

NED NURSE

erence, Advises Women in to Their Health.

...ness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, dizziness and hopelessness, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

No other female medicine in the world has received such widespread and unqualified endorsement.

The needless suffering of women from diseases peculiar to their sex is terrible to see. The money which they pay to doctors who do not help them is an enormous waste.

It is well for women who are ill to write Mrs. Pinkham, Lynn, Mass., The present Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, her assistant for many years before her decease, and for twenty-five years since her advice has been freely given to sick women.

Compound succeeds where others fail.

Black Chevots, at \$18 and \$20.

THE OLDEST MAN IN AMERICA

Escaped the Terrors of Many Winters By Using Pe-ru-na.

Mr. Isaac Brock, 118 Years Old Last Birthday.

ISAAC BROCK, a citizen of McLennan county, Texas, has lived for 118 years. For many years he resided at Bosque Falls, eighteen miles west of Waco, but now lives with his son-in-law at Valley Mills, Texas.

IN speaking of his good health and extreme old age, Mr. Brock says: "After a man has lived in the world as long as I have, he ought to have found out a great many things by experience. I think I have done so."

"One of the things I have found out to my entire satisfaction is the proper thing for ailments that are due directly to the effects of the climate. For 118 years I have withstood the changeable climate of the United States."

"I have always been a very healthy man, but, of course, subject to the affections which are due to sudden changes in the climate and temperature."

"As for Dr. Hartman's remedy, Peruna, I have found it to be the best, if not the only reliable remedy for these affections. It has been my standby for many years, and I attribute my good health and extreme old age to this remedy."

"It exactly meets all my requirements. It protects me from the evil effects of sudden changes; it gives me strength; it keeps my blood in good circulation. I have come to rely upon it almost entirely for the many little things for which I need medicine."

Told in Twilight

(Continued from page 2.) The Rev. Professor and Mrs. Donald Ross, Alfred street, entertained, at tea, yesterday, in honor of Dr. Ross' "divinities."

The Rev. Professor and Mrs. Donald Ross, Alfred street, entertained, at tea, yesterday, in honor of Dr. Ross' "divinities."

Mr. E. T. Taylor, of the Royal Military College, was hostess at a ladies' bridge last night. The players were Mrs. T. D. R. Hespaning, Mrs. F. D. Lafferty, Mrs. Kenneth Blair, Mrs. John Bell Caruthers, Mrs. Arthur Flower March, Mrs. Walter Macnee, Mrs. Ramsay Duff, Mrs. John Macnaughton, Mrs. James Gilderleeve, Mrs. Herbert Saunders, Miss Helen Sawyer, Miss Helen Fowler, Miss E. Macdonell, Miss Beekie, Miss Lily Norton-Taylor. There were no prizes, play being entirely for love, and "the rigor of the game."

A number of young people, bent on making a good time for themselves, went out to "Willow Cottage," on Thursday evening, and found there a warm and hospitable as if he hadn't been surprised, but had planned it all herself. Games and music filled in the time till the hours ran in to the morning. Mr. Ferris and Mrs. Ramsay Brooke helped greatly in making the impromptu affair entirely successful.

Mr. C. F. Lavell will be at home for the first time since coming to Kingston, in her new home, 239 Albert street, next Tuesday, December 10th. Mrs. O. J. Stevenson, who is present on business at Remondy House, while her own home is being put in order, will receive with Mrs. Lavell. This last-named hostess will receive on the second and fourth Wednesdays of the month during the season.

Mrs. John Jenkin, Princess street, gave a very enjoyable tea, on Thursday, when her guests numbered twenty. The room was decorated with garlands of white, trimmed with pink flowers and greenery. Miss May Mills opened the door, and Miss Ada Jenkin and Miss Ruby Donnelly assisted her in making the tea most pleasant.

Mrs. James Henry, King street, gave an informal little tea, yesterday, for Mrs. Henry Wilkinson, about twenty of her old friends being invited. Mrs. J. C. Connell made the tea, Miss Florence Birch, Miss Beatrice Birch and Miss Effie Robertson assisting her in dispensing it.

The Country Club has been the scene of two dinners, this week, with men as guests: last night Major E. N. Meney was host at a very enjoyable one, and to-night a number of the men have organized another dinner party.

Mrs. Norman Stuart Leslie, Bagot street, entertained at dinner, on Wednesday night.

Mrs. James Cappon, Barrie street, will give a small bridge party, next Wednesday.

Mrs. William Anglin, Earl street, will entertain in honor of some of the Queen's students, on Tuesday night.

Cards are out for a tea at Mrs. Cornelius Bermingham's, Barrie street, on Tuesday, December 10th.

There is to be an informal dance for one of the younger girls and her friends, next week, but we've been asked not to mention any names till after it is over. This with the Barbers' ball on the 18th, is giving the younger set some things very pleasant to look forward to.

Mrs. Hugo Craig and her baby are home from the west and will spend the winter with Mrs. George Fenwick, University avenue. Mr. Craig may be here to spend Christmas with Mr. and Mrs. James Craig, Princess street, and it is hoped that Mrs. Adams will be able to remain about a fortnight.

Mr. and Mrs. Edwin Adams will be up to spend Christmas with Mr. and Mrs. James Craig, Princess street, and it is hoped that Mrs. Adams will be able to remain about a fortnight.

Miss Mona Knight, Alice street, is home from Ottawa.

THE SCIENCE DINNER

DEPUTY MINISTER OF RAILWAYS PRESENT.

Principal Gordon Toasted "Our Country"—Prof. Watson's Remarks About Receiving the Yellow Men.

Two hundred and fifty science students and guests were present at Grant hall, last evening, on the occasion of the annual science dinner, held under the auspices of Queen's Engineering Society.

Shortly after seven o'clock the strong of prospective guests gathered behind the society's president, R. O. Sweeney, escorting the guests of honor, and proceeded to the handsomely prepared banquet hall, where Caterer Harris had everything in readiness.

The tables set in the form of a huge "E" were speedily occupied, the grace being pronounced by Principal Gordon. After the excellent five-course menu had been done full justice, the toast list was commenced, an introductory number, the science faculty song being rendered by T. Carling, a freshman. During the evening, the Grand Opera House orchestra, seated on the platform, played live music.

Principal Gordon toasted "Our Country" in eloquent terms. We Canadians, he said, have discovered ourselves and are properly proud of our country. The fact of the rapid growth of Queen's engineering faculty was one sure tribute to the great resources of Canada.

Referring to Prof. Brock's prospective departure from Queen's, he expressed regret at the loss to Queen's by that gentleman being called to a higher office, if such a move, from a professor's chair at Queen's to a government position, could be called a promotion.

First to respond to this important toast was Mr. J. Butts, deputy minister of railroads and canals. He first presented regrets from Hon. G. P. Graham, his principal, who, through stress of parliamentary business, was unable to leave Ottawa.

Referring to the various provinces of our dominion, he made special reference to the principal characteristics of each. In the system of government of Canada, he said, he considered the purest form of democracy in the world.

With such a country the supreme question is, what have we done to benefit from our opportunities? Statistics proved that in trade, railroad construction and earnings, canal building and extensions, the future of our country is one full of hope for all of us.

The completion of the national transcontinental railway will produce the greatest rail route of the world. Queen's University, he said, has ever taken a foremost place in producing men prominent in all the professions.

Prof. Watson, whose name was also coupled with this toast, said that although he was a Scotchman born, he was satisfied with Canada, and was determined to remain. Ours is a tremendous country physically, wonderful in its variety of features.

Referring to the question of annexation with the United States, he had at first had that dream, but now he is convinced that this had been the foolish dream of a youth. Canada is a country herself, and has a destiny of its own.

Her future we cannot tell, but judging from the start we have made and the stock of which we are composed we will always be true to the great principles of humanity, and if at any time we should sever ourselves from the mother country it will be only after an unanimous decision of our people and resulting from no outside influence.

Referring to the Japanese problem, he considered that when our country has her eighty million or so inhabitants, it will be time enough to let her in the yellow men to do the work we do not care to do.

Prof. William Nicol was given a hearty reception on his rising to toast "Our University." The preliminary remarks, consisting of a brief review of the origin and growth of Queen's. The toast was duly honored, eliciting a brief but happy response from Prof. Jordan of the theological faculty.

THE VERY LATEST CALLED FROM ALL OVER THE WORLD.

Some married Toronto women desire to have votes. King Oscar's coronation, this morning, is distinctly worse.

The failures in Canada this week were 2; same week 1906, 32. There are 425 dead in the West Virginia mine; some 100 bodies have been recovered.

Albert Honeyhall, an Englishman, was found starving on Clarence square, Toronto.

J. Herbert Golde, Metcalfe, choked on a piece of meat and died before he could be relieved.

Dr. Beatrice Nesbitt has definitely announced himself as a candidate for the Toronto mayoralty.

The New Ontario Trading company has assigned to N. L. Martin, Toronto, with liabilities of \$40,000.

Miss C. C. Dover was fined \$35 by the Toronto police magistrate for a breach of the medical act.

Thomas Richardson, Windsor, swallowed carbolic acid in the presence of his wife, with fatal result.

John Bain, Stratford, an engineer on the Wabash railroad, was scalded to death in a collision at Buffalo.

Dr. Corning, mail telegrapher, Moncton, N.B., is serving a sentence of imprisonment for violating the Scott Act.

The Dundas Advertiser opposes the All-Brit scheme, on the grounds that the Panama canal will provide a shorter mail route to Australia.

The Ontario court of appeal has decided that Jake Sunfield must die on December 27th, for the murder of Andrew Babych, in Hamilton.

Rev. Dr. Nelson has resigned the pastorate of Knox church, Hamilton, and accepted the call of the Park Avenue church, Minneapolis.

Seventy-six Bulgarians have been selected for deportation as soon as the Dominion government can start them back to Servia. These men are without money.

At Horvingsville, Ky., night riders destroyed \$200,000 worth of property at an early hour on Saturday morning. Hundreds of shots were fired and several were badly injured.

The ice breaking car ferry steamer Charles Lyon built by Polson Iron works, Toronto, for the Canadian Pacific and Passenger Transport company, was launched this afternoon.

The board of control, Toronto, decided to organize a campaign on behalf of the power by-law, and not to accept an offer from the Toronto Electric Light company to hold joint meetings.

A proclamation for the revision of the voters' lists for unorganized electoral districts, under the Ontario voters' list act, has been issued. This revision in ordinary course would not take place until February.

Frederick D. Baker, an English lad, about twenty years of age, fell from the lower roof of the new government elevator, Port Colborne, Ont., on Saturday morning, a distance of 175 feet, and was killed.

Narcisse Farreau, butcher of Longueville, was killed in a runaway, on Friday night, at the falls of the Victoria bridge. He was thrown from his sleigh just as the horse turned off the bridge roadway and struck his head against a hydrant.

REST AND SLEEP. Cures For Brain Fog and Nervous Exhaustion. Sleep is the best and cheapest medicine, and it is within the reach of everybody. We require as much sleep as we can procure. We may work at high pressure if we sleep when we are overworked and under sleep irritability, insomnia and neurasthenia are almost certainly in store. One of the prime causes of ill health among men and women who have to work with their brains is neglect of sleep. The woman who curtails her sleep begins to worry.

Insistent sleep in the first instance is a common cause of fatigue. Rest and sleep are the only rational cures for brain fog and nervous exhaustion. It is the highly developed mind that is liable to worry, the alert, highly strung individual, who is prone to suffer from sleeplessness. The country yokel can almost sleep and nobody ever saw a wastrel sleep, but the higher the type the greater the need to rest, and a sufficient amount of sleep.

Neglect of sleep is perhaps the most fatal error made nowadays by busy people. Sleep is the only rational cure of it. It is the natural safeguard against brain fog and nervous exhaustion. It is always the highly developed, energetic individual who is the first to suffer from worry and sleeplessness.

HIS FINE WAS PAID. Edward Holder Was on His Way to Jail. Edward Holder was a very lucky man to-day. In the police court he was fined \$5 and costs, or a month, on a charge of being drunk and disorderly. He had not the wherewithal to pay the fine, so had made up his mind to go to jail for the month. It was while on the way to the jail that he met with the good luck. While Constable Timmerman was on the way to the jail with him a citizen who had a job for Holder, paid out the \$7, the amount of the fine and costs, and Holder was made a free man. He is a good carpenter, and the citizen had some work for him to do at once.

Instead of going to jail, Holder went to work. Surely this was good luck.

Jail Will Be Overcrowded. The jail will be filled to its utmost capacity this winter, and extra accommodation may have to be provided. The police magistrate may perhaps have to send some of his visitors to the Central prison. No volunteers, however, are wanted at present. Two vagrants who were here a couple of days ago, were hustled out of town. They would have liked better in the jail for the winter, but there were no beds for them, and they were placed aboard a train.

Coast sale at Waldron's, half price.

Good News To The Ladies. Johnston & Co. have been fortunate in securing the services of Mr. Creamer to take charge of the ladies' department. Mr. Creamer has had many years' experience as cutter and fitter in high-class houses, and was lately occupied as assistant cutter with the firm of St. Pierre, of Montreal. A trial order solicited.

Wanted Sheep Without Cotton. Henry Clews, the banker and author, was talking at the Union Club in New York about a certain financier. "No wonder the man is so successful," said Mr. Clews. "He is the most suspicious fellow I ever heard of. In fact, he reminds me of a Stanfordinshire farmer my father used to tell of. This farmer, whenever he bought a flock of sheep, examined each sheep closely to make sure that it had no cotton in it."

Robert E. Knowles' New Book. The author of "St. Cuthbert's" has just issued a beautiful Canadian tale of Christmas, entitled "The Dawn at Shanty Bay," illustrated, and shows the author at his best in drawing character and painting life in the colors of tender love and pathos. Holiday edition, \$1, at R. Uglow & Co's.

According to Dr. Knight's official report to the meteorological service, the highest and lowest temperatures in Kingston during November, were 53 degrees and 13 degrees respectively. Boy's sweaters, extra strong, 66c, mittens, 10c, 15c and 20c. New York Dress Reform.

Howard S. Folger left to-day, for New York and Washington, on business.

J. B. Carruthers returned from New York to-day, after visiting his son, Russell H. Britton, Gananoque, is visiting friends in the city.

Christmas gifts for each member of the family at Beate's.

Christmas perfumes at Chown's.

Improve Your Education and Increase Your Earning Power. Day and Evening Classes at the Frontenac Business College, Barrie and Clergy Sts. T. N. STOCKDALE, Principal. Phone, 680.

Had Palpitation of The Heart EVER SINCE SHE WAS NINE YEARS OLD, MILLBURN'S HEART AND NERVE PILLS RESTORED A COMPLETE CURE. If you find your health failing, your food apparently doing you no good, your heart beating irregularly—now slow, now skipping a beat now and then, palpitations or throbbings on the slightest exertion or emotion, pain in the region of the heart, face pale, dizzy and faint spells, those all point to heart weakness, to nerve derangement, to a state of health consequent upon those which, if not corrected and cured by Millburn's Heart and Nerve Pills, will surely end in utter prostration and hopeless invalidism.

From the deep many have been raised by this remarkable remedy, as its power is beyond all question most marvelous; but, why wait until you have gone so far? Taking these pills now will turn you from the perilous path of sickness and put you on the highway to health.

Miss Mary Wilson, Toronto, Ont., writes: "It is with the greatest of pleasure that I recommend Millburn's Heart and Nerve Pills. Ever since I was nine years of age I have been afflicted with palpitation of the heart, pain in my side and nerves. As I grew older it kept increasing, having tried numerous doctors' medicine, but to no avail. I was induced to try your pills, and after using several boxes I began to improve, so kept on taking them for some time until now I can truthfully say I am in perfect health."

Millburn's Heart and Nerve Pills are 50 cts. per box or three for \$1.25, at all dealers or The T. Millburn Co., Limited, Toronto, Ont.
