SILVER TEA SERVICES

Wedding gifts of silver are always appropriate, and full or partial sets can be had as desired.

WE CARRY CHOICE DESIGNS.

Our quality is right. Our prices will appeal to you at once.

Spangenberg JEWELLER

Issuer of Marriage Licenses.

BRITISH WHIG PRINTING

will do you credit wherever you use it.

A MAN gets an estimate written on cheap paper and poorly printed; says to himself: "If this man skimps so on letter paper and printers' ink, he is apt to skimp on my work."

Using poor paper and poor printing is poor business, however you look at it, because the printed matter represents you, and you cannot prevent it.

The safe thing is to use printing so good that you are willing to have your work or your goods judged by it.

CLOTHES TO ORDER

We are now offering our Custom Trade an unusually bright and attractive line of

THE 5 P.M. EDITION
SHOT A MAN DEAD

MISSED WOODEN MARK FOUND MAN'S HEART.

Victim a Stanley Man—Investigation Into Death of Man Whose Body Was Found in Wayside Cabin.

Quebec, Nov. 15.—Details of the fatal accident which occurred in the woods near Sayabec, and which resulted in the death of a man named German Gauthier, twenty-four years of age, a laborer, have been obtained. It appears that J. Pollock had left on a tour of inspection of the shanties of the Henderson company, with Charles Fenderson. Coming to a small lake, Pollock saw what he thought was a small piece of wood, and thinking it was a capital chance to try his aim as a marksman, raised his gun and fired. The bullet, however, missed the mark, and the Gauthier foreman for the company who was with a gang of men in the vicinity. The bullet struck his right arm, and continuing its course lodged in his heart, killing him instantly.

Chief McCarthy, of the provincial police force, is now engaged in investigating the recent death of the man, whose body was found in a cabin, near the bridge over the Riviere Boyer, at St. Charles, Bellechasse county, and who, from papers found on the body, is supposed to have been a man named Michael Walski, a Russian subject. Coroner Perron has, after two days' research suspended the inquest in order to allow the authorities to secure more light upon the matter. There appears to be little doubt that the unfortunate man was murdered, and the detectives are now said to be on the trail of the assassin.

The government dredge Bion (No. 6) arrived in port, yesterday afternoon, from Montserrat, where she has been working at sand banks for some weeks. She left, this morning, accompanied by the dredge, Galveston, to go into winter quarters at Race.

WOMAN WINS HORSE RACE.

In Bloomers, Mrs. Hesford Drives Trotter.

Jackson, Miss., Nov. 15.—Clad in bloomers and with her long, black hair streaming behind her, Mrs. Minnie S. Hesford, a country girl, aged twenty-six years, passed the post, yesterday, a winner in two straight heats in the event for maiden Mississippi-bred trotters at the State fair races.

Mrs. Hesford drove Blue Nells, her own three-year-old, which she bred herself. Miss Green, four-year-old, driven by a man, and the only other starter, was distanced in both heats.

Mrs. Hesford is a typical Mississippi girl. She loves horses and dogs and maintains her own stable and kennel. She wears the bifurcated skirts only when in the sulky.

BARNARDO FARM SOLD.

Did Not Accomplish What it Was Established For.

Winnipeg, Nov. 15.—The Barnardo farm at Russell, Man., together with equipment, was sold, yesterday, by auction. The sale simply marks a development in the history of the society, and is not forced by any lack of funds, nor by the curtailment of operations. It has been found that the farm really did not accomplish what had been hoped for as a means of training the boys for life in Western Canada, and in future the society will confine its work largely to bringing out smaller boys, who can be sent to foster homes direct.

Was Incorrectly Reported.

Nashville, Tenn., Nov. 14.—On the morning of November 2nd, it was published throughout the country that Mrs. Mary Church Terrell, colored, in an address at Battle Creek, Mich., had said that "no servant girl was safe in the home of white people."

Today a Nashville paper published a lengthy card from Mrs. Terrell, in which she says:

"Although it was not definitely stated that I confirmed my remarks to the white people of the south, the general impression throughout the country is that I did so. I wish to affirm in the most emphatic and positive language possible that I not only made no such statement at Battle Creek, but I have never made any such wild, sweeping and false statement anywhere in my life, never."

Escapes Around Curves.

Clayton, N.J., Nov. 15.—What is said to be the fastest mile ever made by a steam locomotive on a track containing curves, was covered by locomotive No. 606, used in the special test being conducted here by the Pennsylvania railroad. It travelled a mile at a speed of 91.6 miles per hour.

The object of the tests is to ascertain the speed that can be attained by a locomotive rounding curves. The specially built stretch of track on which the trials take place has two sharp curves. The track is between this place and Franklinville.

Post For Mr. Evanturel.

Ottawa, Nov. 15.—Hon. F. E. A. Evanturel, ex-M.P.P. for Prescott, and ex-speaker of the Ontario legislature, will, according to the Free Press, be appointed French clerk assistant of the senate, vice A. A. Boucher, deceased. The appointment is made by the government, but has to be ratified by the Internal Economy commission. This, however, is a mere formality and the recommendation, which is understood to have been made, will undoubtedly be accepted by the senators.

Alleged Spy Confesses.

Paris, Nov. 15.—Eugene Ulmo, who was arrested last month at Toulon, charged with being a spy, has confessed to a magistrate that he had been in communication with a foreign power which, he added, refused his offers, on the ground that the price he asked was too high.

SHE SHIELDS BABY.

Clings to Perilous Position Until She Catches Reins.

Watertown, Conn., Nov. 15.—With her child two months old in her arms Mrs. Nellie Magnus, wife of a hardware dealer of this place, clung to the shafts of a light carriage and was dragged two miles by a runaway horse here, yesterday, while an automobile sped at a furious pace in pursuit and brought the animal to a halt, as it was about to plunge into a ditch.

Mrs. Magnus, who is about thirty years old, was driving with her son, Harold, and her coachman, James Ryan, on the Middlebury road, when they stopped at a farm house and she went into an outhouse. A minute or two later the automobile came bowling noisily along the road. The horse, taking fright, started off with the carriage.

So sudden was the jolt that Mrs. Magnus, with the baby in her arms, was flung headlong over the dashboard and found herself floundering on the shafts immediately behind the frightened animal. She kept her hold on the child with one arm, managed to swing the other around the shafts. In this position she hung on tenaciously for the entire distance, in danger of death every minute.

Mr. Magnus received frequent blows from the flying head of the horse. Two of his ribs were broken and he was bruised from head to foot, but eventually she managed to catch the reins and with a quick jerk brought the horse's nose to the ground and stopped him.

When the auto reached her she was conscious, but collapsed almost immediately. The child, apparently unconscious, was crying lustily. Physicians found that, apart from two broken ribs, Mrs. Magnus probably had received severe internal injuries.

SIX GROUND TO DEATH.

Fast Train Ploughed Through Crowd at Crossing.

Milwaukee, Wis., Nov. 15.—Six men were killed at South Milwaukee, when a fast Chicago and North-Western train ran into a crowd on a grade crossing near the station. All of the victims were so mutilated that identification was for a time impossible. A dozen persons stood on the south-bound track, waiting for another train on the north-bound track to pull out. The south-bound train came along and killed and injured half a dozen others so severely that they were taken to hospitals with broken ribs and limbs and killed were factory workmen and foreigners.

To Organize A League.

St. Thomas, Nov. 15.—George H. Geer, Syracuse, N.Y., is coming to the city for the purpose of organizing an international league of baseball, which will be taken from Guelph, St. Thomas, Chatham, London, Hamilton, in Ontario, and Andover, Watertown, Ithaca and Geneva, in New York state.

It will be an eight-club league and the members will be taken from these towns. Mr. Geer is said to be one of the greatest cricketers of minors in the country, and is known as a prominent sporting writer from coast to coast.

Elected As President.

Syracuse, N.Y., Nov. 15.—Rev. Dr. Jeremiah Zimmerman, formerly pastor of the First English Lutheran church, and now engaged in traveling, lecturing and writing, was elected president of the New York State Federation of Churches, at the annual meeting of the executive board held in this city. Dr. Zimmerman will devote considerable time to the work and in the near future will go to New York to confer with prominent churches.

Divided An Estate.

Windsor, Ont., Nov. 15.—Mrs. Robert Thomas, wife of the excise officer here, will share equally in a large estate left by her father, Maj. Marshall, one of the wealthiest and best known residents of Brant county, who passed away at the advanced age of eighty-seven years. The estate is valued at \$125,000, and it will go to Mrs. Thomas, Windsor, a sister in London, and a brother in Brantford.

Mistook Him For A Deer.

Fredericton, N.S., Nov. 15.—While hunting in Muskoka, Henry Chambers, of this place, was accidentally shot. Another member of his party, mistaking him for a deer in the distance, fired, shooting him through the bowels. A doctor was sent for, but Chambers died before his arrival. A coroner's jury exonerated from all blame the man who did the shooting.

Killed His Uncle.

Saratoga, Cal., Nov. 15.—Adelbert Winslow killed Levi King, his uncle, in a lumber camp, yesterday, because King had insulted his wife. Winslow then gave himself up to the authorities. King, who was sixty years old, was a large property owner. Winslow is thirty years old.

Sleighting At The "Soo."

Sault Ste. Marie, Mich., Nov. 14.—A fall of snow, last night, and it is still coming. It is almost impossible to navigate Lake Superior. The snow is nearly a-foot deep and there is sleighing here.

Vessel Destroyed By Fire.

Gaviota, Cal., Nov. 15.—The steam schooner Berkeley, in ballast, from San Pedro for San Francisco, was destroyed by fire about fifteen miles off this port. The officers and the crew, nineteen in number, were all saved, but the vessel will be a total loss.

No License In Oswego Town.

Oswego, N.Y., Nov. 15.—The contest over the license vote in Oswego town (including Peach Oswego), has been definitely settled by the town board, and the town after May 1st, will be "no license" by two majorities for two years.

Williams Jennings Bryan has issued a statement saying he will accept the democratic nomination for president if it is offered him, but will not fight for it.

WILL NOT OPERATE

LUMBER MILLS TO REMAIN CLOSED THIS WINTER.

No Cutting of Logs Either—Same Conditions May Prevail in New Brunswick—Money Stringency the Cause.

Halifax, N.S., Nov. 15.—"Not one lumber mill will be in operation this winter in Nova Scotia, and probably the same conditions will exist in New Brunswick. Besides this there will practically be no cutting of logs in the woods this season."

Such was the statement made by a prominent operator. This will be the first winter in very many years when such conditions have prevailed. The demoralization of European and American markets and the great fall in prices are given as the cause. The stringency in money has also been a factor in bringing about this state of affairs in the United States. As an illustration of the conditions in the lumber trade of England the statement is made that one important firm there is paying \$50,000 on a lot of lumber they had contracted for in this province, but, while paying for the shipment, their orders are to leave it here. They cannot dispose of the lumber, and it is cheaper to store it on this side than on the other. The lumber accordingly will remain here till conditions warrant its removal.

This cessation of work is so important an industry will be hard for many people hitherto employed in the lumber mills and logging camps of these provinces, and the outlook is blue for them.

HERE'S YOUR CHANCE.

Cheapest Trip on Record—To Africa For 5 Cents.

If somebody offered to take you to Africa for 5 cents wouldn't you go? Wouldn't you grab at the chance? Well, perhaps not! Chances are you couldn't leave work!

But if a man came along with a patent, safety airship, and offered to take you across for Saturday and Sunday, and get you back for lunch on Monday, and all it would cost you would be five simoleans—Well, wouldn't you grab it quick?

But here's a better offer. You can jump into Africa for twenty minutes at a cost of five cents a day or to-morrow, at "The Bijou," and see things which many a millionaire would give his year's income to witness. Don't miss seeing "In Darkest Africa," also two splendid comedies, "The Man and the Dishies," and the Merry Milliners.

Carried To Prescott.

John Sinnott, the genial newsboy, had quite an experience a few days ago. "Miley" was busy selling papers among the men on the boats at the S. T. Co's slip. One man on a barge, wanted a paper and the boy was right on the job. He jumped aboard the craft, made his sale and when he started to get out again on dry land he was surprised to see that the boat had pulled away from the dock and was headed for Prescott. The men would not put back to let him off, so he was forced to make the trip to Prescott and come up by train.

Two Years in Kingston.

John Jeffries, Midland, who shot Rose Laxtonville, with whom he was infatuated, in an hotel in that town, on September 3rd, has been sentenced to two years and a half in Kingston penitentiary. Sentence was deferred until the present, awaiting result of the wounds, as it was feared that the girl might die. She has, however, recovered, and Jeffries was accordingly convicted of felonious wounding.

Fears, Fears, Fears.

We have just received a consignment of 200 baskets pears with instructions to sell at once without reserve. We therefore offer for Saturday:

- 20 baskets at 25c. per basket.
- 30 baskets at 35c. per basket.
- 50 baskets at 40c. per basket.
- 100 baskets at 50c. a basket.

Carnovsky, on the corner.

Have Accepted Challenge.

The Y.M.C.A. basketball team has accepted the challenge of the Watertown team, to play in that city on November 28th. Teams from the Central and West End Y.M.C.A.'s, Toronto, are also anxious to get a game on with the local team.

Lecture Recital.

By Rev. Harper Gray, illustrated by Miss King, Conyocation Hall, Monday, Nov. 18th, 8 p.m.

Love may make the world go round, but matrimony gives it a flat-wheel motion.

COMMERCIAL MATTERS.

What is Going on in the Business World—The Markets.

Governor Hughes has appointed a committee to investigate the banking situation in the state of New York.

Toronto Railway earnings for week ended November 9th totalled \$64,790, or \$7,923.61 more than in the corresponding week last year.

The Cuswell Massey company, a big real estate firm of New York, have failed, with liabilities amounting to \$244,000, and assets valued at \$216,000.

The output of the Dominion coal company to the St. Lawrence this year will be 1,100,000 tons, compared with 2,250,000 tons for the last year.

Between September 20th and October 10th the aggregate value of 377 reserve securities on the London market advanced to the extent of \$139,370,000.

Frank C. Croker, of the First National Bank of Charleston, Ia., sank between \$1,000,000 and \$1,500,000 of his own and others' money in trying to support Reading and Copper stocks, in which he had invested heavily.

A despatch from Winnipeg states that the railway men claim there is no car congestion in the west and that they have more cars in service than can be filled with coal at this season.

At Duluth, Minn., two lumber firms, Williams & Co., and Goldberger & Co., suspended payments to-day. The liabilities of the former are about \$600,000 marks (about \$200,000) and the indebtedness of the latter is over \$1,000,000 marks (\$320,000).

The development of the meat drying (jerky) business in Brazil is proceeding rapidly, especially in the provinces of the industry in Argentina and Uruguay. The following figures are given for salivage for the first five months of the present season: Argentina, 140,900 kilograms; 142,000, Brazil, 979,700.

John Lusk & Son
