TWO RUGBY MATCHES

ARE TO BE PLAYED HERE TO-MORROW.

Collegiate and Regiopolis Will Meet on Cricket Field and St. James' and Crescents on Queen's Campus.

Regiopolis and Collegiate will play for the junior city rugby championship in the cricket field on Saturday afternoon.

The Regiopolis team has only played one or two games this year, but are fairly strong and are going to try to down the K.C.I. boys. On the other hand the collegiates have gone through the season with only one defeat and have one of the best balanced junior teams in this district. The game will undoubtedly be a fine exhibition as both teams are confident of victory. The snow and slippery field will hinder both sides and may be the K.C.I. more than their opponents, as they are lighter team.

St. James' and Crescents.

St. James' and Crescents will also clash on Queen's campus on Saturday afternoon and should play a very close game. They played last Saturday and St. James' won out by a narrow margin, and the Crescents hope to turn the tables in to-morrow's game.

Sporting Notes.

Oshawa will have a new rink, and a junior O.H.A. team this winter. Owen Sound will have a team in the O.H.A. intermediate series this winter.

Thirteen players have been killed in United States football this year already.

Columbia University has decided to restore football to its list of sports in 1908. Later-class games are to be resumed at once.

The Eastern Baseball League season will open next season on April 23rd, with the western teams in the east.

"Eddie" Burke, once a famous hall player with the New York Giants, and a member of the Toronto team in 1888, is dead at Utica.

According to The Express, experts who know the game of Golf, and Burns think that the Canadian will not last ten rounds with the gunner. There is every promise that a record crowd will witness the contest.

Percy Kerwin walked from Hapilton to Toronto in 6 1/2 hours, 542 p.m., which is certainly a record for the course and the roads were heavy with mud at that. He had 14 hours to do it in, and his time was 11.30.

Edward Pavson, Weston, completed his 1,234 miles walk from Portland, Maine, to Chicago, at 12.15 o'clock yesterday. Weston broke, by one day, three hours and twenty-five minutes, a record made by him forty years ago, on a trip to Chicago, over practically the same route.

The game between Montreal and Peterboro, to-morrow, in Montreal for the dominion championship, is attracting much local interest and the backers of both teams are about equal. Many hold out that the western team can put it over "Chaucer's" bunch, but just as many are of the opposite opinion.

It is said that "Connie" Mack is getting tired of "Rube" Waddell, and that he will not be with Philadelphia Athletics next season. The "Rube" is a handy pitcher with him sitting around the ball yard, no matter how bad he may be, and it is likely that some club will grab him up if Mack should decide to let him go.

There is a movement on foot to run a strictly Canadian amateur athletic meet at Madison Square Garden, New York, shortly, and thus carry the athletic warfare into the American A.A. territory, same as the C.A.A.U. did at the Montreal meet. If such meet should take place, the C.A.A.U. had better keep a safeguard on their athletes, or else lucrative positions will be offered the best men to stay in Uncle Sam's domain.

PERTH ROAD BY-LAW

As Passed By the Frontenac County Council.

The by-law passed by the Frontenac county council for the purchase of the Perth toll road, is published at the request of a county ratepayer.

Whereas it is expedient in the public interests for this council to adopt a plan for the improvement of highways throughout the county of Frontenac pursuant to the act for the improvement of public highways of the province of Ontario;

And whereas in pursuance of said act it is expedient for the corporation of the county of Frontenac to purchase the Kingston and Perth Road, a toll road in said county, and to free the same from tolls and to provide compensation for the several townships in said county of Frontenac as hereinafter provided which, by reason of the location of said road, will not benefit proportionately by a grant of the several specified amounts as hereinafter mentioned to be expended in the improvement of the highways of the said townships respectively and which when so expended will make such plan equitable for the whole, whereas, steps have been taken by the corporation to appropriate the said Kingston and Perth Road, and to free the same from tolls and of said plan for the improvement of highways, and an arbitration as to the price or sum to be paid for the same has been held and the price or sum so fixed is \$7,000.

Be it therefore enacted by the council of the corporation of the county of Frontenac, as follows:

1. That the said Kingston and Perth Road from its southerly extremity adjacent to the limits of the city of Kingston to a point where the Loughboro Central Road runs west from said Kingston and Perth Road be acquired, and taken over by this corporation as a county road and for the said price or sum of \$7,000, to be paid by this corporation, together with \$1,974.92, the costs of this arbitration, to be paid by this corporation to the Kingston and Perth Road company, and that from and after such acquisition and taking over the said road be freed from tolls and that the tolls upon the same be abolished.

2. That pursuant to said plan for the improvement of highways, compensation to be provided for the following townships in said county of Frontenac, which by reason of location may not benefit proportionately by said plan to wit: the township of Barrie, the sum of \$50; the township of Bedford, the sum of \$30; the township of Glendon and Miller, the sum of \$50; the township of Garden Island, the sum of \$20; the township of Howe Island, the sum of \$30; the township of Hinchinbrook, the sum of \$25; the township of Kennebec, the sum of \$25; the township of Olden, the sum of \$35; the township of Oso, the sum of \$25; the township of Portland, the sum of \$25; the village of Portmouth, the sum of \$25; the township of Palmerston, North and South Canoto, \$50; the township of Wolfe Island, \$150; the township of Pittsburg, \$250. The said several sums, amounting in all to \$900, and the same shall be expended in the improvement of the highways of the said townships respectively.

230 INCHES OF SKIN.

Many Grafts Made on Body of Little Girl.

Physicians in the Medico-Chirurgical hospital, of Philadelphia, have pronounced successful the most remarkable operation of skin grafting in medical annals. The case is that of Mildred Muriel Hall. The total grafts amounted to 230 square inches and were taken from the rest of her own body and her mother and brother.

Since the child was burned last April the mother has consented to three operations. Three months she remained in the hospital while the physicians, time after time, took away the cuticle from her body and grafted it upon burned places, where flames had destroyed the natural skin of Mildred. In all, 230 square inches of skin were grafted from her own body that the child might live. And then, when the doctors said she could not submit to another operation Edward volunteered to furnish the rest of the skin which should be needed to make his sister well. Thirty square inches of the cuticle were taken from his legs.

Uncle Remus' Visit.

Atlanta, Georgia, December 1. "If I were president I'd have a brass band in front of the White House and a brass band in the rear, playing all the time, and I would have a regiment of soldiers out in the yard on dress parade. It's a big job, being president," said Jock Chandler Harris (Uncle Remus), when he reached Atlanta from Washington, where he had been to dine with President Roosevelt.

"The president is a mighty fine talker, and he gave us a sure enough welcome. I'm glad I went, and I shall always recollect the trip with pleasure. He's got a mighty fine family, too."

"The president said when I went in that he was glad to see me."

"I said: 'Yes, sir, Mr. Roosevelt; but I'm a mighty skered man,' and I certainly was."

Stanfield's Underwear (Chapter 4)

The Stanfield mills are monuments to the value of good machinery. The wonderful spinning machines do an incredible amount of work, and do it better than even the best spinning wheels can do.

As the Maritime farmers send their best wool to the Stanfield mills, it is washed—carefully sorted—and shrunk. It then goes to the combing machines, which comb out all short lengths, weak strands, and leave only the toughest, springiest wool.

This goes to the Spinning Machines, where 18 machines do the work of 16,546 women with spinning wheels.

It is by using such improvements that Stanfield's Unshrinkable Underwear can be so good and yet cost so little.

The pure Nova Scotia wool—the best in the world for Underwear—insures warmth, comfort and wear. The Stanfield process of taking the shrink out of the wool, before the garments are woven, makes absolutely unshrinkable underwear.

The Stanfield way of combing, knitting, cutting and sewing (which will be described later) insures the completed garments being satisfactory in every way.

Stanfield's Underwear is made right here in Canada. There is no duty to pay on it. It is made by Canadians, who know what Canadians need in the way of protection for Canadian winters.

It is made in all sizes for men and women—from 22 to 70 inches.

RED label means light weight—BLUE label means medium weight—BLACK label means heavy weight. Your dealer has all sizes and weights, or can easily get them for you.
