SOME CIVIC MATTERS

QUESTIONS TO BE ASKED ON JAN. 6TH.
Collegiate Fee Question and Road Improvement By-Law—Only the Best Horses For Fire Department.

There will be two important questions for the ratifiers to vote upon at the municipal elections in January besides marking their ballots for mayor, alderman and school trustees, and it would be well for them to give a little thought to these questions during the next two weeks. One of the matters is a plebiscite upon Collegiate Institute fees. The ratifiers will signify whether they are in favor of making the college wholly free of charge, or of making the first term free. It was understood that the board of education was to give the people some light on this matter, but none has yet been forthcoming. However, the Whig will endeavor to present the case concisely before the end of the month. The other matter upon which the people will vote will be upon a by-law to expend \$12,000 in road repairs. The board of works has decided to advertise the benefits of this by-law, and the people will have every chance to post themselves.

Sound Horses Needed.
Ald. Carson has been commended for urging upon the city council the advisability of purchasing only the best horses for the fire department. A little more money may have to be paid, but it will be well expended. Good horse flesh and action may some day be the means of saving valuable property from destruction by fire. In future the fire committee would do well to accept no horses that would be rejected if offered by the departments of other places and Ald. Carson knows. For fire purposes only perfect horses are wanted, he says. The slightest blemish should reject a horse from being purchased.

An Excellent Thing.
Habitual constipation and stomach trouble are the dread enemies of so large a percentage of our race, that anything which can be relied upon to give any degree of permanent relief is greatly welcomed.

The following simple and harmless ingredients—all of which are strictly of vegetable origin—have been found invaluable by the most eminent physicians and are well worth trying.

Compound Tincture of Rhubarb, 2 drams; Fluid Extract of Mandrake, 2 drams; Heparidin, 1 ounce, and enough Peppermint water to fill a four-ounce bottle. Shake well and take a teaspoonful before each meal and at bedtime.

Almost A Centenarian.
Cape Vincent, N.Y., Dec. 16.—Mrs. Mary Leachman died early Sunday morning at the home of her daughter, Mrs. John Amo, in the eastern part of this village, at the advanced age of ninety-seven years. She was born in the north of Ireland. She had been in poor health for several years, suffering a couple of strokes of paralysis in the past two years. For the past twenty years she had resided in this village. She is survived by four children, Mrs. John Amo, of this village; Mrs. Mary Waldron, Watertown, and James and John McLennan, Gananoque, Ont.

How Is This For A Record?
Ald. L. L. Henderson, agent of the Montreal Transportation company, in charge of the most rapidly working elevator on the lake, gives the following particulars of a record handling of a big cargo of wheat by his company's elevator this fall: Vessel arrived, 11 a.m.; started to discharge, 11.15 a.m.; finished, 5 p.m.; cargo, 102,000 bushels of wheat. The actual working time, allowing an hour for dinner, was four hours and forty-five minutes.

Rheumatic Relief.
Many people suffer from rheumatism more particularly at this time of the year. Such sufferers may get relief by observing the following instructions: Wear warm clothing, particularly about the knees, ankles and hands. Drink lots of water and abstain from all liquors or acid products. To eradicate the uric acid in the blood get your druggist to mix you the following doctor's prescription: Four ounces syrup of rhubarb, one ounce sweet spirits of vitre, one ounce compound vinosa. Take a dessertspoonful in water after meals and at bedtime. Take lots of sleep, and exercise as much as possible.

WORK ON THE K. & P.
Line Was Cleared Late on Tuesday Night.
The Kingston and Pembroke railway made quick work in clearing the line and putting everything in proper shape, after the wreck at Donovan's Crossing, on Tuesday morning. The line was cleared at midnight, and today all the trains were in time and things in good running order. The company sent an auxiliary with 150 men to the scene, and although the line was opened by midnight, the men worked all night, clearing everything away. It was a fine clear night for the work. Quite a large number of the men went from Kingston, and the sectionmen, all along the line, between here and Sharbot Lake, were summoned. All day Tuesday, the men were transferred from one train to another at the scene of the wreck, and in this way, all the trains were able to make their trip. The passengers on the train that figured in the wreck received quite a fright, but none of them were injured. They considered themselves very lucky in escaping the way they did.

Princess street was given a good sanding, in order to give a fairer vote for all electoral purposes?
10.—Elected, will you, if in your power, veto any attempt on the part of a committee of council, or of council itself, to grant exemption or other consideration to any concern, when, as far as possible, the electors have voted against it?
11.—Will you, without regard to party politics, do your utmost during your term of office, to secure the location of desirable industries?
12.—Can you at the moment, assure us that, as the result of your investigation, and efforts in the capacity of an alderman, you have something definite in regard to securing new industries?

At The Grand.
Comedy Drama Will Be Put on To-Night.
It requires no stretch of the imagination to believe that in Lillian Mortimer's successful comedy drama, "No Mother To Guide Her," which the New York managers, Messrs. Long & Packard, have selected to present the fascinating little comedienne, Miss Alma Hearn, formerly of the Kliment-Hearn company, to her host of Canadian admirers, as an individual star. This clever little lady has made the hit of her career. The production is fresh from eastern circuits. Thrilling climaxes, pathetic cadences, and hilarious comedy are the star's strong points, and the management, it is said, has spared no expense to surround Miss Hearn with a capable, supporting cast, and high class specialties at the Grand to-night.

Underwent An Operation.
Allan Lemmon, soloist in Cooke's company, was taken suddenly ill on Sunday, and on Tuesday underwent an operation at the General Hospital for appendicitis. On Sunday morning Mr. Lemmon was in the choir as usual, and had no cause for complaint. In the afternoon, about four o'clock, he became ill, and his condition became so serious as to cause his removal to the hospital. His many friends look forward to a speedy recovery.

Board of Works Blamed.
According to Ald. Nickle, the blame for the knocking out of the new fire horse rests with Ald. Gaskin's board of works, whose roads, he says, caused cars to develop on the horse's feet in a few days. Perhaps it was the street railway tracks that did the damage. It's up to the board of works members to defend themselves.
