From Skin Disease from Birth Until Six Years Old - Father Spent Fortune on Her Without Benefit -Old Doctor Suggested Cuticura, which Cured Her in Two Months, Leaving

SKIN SOFT AS A BABY'S AND WITHOUT A SCAR

"I have a cousin in Rockingham Co. who once had a skin disease from her birth until she was six years of age. Her father had spent a fortune on her to get her cured and none of the treatments did her any good: Old Dr. Gsuggested that he try the Cuticura Remedies which he did. When he commenced to use it the child was almost in a solid scab. He had used it about two months and the child was well. I was there when they commenced to use your Cuticura Remedies. I stayed that week and then returned home and stayed two weeks and then went back and staved with them two weeks longer and when I went home I could hardly believe she was the same child. Her skin'was as soft as a baby's without a scar on it. I have not seen her in seventeen years but I have heard from her and the last time I heard from her she was well. That is where I became acquainted with Cuticura. I hope this may be of some service to you in the future. Mrs. W P. Ingle, Burlington, N. C., June 16, 1905."
