THE DEAN OF ONTARIO SPEAKS ABOUT THE ENGLISH IMMIGRANTS.

He is Interested in Their Welfare—His Temperance Policy is to Secure a Reduction of Liquor Licenses.

In a conversation with a Whig representative in regard to some of the English immigrants, alleged to have refused work in Kingston, Dean Farthing said that his object was to find out, not the parties were he had tried to locate some of them, but no one could furnish him with their names.

All he had any dealings with in Kingston, had seemed worthy, and it, therefore, surprised him to see several items in the papers about the indifference of some of the immigrants and the refusal of a party of them to accept work at the prevailing wage.

When asked about the liquor question, the dean said he was going to do his utmost to help improve the conditions in Kingston. There were too many drinking places here. Twelve were too many within range of the market square.

When asked about the liquor question, the dean said he was going to do his utmost to help improve the conditions in Kingston.

MARINE NEWS.

The Items Gathered About the Harbour.

The barge Borchester is undergoing repairs, in the M.T. Co's slip, at the foot of the Broom and Thomson arrived, from Montreal, with ten light barges, which will be laid up for the season.

The tug Emerson cleared for Montreal, and will return with several light barges, which will be placed in winter quarters.

The steamer Keele cleared for the Richardson's, Tuesday night, for Chatham, and will return with another cargo of corn. The vessels will be laid up for the winter here.

Swift's Schooner Lizzie Metzner, from South Bay, for local markets, cannot go for local markets, as the steamer Bickerdike, from Montreal, with a cargo of sugar, steamer Althea, from bay points.

The last cargo of feldspar for this season, has been shipped over to Charlotte. The last cargo was taken over by the schooner Ford River. Flint is now being taken out of the Bedford mines and shipped on the train.

When the steamer Belleville reached Toronto on Monday night to tie up for the winter. Steward Marcelline entertained the crew, besides Captain Malone, the company's popular agent, and his staff, to a banquet. The members of the crew presented Captain Stephenson with a handsome suit case.

All he had any dealings with in Kingston, had seemed worthy, and it, therefore, surprised him to see several items in the papers about the indifference of some of the immigrants and the refusal of a party of them to accept work at the prevailing wage.

THE SPORT REVIEW

JUNIOR HOCKEY TEAMS ARE ORGANIZING.

Kingston Should Be Represented in All Series—Collegiate Prospects—St. James' and Crescent Rugby Teams.

A few of the junior league hockey teams are beginning to get together for the winter's sport. The city promises to be well filled and some good games will likely result.

There is plenty of good material in the city for an intermediate team. Many good players, who are just past the age limit, and cannot play junior, and who have never played senior hockey, are on hand.

A meeting of the Collegiate hockey team was called for this afternoon, at four o'clock. The K.C.I. put a year in the junior intercollegiate last year, and, considering it was their first appearance, made a very good showing.

St. James' and Crescent will likely play another game of football on Queen's campus, Saturday afternoon. These two teams played a very close game last Saturday, and a fine contest is looked forward to.

The Peterboro-Montreal game, at Montreal, on Saturday, is causing a good deal of comment. The western town has a very husky bunch, and some seem to think that they will play Montreal quite a "go."

The Berlin Hockey Club are in receipt of a communication from the Federal Hockey League, asking if they were in favor of the Canadian League coming to Kingston.

It is announced that the football receipts for the Yale game will reach approximately \$80,000. While this is not a record-breaking amount, it is unusually high.

Laval College, Montreal, are again sending a team to the Intercollegiate Hockey Union, but this time the request is accompanied by an intimation that if admitted they will also enter the rugby and track unions.

CITY AND VICINITY.

A SNAP. 6 tons sardines, 25c; Hain's large spiced oysters, 20c, a dozen, at Hopkins' grocery, 37 Brook street.

Photograph Taken. The members of Queen's had their photographs taken, Tuesday afternoon. The boys, dressed in the gymnasium and the snap was taken on the "gym" steps.

Secured A Divorce. In the divorce court at Langdon, North Dakota, an absolute divorce was recently granted, dissolving the marriage between Albert Fryner and Eva Prinder, formerly of Bath, Ont.

Headache and Neuralgia From Colds. Laxative Bromo Quinine, the world-wide cold and grip remedy, removes cause. Call for full name. Look for signature, E. W. Grose, 25c.

Ill In The Hospital. The many friends of George Vanhorn, Clergy staff, will be sorry to hear that he is ill, in the hospital. George was taken seriously ill, on Tuesday, and his condition grew so much worse that he was removed to the hospital for treatment.

Will Soon Be Around. Edward Halliday, severely injured in a runaway accident on Friday last, is improving daily, and will soon be able to leave the Hotel Dieu. Mr. Halliday received some very painful injuries, but he is lucky to be able to tell the tale, as he certainly had a marvelous escape.

Little Dose Cough Cure. The dose of the Diamond Cough Remedy is small. The remedy is pleasant, it is free from opiates, it is cooling, soothing and expectorant. Cures coughs, colds, sore throat and hoarseness. No waiting for results. 25c. at Wade's drug store.

Banquet To Principal Gordon. In all probability Rev. Dr. Gordon principal of Queen's University will address the members of the Queen's University Association of Ottawa, sometime during the first two weeks in December, at which Dr. Gordon will be the special guest of honor.

Cataract Lodge, I.O.O.F. last evening elected the following officers for the ensuing year: Junior Past Grand, A. W. Cathcart; Noble Grand, Dr. A. T. W. Richardson; Vice-Grand, A. T. Hatch; Recording Secretary, R. J. McCallan; Treasurer, W. McLean; Physician, Dr. I. G. Bogart.

CLEVER LITTLE FARCE

"MRS. TEMPLE'S TELEGRAM" AT THE GRAND.

Was Presented By a Strong Company, and Delighted a Large Audience.

In the presentation of "Mrs. Temple's Telegram," at the Grand last night, Kingston theatregoers were given one of the best entertainments of the season.

The telling of a simple little "farce" and the amusing incidents following the sending of a telegram, formed the plot—but no, it was not a plot, merely a series of ridiculous complications.

"A Dutchman's Honeycomb." If you want to drive away that "fit the blues" go to the Grand Opera House, Saturday, matinee on evening, November 30th, and you will laugh in spite of yourself.

The Man On The Box. When Walter N. Lawrence presents Jameson Lee Finney upon the local stage at the Grand on Tuesday, December 3rd, in the amusing comedy "The Man on the Box," it is an entertainment that will find in it a long time in their recollection.

Being Sold to the Guards at Two Cents a Pound. The Portsmouth bakers are objecting to the guards at the rate of two cents a pound, as it has been during the past couple of weeks.

From The Montreal Star. We are enabled to announce one of the greatest increases in the circulation of the Montreal Star that has ever occurred since it was founded thirty-eight years ago.

Want Canadian Cure. When the family of A. O. Norton, the Jack manufacturer, of Boston, and owner of the King copper mine in this province, were travelling in Europe last year they met a party of people from Australia, several of whom were suffering during their travels from severe headaches.

HIGH-CLASS DIAMONDS

Any "DIAMOND" either large or small, in our stock is fully guaranteed.

THE SMALLER ONES, while not as expensive as the larger sizes are just as brilliant and have perfect in quality.

SMITH BROS.,

Newman & Shaw

Corns Between The Toes. Or on the soles of the feet, can be cured by a few applications of Putnam's Corn Extractor, which acts painlessly, quickly and with certainty. The genuine "Putnam's" always cures. Try it.

DOCTORS AND DRUGS FAILED

Then She Tried "Fruit-Lax" and They Cured Her.

Thin disease is always due to impure blood. It is the cause of skin, bowels and indigestion. It is the cause of all the troubles that are anything wrong with the work and health of the system. The skin, the bowels, the indigestion, the constipation, the headache, the dizziness, the nervousness, the weakness, the general debility, the loss of appetite, the loss of sleep, the loss of energy, the loss of vitality, the loss of life.

"I had dreadful Bronchitis, and I was coughing and spitting blood. I tried all the doctors and all the drugs, but they did me no good. I was so weak and so thin that I could hardly get up the stairs. I was so nervous that I could not sleep. I was so tired that I could not do my work. I was so miserable that I thought I was going to die."
