FIVE YEAR COURSE

Adopted By the Medical Faculty

of Queen's University. The medical faculty of Queen's University has adopted the five-year dicine, to apply to students entering upon their medical studies in September, 1908, and thereafter. The regulations of the Ontario Medical Council will apply to the university course. These permit of three options for the fifth year. The examinations will be practical and clinical.

The faculty has arranged a diploma post-graduate course in public health and sanitary science, and it has also established a higher degree of doctor of science which will be available for medical graduates for original re-
