#### Another Triumph In Canada.

#### President Edward Bousquet Lauds In Glowing Words.

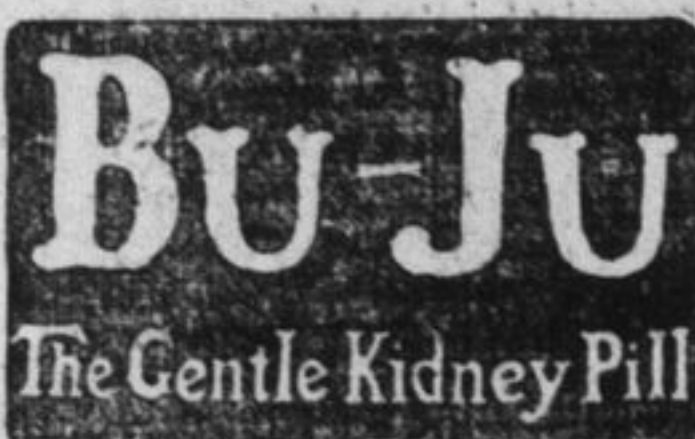

Mr. Edward Bousquet, 248 a Panet street, Montreal, Can., president of Barber's International Union, Local 455, writes: "For several years I have suffered from catarrh. I tried many remedies with little or no results. I was advised by a friend to try Peruna, and after using a few bottles, I am much relieved. I believe Peruna to be the greatest known catarrh remedy of the age. I cheerfully recommend Peruna for catarrh."

The truthfulness of Mr. Bousquet's statements cannot be questioned. He has given a clear and frank recital of his experience with chronic catarrh, and how Peruna helped him when all other remedies failed.

Such a simple treatment. So absolutely certain to cure. Just take Bu-Ju. Not a few doses—'t stop even after a few boxes. Give Bu-Ju a fair chance—take it faithfully; carry out the directions exactly; and Bu-Ju will cure you as surely as a 2 and a make 4.

bu-ju cures Muscular Rheumatism, Inflammatory Rheumatism, Sciatica, Lumbago, because it removes the CAUSE of these troubles.

YOUNG'S POINT, P. O. "Have tried your Bu-Ju Kidney Pills and found them very beneficial for Rheumatism and pain in the back. They are certainly a blessing. My husband is also receiving great benefit from Bu-Ju. He has had great pain in the small of his back, but is so much better now."

Mrs. A. C. KIND. Rheumatism, in any form, means irritated nerves, and is caused by uric acid being deposited in the blood stream. The only way uric acid reaches the blood is through weakness or disease of the kidneys. The only way to cure weak, diseased kidneys, and thus cure Rheumatism, is to take Bu-Ju. ### The Largest Jack Manufacturer in the World Writes about

Regarding your Zutoo Tablets I beg to say: I have been a sufferer from headache since childhood and have used all, or nearly all, of the so-called "cures" on the market, till warned by my physician to discontinue their use on account of their bad effects on the heart. Some months since my attention was called to your Zutoo Tablets and I have been using them ever since with the most gratifying results. I find they cure a "side" or "nervous" headache in a few minutes and leave no bad effect. My family use them whenever needed with equally good results. I have frequently given them to my friends who were suffering from headache and they never fail to give quick relief. I find them a good remedy for "sour" stomach as well as headache. Tablets carry them in my grip on the road and would not be without them at any cost. A. O. NORTON, 266 Congress St., Boston, Mass.

## SENT RIGHT HOME

### EAR LOW NECKS AND ALSO COCKTAILS.

#### Women Blamed by Women For Drinking Habits of Youths and Stringent Measures Are Urged.

New York, Dec. 3.—Not only should young girls be sent straight home after the theatre, and not permitted to go to restaurants with their escorts, but that the adoption of this rule would do away with the drinking by young men, is the assertion made by Mrs. John Alton Harris, a prominent society woman and member of the now famous Philoclan Club, which according to Mrs. Dr. Wallerstein, its president, is in the field pledged to end cocktail drinking in public and the wearing of low-neck gowns.

"I heartily agree with everything Mrs. (Dr.) Wallerstein said," said Mrs. Harris. "Young women should not be allowed to go to after-theatre suppers and I think that a Dutch neck is sufficiently low for a first or second season debutante. A mother with young boys should be especially strong against this habit of girls drinking, for it has come to be expected that drinks are to be ordered. When a young man takes a drink out to dinner or luncheon, it is assumed that she does not object to drinking and in this way she is responsible for his drinking. If the girls did not drink as much as they do, boys would not. I am not sorry to have to acknowledge it, but I think girls are in a great measure responsible for young men drinking as much as they do."

"I must confess, though, if I wear anything but low-necked gowns I shall have to have my clothes remade. I have always worn them, but it is what is done before the public that a woman, whose example counts, should be particular about. It is more modest for a young girl to stick to a Dutch neck. Where there is doubt, give the benefit to modesty."

### Kill Groom.

Promontville, Pa., Dec. 4.—While the festivities in celebration of his marriage were at their height, yesterday, George Dea, accompanied by several friends, left the house to urge a friend living nearby to join in the fun. They had gone but a short distance when half a dozen men, supposed to be rejected suitors of Dea's bride, leaped from hiding. One of them dealt Dea a blow which fractured his skull and caused his death a few hours later. Dea's friends endeavored to assist him, but were forced to retreat. In the middle of the melee John H. Jackovic, a guest, was hit in the face by a bullet and seriously injured.

### Joy May Kill.

Pittsburg, Pa., Dec. 4.—Joy may cause the death of Mrs. Ella Winters of McKeesport. Her husband, Albert Winters, who was suspected to be in his grave in Monkey Hill cemetery, Panama, walked into her home one night without knocking and unannounced. Mrs. Winters was so overcome with joy that she collapsed, and physicians have been working over her since to restore consciousness. Winters left for Panama two years ago, and within a month his wife was notified that he had been killed while at work on the canal. Since then he has been in mourning.

Deeks, Toronto, and Mrs. David Thompson, Montreal, and one brother, Angus Cameron, of Oil City, Pa. W. Deeks, of Kingston, is a nephew.

Toronto, Dec. 4.—The resolution of the county Orange lodge, declaring against an Orangemen voting for a Roman Catholic, which was brought forward at a meeting of Victoria lodge, some days ago, has been declared unconstitutional by Dr. Sproule, grand master of the Grand Orange lodge of British North America. A letter to this effect has been received by the county master and will be communicated to the lodge at its next meeting.

## THE SPORT REVIEW.

### Interesting News From the Various Sporting Fields.

#### Burns has been challenged by Jim Roche and Jack Palmer, two English fighters.

#### "Chaucer" Elliott, the wizard rugby crack who fitted Montreal for grand finish of Saturday, is the way the Montreal Herald describes the Kingston coach.

#### Under the terms of the athletic truce all the inter-provincial rugbists are eligible to compete for places on the Canadian team for the Olympic games.

#### Next year the Wanderers hockey club, of Montreal, will be in an international hockey league, which will take in Montreal, New York, Pittsburgh and Chicago at least.

#### The Winnipeg Hockey Club has decided to remain in the amateur ranks rather than submit to the ruling of the pro league that they must play a test game with the Maple Leafs, who hitherto were regarded more as intermediates than seniors.

#### Jockey "Dan" Maher continues to ride next season for Lord Derwin, and so far has no second retiree, and he would only accept one in the event of Lord Rosebery wanting him. Maher does not propose to visit America this winter. Several English jockeys have engagements taking them to India this winter.

#### The Royal Swedish Yacht Club has decided to let the challenge for the America's cup drop. William Olsson and H. Kyhlberg, of Stockholm, representing the club, have declined to subscribe a large amount of money for the building of a challenger, were unable to raise the money at present, owing to the financial stringency in Sweden.

#### The English Amateur Athletic Association have decided to appoint seven delegates to confer with the National Cyclists' Union with regard to the dispute that has arisen over the latter's right, under the agreement, to sanction professional foot races at amateur cycling meetings. There is trouble abroad as well as at home.

#### New York Sun: At his best Burns does not class with such noted heavyweights of the past, as Corbett, Fitzsimmons, Sharkey, and McFadden, the great Jack, but he is the best white man at the weight in this country at the present time, although many believe that "Jack" Johnson, the big negro pugilist, will in time give him the fight of his life.

#### Cotter, the Burlington long distance runner, says the New York papers misrepresented him in the Yonkers, N.Y., mile race, which he had offered to "blow up," but that he was disqualified at the twentieth mile, and compelled to pull out of the race. He was told that he was being paced by a professional runner, a witness from the hotel he stayed at, who volunteered to accompany him over the course. Cotter says he got a raw deal. He thinks he would have won the race had he been permitted to finish the course.

#### Brusso, the Canadian pugilistic champion, is of German extraction, not French, as generally supposed. He employs no business manager, preferring to manage his own affairs, and bank the salary which a manager would have to pay. Noah is chiefly a house pugilist, and to barocco, and during the seven years he has been in the ring has amassed a modest fortune. He is proud of being a Canadian, and never fails to announce himself as such. He has fought his way in less than five years from obscurity to a position which no pugilist has heretofore attained. Mrs. Brusso is a member of a prominent old southern family, with an inherent aversion to the negro. For this reason Brusso avoids "Jack" Johnson and it is doubtful whether the pair will ever meet.

### Small-Box In Belleville.

Belleville, Ont., Dec. 4.—The board of health of this city, has given out a statement in regard to small-pox conditions. The disease, in a very mild form, has prevailed here for some time but is now well under control. There are at present four cases in the emergency hospital, and seven cases nearly well, all quarantined. The board of health makes the statement to allay wild rumors about the conditions existing here.

### Entered Houses.

Chatham, Ont., Dec. 4.—Nine houses were entered by burglars, on Victoria street, last night, among them that of Police Magistrate Houston. Money was the only thing sought, and it was obtained at a number of places. The houses entered were those of M. Houston, loss, a plum pudding; John Walker, K. C. C. Frank Laurie, \$8; S. Martin, \$2; J. S. Black, William Ball, W. J. Moore, small loss, and J. C. Fleming. There are no clues.

### To Accept Big Gift.

Swarthmore, Pa., Dec. 4.—Some time ago the will of the late Anna T. James bequeathed Swarthmore College college lands said to be worth the college a handsome sum of money. Yesterday President Swain of Swarthmore said he doubted the wisdom of accepting without qualification the conditional gift, but that he was willing to try the experiment.

## NEWS FROM QUEEN'S

### ALMA MATER BALLOTS WERE STOLEN

#### But Returned After New Ones Had Been Printed—The Musical Clubs Will Not Go on Tour.

The annual meeting at which the Alma Mater candidates address the students, was held in Convocation Hall yesterday afternoon. The meeting was nominally one of the Arts Society, but in reality it was an assembly of all the students of the university. A hearing was accorded the candidates for the more important offices, but the aspirants for minor honors did not require to delight the audience with Ciceroan eloquence. They were merely required to stand at the front of the hall for a few moments, during which they were heartily applauded by their supporters, or were made the victims of merry jokes from every part of the hall. When the proper terse expression is hurled at the candidate at the proper moment, the result is the humor, which even the most solemn and sober of men, of such there were many yesterday afternoon. The result was that, with the applause, the fun-making and the consequent laughter, the majority of the candidates of the Alma Mater, representing the G.T.R. and J. C. O'Donoghue, of Toronto, representing the telegraphers. Prof. Shortt's political science students are watching with profound interest the progress of the plan, set forth in the Lemaux bill, as it is the most recent of the numerous methods adopted in America for the solution of problems pertaining to trade unionism and, more generally, to "the great evil" faced between capital and labor.

There was a large attendance at the regular fortnightly meeting of the Philosophical Society, on Monday afternoon, when R. J. McDonald, M.A., delivered an instructive address on "The Beginnings of Greek Philosophy." At the next regular meeting Prof. G. G. Campbell will speak upon "Roman Religion."

The various committees in charge of the annual convocation are hard at work and are giving points to its unprecedented success.

The M. C. Cameron scholarship in Gaelic, of the value of \$40, has been awarded to Norman McDonald, whose proficiency in the Highland tongue is already well known among the students. Mr. McDonald is numbered among the representatives of the province in the convocation who are attending Queen's College. He has been elected president of the freshman year in arts.

M. R. Bos, represented the Arts Society, at the annual dinner held under the auspices of the arts students of the university of Toronto, last evening.

The ladies of the college Y.W.C.A. have arranged to take orders for Queen's banners and year pennants, from those who failed to secure them at the association's annual sale, two weeks ago.

The thieves of a large supply of election tickets from a private room and their subsequent return after another supply had been printed, are probably being in an important trial at one of the student court sessions to be held shortly.

The musical committee has abandoned the project of having a tour for the musical clubs this session, as sufficient quantities could not be secured from the towns along the proposed route. However, the clubs will continue their practice in view of the city concert in January, and the entertainments which will be held in several of the towns contiguous to Kingston. The Glee Club has already arranged to go to Odessa, on the evening of Tuesday, December 10th.

The finance committee of the final year at home reports a substantial surplus as a result of that function.

It was officially announced to the students yesterday, that Prof. R. R. Carmichael, associate professor of physics, had been obliged, through ill-health, to temporarily discontinue his professional duties. He will sail in a few days for the Bermudas, and it is hoped that the more congenial climate of those islands, will bring about a complete restoration of health. The announcement was received with profound regret by the students, among whom Prof. Carmichael is exceedingly popular, both in and out of college. The remaining members of the physics faculty have arranged to take charge of his work during his absence, as he expects to return in the spring, prior to the closing of college.

F. H. Huff, '10 science, went to the hospital, yesterday, as he is threatened with an attack of diphtheria.

Dr. Sheard, Toronto, asked for \$25,000 additional to keep the city streets clean.

Mrs. Nancy McGee was struck by a Grand Trunk train near Riverdale station.

## TO END CHINESE PIRACY.

### To Leave Hong Kong For West River.

Hong Kong, Dec. 4.—Three British torpedo boats and four destroyers, fully equipped have left this port for the West River, on an expedition for the suppression of piracy. The resentment among the Chinese is intense.

Recently Vice-Admiral Sir Arthur Moore, commander-in-chief of the British-Chinese station, visited the viceroy and demanded indemnity for damage done to British commerce by the pirates. The admiral found that the viceroy was in sympathy with the Chinese in resenting foreign interference with matters that were the concern of the Chinese government and declined to consider the matter of British aid in suppressing the marauders. The admiral gave him until the end of November to reconsider his decision.

### Berry Lodge Of 'Prentice Boys.

At a regular meeting of Berry Lodge, No. 1, of Prentice Boys, held on Monday evening, the following officers were elected for the year 1908: Worshipful Master, H. A. Graham; D.M., Alexander Reid; chaplain, John Clancy; recording secretary, William Deane; treasurer, Charles G. Clarke; D. of C., Thomas Francis; inside tyler, William Morrison; outside tyler, William Wilson; foreman of committee, William Deane; secretary, A. W. Richardson, M.D.; finance committee, Robert Wright, Thomas Mackenzie, Samuel Kirk; lodge committee, William Moore, John Hall, James Turner, T. E. Monzies.

### Catholic Paper's Opinion.

Canadian Freeman, Alderman Toye, the popular candidate for the mayor's chair, for 1908, is meeting with every encouragement in his canvass of the electorate. He has generously given ten good solid years to the citizens as alderman and during all that time has made a success of matters in connection with the city, especially the light plant, where he certainly has been the means of saving hundreds of dollars in the interest of the taxpayers. It is only right that Mr. Toye should be elected as a reward for past services and there is no doubt but that he will have a large majority.

### Unfortunate Accident.

A rather unfortunate accident, to-day, was the breaking of the main belt at Richardson's elevator, thereby delaying the unloading of the steamer Nevada. Three more grain boats are expected before the wind-up of the season, and the accident occurring just at this time makes it rather hard, when an effort is being made to get in all the grain before the severe cold weather sets in. Had the accident not occurred, the vessel would have been able to clear to-night.

### Concerns Wrecked.

Constantinople, Dec. 4.—As a result of the monetary difficulties in the United States a series of failures have occurred here lately culminating, yesterday, in the suspension of a big Armenian banking and commercial establishment in Stamboul.

### The Statements Denied.

New York, Dec. 4.—Officials of the United States Steel Corporation, make denials of reports, recently circulated, that the company had posted notices in Pittsburgh and other cities announcing a reduction in wages to be made on Jan. 1st.

### Acting for the estate of J. M. Staebler, the Trusts and Guarantee company has filed a petition for the winding up of the City Laundry of Toronto. The company was incorporated with a capital of \$150,000, of which \$88,000 is paid up. The Staebler estate holds \$20,000.

Bentley Nesbitt is a candidate for the mayoralty of Toronto. Ald. McElgie has retired from the field. "Chamois vests." The good warm kind are sold at Gibson's Red Cross Drug Store.
