W. DICKSON, Agent B.Q.Ry., Kingston, Is The Fastest Growing Company In Canada

\$2,714,453 was gained in the amount of insurance in force at the close of 1906 as compared with the previous year.

The expenses were \$10,224 LESS than in 1905, while the valume of business on its books was much larger.

Is it any wonder then that the whole Canadian people have confidence in the wise, conservative business management?

And they show their confidence by taking out enough insurance in The Mutual Life to make it the fastest growing company in the Dominion.
