TOYE'S WORKERS RALLY

CHARGE THAT POLITICS HAVE BEEN INTRODUCED

By Ald. Ross' Side—Ald. Ross was announced for the Mayoralty as President of the Kingston Conservative Association.

A large meeting of Ald. Toye's workers was held in the Whig hall, on Saturday evening. Mayor Mowat, in addressing the assemblage, stated that if they worked as well for Ald. Toye as they did for himself on two occasions, Mr. Toye would be mayor. The result of the election would depend upon how hard they worked on Monday. The mayor spoke of Ald. Toye's long service in behalf of the people, and the great sacrifice he had made. It was only fitting that the citizens should elect him as their chief magistrate as a reward. He also referred to the fact that the News, the organ of Ald. Ross, had not been able to say one word against Ald. Toye's candidature. It has remained silent concerning the mayoralty bill Saturday, when it came out in support of Ald. Ross, but said nothing about Ald. Toye. The integrity and worthiness of Ald. Toye. When the chief supporters of Ald. Ross found that they had not one legitimate objection to Ald. Toye, they resorted to their usual whisperings in the 'by-ways, not daring to declare them openly. That was the kind of campaign being waged against Ald. Toye.

The mayor referred to the announcement of Ald. Ross' candidature by the News, in November. The News contained this paragraph: "Dr. Ross, the energetic president of the Kingston Liberal-Conservative Association, has been asked, and has consented to offer himself as a candidate for the mayoralty for 1908."

Mayor Mowat charged the conservatives with introducing politics into this municipal election. The above paragraph proved that Ald. Ross stood for the mayoralty as president of the Conservative Association, and not upon his record as an alderman, for he had no record as compared to that of Ald. Toye. The latter had entered the field; not as a liberal, but as an alderman who had rendered long and effective service to the city in conclusion, Mayor Mowat said that he hoped all friends of Ald. Toye would be at the polls on Monday to work and elect him.

Ald. Toye was warmly received when he arose to speak. He said that he had been a thorough canvasser of the city; in fact he doubted if any candidate for office in Kingston had ever made as thorough a canvass. He had seen almost every elector in the city. That was as much as he could do. If the people wanted him, he would not criticize their judgment. He had tried to serve them faithfully for ten years, and he thought that if there was any such thing as reward for civic service, it was due him more than Ald. Ross.

Dr. "Jock" Hart, candidate in Cataract ward; J. F. Knapp, in Rideau ward, and Ald. H. N. Robertson, in Frontenac ward. The former predicted a victory in Cataract ward both for Ald. Toye and himself. Ald. Robertson said that a hard fight would have to be put up in Frontenac ward, where Ald. Ross' supporters were prophesying a majority of 300. J. F. Knapp said that he would be able to tell more about his own election on Monday night. As for Ald. Toye, he thought that his prospects in Rideau ward were twenty per cent. better than they looked two weeks ago.

To Cure A Cold In One Day. Take Laxative Bromo-Quinine Tablets. Druggists refund money if it fails to cure. E. W. Groves' signature is on each box, 25c.

Rapid Weather Changes. There have been two rapid weather changes since Saturday. From rain on Saturday evening, the weather turned cold and on Sunday morning the thermometer registered zero. The walks were very slippery as a result. This morning, the thermometer registered a few degrees below the freezing point.

One In Seven Called By Consumption.

A dreadful plague indeed when you consider that in incipient stages it can be cured. Take care of the little cold before it becomes a big one. When the throat is sore and it hurts to expand your chest, rub in Nervine and immediately apply one of Polson's Nervine Porous Plasters. Pain and tightness are at once relieved. Inflammation and soreness gradually disappear and fatal illness is thus avoided. Nervine Plasters act as a counter irritant over the seat of pain, not as an exterior application in curing colds in the muscles, in pleurisy and headaches they have no equal. Keep these remedies right in your home.

DESTROY THE CAUSE.

You Cannot Cure Dandruff Without Destroying the Cause of It.

Many people wash their heads Saturday night or Sunday to try to keep the dandruff down for the week, but on Monday night the scalp has begun to itch, and Tuesday morning will find a good supply of dandruff when the hair is brushed. There is but one real scientific way of curing dandruff, and that is to kill the germ that causes it, and falling hair, and finally baldness. There is only one preparation that will destroy the germ and that is Newber's Herpicide. It is an entirely new discovery, and the only hair preparation that is based on the new scientific principle. In addition Herpicide is a very refreshing hair dressing for regular toilet use. Sold by leading druggists. Send 10c. stamps for sample to The Herpicide Co., Detroit, Mich. Three sizes, 25c. and \$1. G. W. Mahood, special agent.

INCIDENTS OF THE DAY.

Newspapers Picked Up By Reporters On Their Rounds.

Only six furnished overcoats left, 4 of price. Livingston's. A. Stanley and wife, of Ganouaque, have left for Watertown, N.Y. Great January weather. But a cold snap is coming from the North-West.

Dr. J. H. Bell left at noon for Windsor to address a C.O.C.F. gathering, Sunday evening.

Miss B. Waltham, of Brownville, N.Y., arrived in the city, Saturday, on a visit to friends.

An exceptionally fine solo was rendered by D. Cooper, at Chalmers church, Sunday evening.

Mrs. Ferguson, of Watertown, spending the holidays with her mother on Chatham street, has returned home.

Robert Lee, of Bedford, was in the city, to-day, and left at noon via the Cape Vincent boat, on a trip to Lincolnton.

Thomas McLean and wife, of Watertown, N.Y., who have been visiting at Murvale, during the holidays, returned home on Saturday.

The brake shoes on car No. 11 dropped, this morning, and the car had to be taken to the barn, where repairs were made. The service was not blocked any by the change.

A graduate of the Royal Military College, Col. H. S. Greenwood, V.D., the officer commanding the C.S.A.D.C., who had been on leave in Canada, was entertained to dinner at the Langham hotel by his brother officers at Johannesburg, South Africa.

Quite a few drunks were noticed on the streets, on Saturday evening, and this has been the case for some time. Most of them were young men, some of them minors. It is pitiful to think that so many young people will get into this shape and then they all make for the main streets, just where everybody will see them.

GRAND OPERA HOUSE.

Carlotta Nilsson Will Appear in "The Three Of Us."

Carlotta Nilsson will appear as Rhy Carlock in "The Three Of Us," at the Grand on Wednesday, January 8th, in which she has been killing theatres and winning applause and generous praise and deservedly, too. She interprets the role without a single false note. She is said to be lovable, faithful, and true to her two young brothers, hopeful, self-confident and brave; forgiving on occasions and full of sunshine, with just enough coquetry and vanity to keep her human. To reflect the swift salvation of mood and sentiment of such a character within the bounds of nature, while infusing it with the true spirit of idealism, as we are told Miss Nilsson does, speaks the consummate artist. In fact reports are that she is an illuminating actress and that her title never again be disputed. She had a severe task to reach the Parnassus of the theatre, but she persevered and she is there. She is said to acclaim her climaxes by the most subtle gradations and to play nearer the verities of everyday life than perhaps any other of her contemporaries of to-day and without leaving the atmosphere of her art. And she has in concord gestures, intonations and facial expression. She will be supported by Walter N. Lawrence's Madison Square company, practically the original cast of the play, which played New York all last season to enthusiastic throngs and was praised by every daily, weekly and monthly paper published in the city that receives theatrical announcements.

DEATH OF MRS. HESS.

A Sister of Robert Vair, of Glenburnie.

The death of Mrs. Hess, wife of George Hess, Sr., occurred, at the Hotel Dieu, on Saturday afternoon. The deceased, whose maiden name was Annie Vair, was born in Berwickshire, Scotland, and came to Canada with her parents in the year 1832, and has resided in Kingston ever since. She was the youngest of a family of nine, the only surviving member being her brother, Robert Vair, Sr., of Glenburnie. Besides her husband, she leaves three children. They are: George, of Kingston; John and Mrs. Collins, of Rochester. The funeral takes place, this afternoon, at Cataract cemetery.

A Brilliant Time.

Friday was a day of bright, and enjoyable events, too numerous to be all chronicled as they really ought to be. The Royal Military College cadets take leave of the capital, Saturday evening, much to the regret of their friends.

Among the bright events given in their honor was a tea, the hostess being Mrs. Charles Goodvee, for Leslie Goodvee, R.M.C., at which many were present. Mrs. Van Tuij and Mrs. Beaumont Anderson poured tea, the table being vividly arrayed in crimson candelabra and a miniature Christmas tree. Miss Edna Sutherland and Mrs. Le Breton Ross assisted. A most enjoyable afternoon was spent and considerable excitement afforded by the pretty Christmas tree becoming hilarious and getting itself into a blaze, which was promptly extinguished by the military presence.

Please Don't Cough.

A cough is the worst thing for a cough. The Diamond Cough Remedy is the best thing. It stops the irritation, soothes the inflamed surface, induces expectoration and cures thoroughly. Coughs, colds, sore throat and hoarseness are relieved at once. 25c., at Wade's drug store.

The Ideal Corn Remover.

Peck's Corn Salve removes all kinds of corns in a few days, without pain, soreness or any injury whatever. In big boxes, 15c., at Wade's drug store.

THE SPORT REVIEW

THE HOCKEY TEAMS ARE ALL AT WORK.

The 14th Regiment Teams About Complete—Frontenacs Have Found Two New Players.

Queen's will have a practice at the Kingston skating rink, from 5.30 to 6.30 o'clock, this evening. The players are nearly all in the city now after the holidays, and will settle down to work. They have their first game on Friday night, with Ottawa College, and expect to be in good form.

14th Teams' Practice.

The 14th teams, senior and intermediate, will have a practice at the rink to-night. The management has succeeded in getting enough good players for both teams. The senior team is now nearly complete, all but a point. Hiscock and Steacy are available for the defence, and Richardson, Bernier, Powell and Crawford for forwards. The intermediates will also have a good bunch out. This team will be composed mostly of the pick of last year's City League players, and there were some good ones among them.

Hockey At The R.M.C.

The R.M.C. teams have been practising for some days before the holidays, and are back at it again now. A few good players have been found among the recruits, and two good seniors will be placed on the ice. The senior team will have quite a few changes from last season, but will be just as strong, if not stronger. The junior team will also be composed of some fast ones, and from present appearances, Queen's III and the Collegiate will have to look to themselves.

Frontenac and St. Georges.

The Frontenac juniors and St. Georges will also work out at the rink this evening. The former team has secured a couple of good players, who have been in the city all summer, but have never played here before. Both have played on fast teams in other cities. The St. Georges are a fast bunch and are all young fellows, nearly all of them under seventeen years old. They may spring a surprise before the season is over.

Skating On Anglin's Bay.

Anglin's Bay was fairly thronged with skaters on Sunday afternoon, nearly five hundred young people being out for an afternoon's enjoyment. The ice was in fine condition and a good time was put in. Some were sitting hockey rinks, some were getting a workout. There are one or two bad holes around the bay, but no one had the misfortune to break through.

The Rinks All Good.

The ice makers at all the local rinks took advantage of the cold snap of Saturday night and Sunday to make ice. The Kingston skating rink received numerous sprinklings during the day, and a fine sheet of ice was the result. The open rinks were also well looked after, and they were all in fine shape for to-day.

Rink Near Morton's Brewery.

The boys living in the vicinity of Collingwood street have made a fine rink near the old Morton brewery. The ice surface is down in a hollow and is well-protected on all sides, by the building and the hill, and this aids greatly in keeping out the snow drifts and wind.

Frank Patrick has resigned the McGill captaincy and will play cover point for the Montreal Victorias. His reason for resigning the captaincy was that the students are not supporting hockey at McGill.

The minor league baseball managers who were looking for players in New York last week did not get a whole lot. George Dovey promised Walter Burdham, to turn over to the Newark Club any surplus twirlers he may have.

Renfrew, Ont., went hockey crazy when there was a chance of beating Ottawa Victorias out and having a crack at Waterforders for the Stanley cup. They offered Taylor \$1,500 to play the season with them, and actually put the money in the bank, where neither January thaws, nor blasted holes could molest it. But Taylor, though almost persuaded, backed away at the finish, and the Ottawa fellows were left waiting, after him, for breach of contract.

Toronto Globe: The death of Edward Hanlan removes the most famous oarsman that ever lived. Nor is it likely that any other who comes after him will occupy so large a share of public attention. It is within the bounds of accuracy to say that for many years no citizen of this country was so well-known throughout the English-speaking world. Practically he taught the world how to row, and he may be considered the first scientific exponent of the best method of securing the highest speed with the minimum amount of muscular expenditure, in a craft propelled by a pair of sculls. Before he surprised the world by his dashing display of superiority at the Centennial regatta in Philadelphia in 1877 rowing was largely in the hands of amateurs. To a natural muscular development Hanlan added a skill hitherto unthought of, and was at once the master of the game. His career from that time was one of dazzling success.

NOBLE OLD ROMAN.

W. S. Gordon Has a Well Preserved Coin.

We have been shown a coin struck during the reign of Domitian, emperor of Rome from A.D. 81 to A.D. 96. The obverse bears a head of the emperor, with the following inscription: Imp. Cæs. Domit. Aug. Germ. Cos. XIII. Cen. Perpet. The translation is: "The Emperor Caesar Domitianus Augustus Germanicus, consul for the fourteenth time, censor for life." The title Germanicus was assumed by Domitian in A.D. 84, after a victory over the German tribe of the Catti or Chatti, and at the same time was made censor.

HAS BEEN NO SPREAD

Of Scarlet Fever During the Past Month.

There were three scarlet fever deaths in the general hospital, last week, and it has been stated if the disease is on the increase. Medical Health Officer Bell was seen, this morning, and stated that there was no spread of the disease. The three deaths were not new cases. There have been very few new ones during the past month. The outbreak was put in November. Since then the disease has been surrounded. The trouble has been that parents did not report the sickness in their families. In some cases, no doctor was called till the disease had taken firm hold of the patient. The failure to report the cases to the medical health officer resulted in other members of families being taken down with the disease. Once more a warning is given to parents to report fever illness in their families at once.

Give This To Yourself.

Many who have long suffered from constipation and stomach troubles will obtain welcome relief by taking a prescription, the ingredients of which are as follows: Compound tincture of rhubarb, four drachms. Fluid extract of mandrake, two drachms. Hypericin, one ounce, and enough good pepper water to fill a four ounce bottle. Shake well and take a teaspoonful before each meal and at bedtime, followed by a glass of water.

Sad Death Of Child.

After being ill but a few days, the death occurred at the general hospital, on Saturday night, of Francis James, infant son of Mr. and Mrs. Frank Hamilton, Clorgy street west. On New Year's day the child suffered from convulsions, but recovered from this. On Saturday afternoon, scarlet fever set in and the patient was removed to the hospital. At the same time, suffering from scarlet fever, but is reported to be doing nicely. The sympathy of a large circle of friends will be extended to Mr. and Mrs. Hamilton, in their sad bereavement.

AT CHALMERS CHURCH

"WHAT IS CHRIST LIKE," SUBJECT OF SERMON.

Rev. M. Macgillivray Pictured the Life of Christ on Sunday Night.

In his sermon at Chalmers church, Sunday night, the pastor, Rev. M. Macgillivray, D.D., spoke on the subject, "What Is God Like?" The text was St. John I, 14, "And the Word was made flesh, and dwelt among us, and we beheld His glory as of the only begotten of the Father, full of grace and truth."

The speaker pictured the life of Christ, and made a strong appeal for everyone to serve Him. It had been well said that Christ's life was a miracle of history. St. John had said, "In Him was life, and the life was the light of men." We should receive Him in His own grace, or we should see Him not. We should yield to Him, and be saved on His terms; otherwise we would be lost.

Week of Prayer.

This week will be observed as a week of prayer in the churches, services having been arranged as follows: Monday, First Baptist church, "A Summons to Prayer—The Despoising of the Spiritual Life." Speaker, Rev. George A. Mackenzie. Tuesday, Cooke's Presbyterian church, "The Stranger Within the Gate." Rev. C. A. Sykes. Wednesday, Queen street Methodist church, "The Laymen's Missionary Movement." E. J. B. Pense, M.P.P. Thursday, St. Andrew's Presbyterian church, "The Need of Better Citizenship." Rev. D. Laing. Friday, First Congregational church, "Religious Instruction in the Home." Rev. Dr. J. Mackie.

AT THE POLICE COURT.

Napanee Man Appears Before the Magistrate.

This is the first time in a police court that I ever appeared in a police court. The speaker was an elderly man, hailing from Napanee, and he made the above statement to Magistrate Farrell, this morning, when arraigned on a charge of drunkenness.

The accused was found by Constable Naylor, on a sidewalk, on lower Johnson street, at five o'clock Sunday morning. He was very much under the influence of liquor, and could not give the officers any account of himself. Later in the day, upon sobering up, he told the officers that he belonged to Napanee.

The magistrate allowed him to go, on the condition that he leave for Napanee on the first train. He had a railway ticket, good from Kingston to Napanee.

The accused had about \$5 in his possession when taken to the lockup, but states that when he arrived in Kingston, on Saturday night, he had \$20. He had some of his money in a purse, but when searched at the police station, the purse was missing, and it is believed that he was robbed while drunk.
