantable coal mined QUARTZ—A person eighteen years of age or over, having discovered mineral in place, may locate a claim 1,500x1,500 feet. claim each year or paid to the mining recorder in lieu thereof. When \$500 has

been expended or paid, the locator may upon having a survey made, and upon complying with other requirements, purchase the land at \$1 per acre.

The patent provides for the payment of a royalty of 2½ per cent on the sales.
