E LIFE

n Are Susceptible to Many Intelligent Women Prepare e Their Experiences.

I took it for five months and then off anon until the critical period had passed, and it restored me to perfect health. My advice to suffering women is to try your Vegetable Compound, and they will not be disap-pointed."—Mrs. E. Powless, Deseronto, Ont.

Another Woman's Case.

Dear Mrs. Pinkham :--"As I owe my splendid health to Lydia E. Pinkham's Vegetable Compound, I am very pleased to write and tell you my experience with it. I am the mother of three children grown to womanhood, and have young and as strong as I did twenty years ago, and I know that this is all due to your woman's friend, Lydia E. Pinkham's Vege-table Compound. I used it before my children were born, and it greatly assisted nature and saved me much pain during the change of life. I took it, off and on, for four years, and had but little trouble and sickness that most women have to endure. -Mrs. James K. Mann, 806 Bathurst St.

Toronto, Canada. What Lydia E. Pinkham's Vegetable Compound did for Mrs. Powless and Mrs. Mann, it will do for other women at this time of life.

It has conquered pain, restored health, and prolonged life in cases that utterly baffled physicians.
