YEAR 75--NO. 7.

KINGSTON, ONTARIO, THURSDAY, JANUARY 9, 1908.

LAST EDITION

DAIRYMEN GATHER

In Picton For the Annual Convention.

President Dargavel Reviews the Season--Praise for G. G. Publow, of Kingston--Address by Senator Derbyshire.

Picton, Jan. 9.—Mayor Farrington handed over the key of Picton on Wednesday to the Eastern Ontario Dairymen's Association, which opened its thirty-first annual convention in the Parish House, fully six hundred people attended the morning and afternoon sessions. After throwing all manner of bouquets at the town and all its people and environs the president, John R. Dargavel, M.P.P., of Elgin, Ont., said:

"We regret to say that the dairy season of 1907, as far as the export movement is concerned, has been disappointing. The exports of both butter and cheese showing a marked falling off from those of last year, as well as being considerably short of the average of the past few seasons. The aggregate value of Canadian cheese and butter exports for 1907 will be in round numbers about \$27,000,000 against \$29,000,000 for 1906. The small decrease in this year, compared with previous years, was owing to the very late spring and the poor pasturage during the season. Through-out Eastern Ontario the season was very backward, owing to the continued cold weather, which retarded the growth of grass. Towards the close of the season the milk was also reduced by the cold wet weather, coupled with the shortage and high price of food, which is used at this time to keep up the flow of milk. Feed was so scarce that many farmers sold some of their stock at a great sacrifice. In our opinion this state of things could have been remedied. The improvement of quality and the shortage of milk has kept the average price of our goods for the season of 1907 in excess of the previous year. The improvement of quality has been brought about by the untiring efforts of our chief instructor and sanitary instructor, G. G. Publow, of Kingston, who with his four competent men under him put a close surveillance over the sanitary production of the raw material and its skilful manufacture into cheese.

"A matter which has contributed in a large measure to the improvement in quality of our goods has been the fact that the government took upon itself the entire cost of instruction and inspection and in so doing saved for the dairymen of Eastern Ontario about \$15,000, and made it possible for our inspectors to reach a large number of poor factories which heretofore had escaped inspection and instruction.

In concluding his address Mr. Dargavel predicted increased prices this coming season because of the short make of the past season and the resultant high markets.

Senator Derbyshire made a very excellent address. He pointed out the great progress that the Dominion government had made in dairying, especially with the contesting idea, and reference was made to the marked change this had made in educating the farmers on the best question. He strongly advocated the idea of building silos for summer feeding, when during the poor seasons the milk flow can be kept up by feeding. Great stress was laid upon the need for sanitary and cleanly conditions at the factory and the need for capable, well-paid makers. He thought every factory ought to be the centre of dairy education.

William Coo, London, advocated the principle of farming along scientific lines. He thought a farmer with 200 acres should do no work, but hire his laborers, to devote his time to the entire and thorough management of his farm.

At the afternoon session Mayor Farrington extended the municipal view, George A. Putnam, director of dairying, at Toronto, admitted that he thought it would be wise for the Ontario government to continue their policy of paying the salaries of inspectors of factories as had been done this year. He spoke of the latest idea of getting the farmers to form local associations for educational purposes. In this way farmers could more easily study local conditions for remedy. He thought it advisable for dairymen to have one or two side lines--orchards and poultry. This would largely increase the income.

C. F. Whitley, of the dairy commissioner's staff, Ottawa, spoke on the "Cow-Testing Associations," and the work being done to increase the milk flow, and the endeavor to get the poor cows, whose flow is below the average, up to the average.

Henry Glensden, of Manilla, spoke at great length in advocating the growing of alfalfa hay.

TO BLOW UP CARS.

Municie, Ind., Jan. 9.—Dynamite that was stolen three days ago and for which the police have searched in vain began to appear yesterday. During the night strike sympathizers had raised two rails on opposite sides of the street car track and under these had placed several sticks of dynamite. It was assumed that the weight of the first car that passed over it would cause the dynamite to explode, but discovery of the plan caused it to miscarry. There was enough dynamite under the rails to have blown a car to atoms.

One of the passengers on an early car was a woman. A few moments after she left the car she was attacked by three other women, who literally stripped off all her clothing.

Governor Hanly has arrived in response to calls from labor leaders and politicians who want the soldiers taken away, and to enquire into the deportation of A. L. Behner, vice-president of the Amalgamated Association of Street and Electric Railway Employees, Behner and Frederick Fay, another labor leader, are accused of inflaming public sentiment and both have left the city and opened headquarters at Amsterdam.

Mayor Guthrie told the governor that he believed some of the troops might be withdrawn with safety, but no decision was reached at the conference.

KING EDWARD INSISTS

That Matter of State Jewels Be Cleared Up.

Dublin, Jan. 9.—The Irish government has, at last, appointed a commission which is to sift the mystery of the disappearance, last July, of a portion of the state regalia, valued at \$250,000, from Dublin Castle. The authorities have been impelled to this step by reports that the jewels are known to have been deposited as security for a loan. It is understood that King Edward has insisted that the matter be cleared up.

To get relief from indigestion, biliousness, constipation, or rapid liver without disturbing the stomach or purging the bowels, take a few doses of Carter's Little Liver Pills, they will please you.

Imports Exports

The report of the royal commission of inquiry into grain growing in the North-West was tabled by Mr. Oliver.

F. D. Monk, the conservative member for Jacques Cartier, proposed the following resolution:

"That a select committee of this house composed of seven members be named to take into consideration the proposed convention respecting commercial relations between Canada and France laid upon the table of the

House on 28th of November last, with the view of ascertaining to what extent the said commercial arrangement will result in an increase of trade between the two countries.

"That the said committee be empowered to call for papers, papers and records, and to employ a shorthand writer to take down such evidence as the committee deem necessary, and that the said evidence be printed from day to day for the use of the said committee, and that rule 72 be suspended in relation thereto.

Hon. W. S. Fielding refused to discuss the merits of the case, but claimed that the time for such an inquiry was inopportune. He intimated, therefore, that the government refused to accept the resolution.

The prime minister was asked by R. L. Borden if any decision had been come to by the government regarding the proposed extension of the boundaries of Manitoba. Sir Wilfrid Laurier replied that the Manitoba government had requested a very large extension of its boundaries and that this would be discussed when the matter came up in the commons. Meanwhile Ontario was putting forward objections to encroachment upon its rights.

Mr. Foster asked Mr. Fielding if the report of the civil service commission was ready, it having been promised for the beginning of the new year. The finance minister promised to look into the matter.

Lord and Lady Middleton occupied seats on the floor of the house for a time yesterday afternoon.

COMMONS AT WORK

Quiet Afternoon Marked Session's Re-opening.

Question Re Canadian Tobacco Industry Only One of Interest--Commercial Relation Between Canada and France.

Mrs. Oscar S. Straus

for Working Girls, in New York city. Mrs. Straus was a Miss Sarah Lavenberg, of New York city, and comes from a very wealthy family. She has three children--two daughters, both of whom have married, and one son, who is still a student.

PAPER MADE FROM WOOD.

New Process Which May Prove of Value.

Washington, D.C., Jan. 9.—Scientists here are deeply interested in what is believed to be a means of manufacturing paper from ground wood, in which the waste of mill can be used. If successful the plan will eliminate the cost of wood specially cut for the manufacture of paper pulp. The pitch and resin which have heretofore interfered with the use of wood of this character is overcome in the new process by so treating the pulp that these substances pass off in vapor and the fibre is recovered by subjecting the mass to a system of pressing.

The deceased and afterwards robbed his own face with his hand. There was a pimple on Mr. Brodie's face and this became inoculated with the poison from the dead man. Blood poisoning immediately set in in its worst form, and in spite of all that medical efforts could do, death resulted in a little over a week.

Another distressing feature of the unfortunate affair is that Mrs. Brodie has not been able to see her husband for some days lost she, too, would be infected with the poison. The deceased was forty-seven years of age.

THROUGH A PIMPLE

Was Inoculated With Poison From Corpse.

The Sudden Death of Alex. N. Brodie, a Resident of Brampton, Under Peculiar Circumstances.

Brampton, Ont., Jan. 9.—As the result of poisoning, Alexander Nixon Brodie, a prominent citizen of this town, died Wednesday morning, at four o'clock. The circumstances surrounding the death of A. N. Brodie are very sad. He is a son-in-law of James Fallis, who died a week ago last Saturday, at the age of seventy-seven years. One of the causes of the death of Mr. Fallis was erysipelas. When the undertaker took charge of the body Mr. Brodie volunteered his assistance. As the corpse was being shaved it appears he touched the face

of the deceased and afterwards rubbed his own face with his hand. There was a pimple on Mr. Brodie's face and this became inoculated with the poison from the dead man. Blood poisoning immediately set in in its worst form, and in spite of all that medical efforts could do, death resulted in a little over a week.

Another distressing feature of the unfortunate affair is that Mrs. Brodie has not been able to see her husband for some days lost she, too, would be infected with the poison. The deceased was forty-seven years of age.

MEETING OF NOTEHOLDERS

Of Railway With President of Company.

London, Jan. 9.—The expected meeting of the note-holders of the Great Western, Chicago & North-Western railway company, with A. B. Stickney, president of the company, was held, yesterday afternoon, at which it was decided to appoint a receiver for the company, to maintain the status quo during the time necessary to prepare the first mortgage bond, covering all the indebtedness of the road, and to obtain a vote of the stockholders on this measure. There were many note-holders at the meeting.

HOW DID IT GET IN?

Bogus Ballot in Local Option Vote.

Campbellford, Jan. 9.—In the voting for the local option by-law, vote taken here Monday, a bogus ballot was found in the ballot box at No. 1 polling booth. As the by-law carried by a vote of 371 to 241, the opponents of the by-law are talking of having the ballot recounted, and if not successful that way to have another vote taken on account of the bogus ballot found at No. 1 polling booth. The bogus ballot is supposed to have been clipped from the Herald newspaper, which printed a fac-simile of the ballot used.

RECEIVERS NAMED.

St. Louis, Jan. 9.—Judge Sauborn, yesterday, appointed A. B. Stickney and C. J. Smith, St. Paul, receivers for the Chicago & Great Western railroad. Kellogg & Severance were appointed attorneys for the receivers.

DEATH WAS CLOSE.

Had Narrow Escape From Fatal Throat Gash.

Cincinnati, Jan. 9.—Ignace Paderewski, the pianist, had a narrow escape from death, Saturday night, but those who fretted at the music ball because the pianist was an hour late did not know about the accident.

Paderewski was being shaved by his valet in his private car, which had been detached from the train in the railroad yards here, when a switch engine jumped against the car.

The hot sent the razor into the musician's throat. Fortunately the valet turned the blade sufficiently to avoid any vital spot, although a considerable gash was inflicted.

A Terrible Crime.

Lawrenceville, Ga., Jan. 9.—Two negroes, John Hudson and Henry Campbell, are in jail here, charged with having murdered Hudson's wife, and then setting the house on fire in an attempt to hide their crime. When neighbors arrived they found the remains of Mrs. Hudson, and her three-month-old child. After the bodies had been removed it was found that the woman had been stabbed to death, while the child was left to perish in the flames.

Fell From Bridge.

Ottawa, Jan. 9.—Alcerson Smith, a young Englishman, employed by the Temiskaming Navigation company, was fatally injured by accidentally falling from the C.P.R. bridge over the Ottawa river, near Mattawa, early on Sunday morning last.

Taken On Passengers.

Queenstown, Jan. 9.—The steamer Montrose, of the Canadian Pacific Atlantic service, will take on board the passengers of her sister ship, Mount Royal, which put back to this port after being disabled at sea, while on her way to St. John, N.B. The steamer Montreal will tow the Mount Royal to Liverpool.

Bombs Are Used.

Dublin, Jan. 9.—A bomb exploded, yesterday, at the hall door of the house of Mrs. Chadwick, a landowner, at Ballinack, Tipperary, who recently rented a tenant. The damage was slight.

Pointed Gun At Daughter.

Peterboro, Ont., Jan. 9.—George Moncrieff, a Cavendish township farmer, was fined \$50, in county police court for striking his daughter with a chair and for pointing a revolver at her. On another charge of assault he was let go on a suspended sentence.

POINTED GUN AT DAUGHTER.

Peterboro, Ont., Jan. 9.—George Moncrieff, a Cavendish township farmer, was fined \$50, in county police court for striking his daughter with a chair and for pointing a revolver at her. On another charge of assault he was let go on a suspended sentence.

TAKE NOTICE

One 8 foot Show-Case, also a lot of Furniture, Stoves and Carpets. Everything cheap these days, at TURK'S Second-Hand Store, 978 Princess street. Phone, 700.

FROM OUR OTTAWA CORRESPONDENT.

Ottawa, Jan. 9.—An exceedingly quiet afternoon marked the opening of the House of Commons after the Christmas recess. The senate does not open until Jan. 22nd.

The only question of general interest was a motion proposed by Mr. Dubeau concerning the Canadian tobacco industry. His motion read:

"For copies of all documents, petitions, memoranda and correspondence received by the government since 1904 to this day regarding the amendments to be made to the inland revenue act for the purpose of encouraging and protecting still more the Canadian tobacco industry."

Mr. Brodeur and Mr. Templeman replied accepting the motion.

Mr. Macdonnell was informed that the total amount of our trade with Japan for the last three fiscal years was as follows:

Imports Exports
1907, (July to now) 1,102,218 266,127
1906, " " 1,663,529 498,922
1907, (July to now) 2,037,566 583,570
1906, " " 1,732,415 260,327

The report of the royal commission of inquiry into grain growing in the North-West was tabled by Mr. Oliver.

F. D. Monk, the conservative member for Jacques Cartier, proposed the following resolution:

"That a select committee of this house composed of seven members be named to take into consideration the proposed convention respecting commercial relations between Canada and France laid upon the table of the

House on 28th of November last, with the view of ascertaining to what extent the said commercial arrangement will result in an increase of trade between the two countries.

"That the said committee be empowered to call for papers, papers and records, and to employ a shorthand writer to take down such evidence as the committee deem necessary, and that the said evidence be printed from day to day for the use of the said committee, and that rule 72 be suspended in relation thereto.

Hon. W. S. Fielding refused to discuss the merits of the case, but claimed that the time for such an inquiry was inopportune. He intimated, therefore, that the government refused to accept the resolution.

The prime minister was asked by R. L. Borden if any decision had been come to by the government regarding the proposed extension of the boundaries of Manitoba. Sir Wilfrid Laurier replied that the Manitoba government had requested a very large extension of its boundaries and that this would be discussed when the matter came up in the commons. Meanwhile Ontario was putting forward objections to encroachment upon its rights.

Mr. Foster asked Mr. Fielding if the report of the civil service commission was ready, it having been promised for the beginning of the new year. The finance minister promised to look into the matter.

Lord and Lady Middleton occupied seats on the floor of the house for a time yesterday afternoon.

TIMES' CAPITAL SUBSCRIBED.

Strathcona and Mount Royal Holds Stock.

London, Jan. 9.—Among the subscribers for the capital, amounting to \$1,000,000, for the London Times, which recently became the property of C. Arthur Pearson, are Lord Brassey, Lord Rothschild, Lord Strathcona and Mount Royal, high commissioner for Canada, Viscount Iveagh and Sir Alexander Henderson, chairman of Great Central railway. Sir Alexander Henderson brings the largest contribution.

WON'T WEAR PLUMAGE.

New York, Jan. 9.—Pledges not to wear the plumage of any birds other than crows, were signed, yesterday, by women representing thirteen organizations in the Federation of Women's Clubs, the occasion being the meeting of the seventh district official body. The pledge excludes domestic fowls.

WANT BOARD TO ACT.

Ottawa, Jan. 9.—Grand Trunk carmen to the number of 800 have applied to the department of labor for the appointment of a board of conciliation to deal with their difficulties with the company, and have named J. H. McVeity, of Vancouver, who represented the C.P.R. car men on the Winnipeg board.

GAYNOR AND GREENE IN PRISON.

Atlanta, Ga., Jan. 9.—Benjamin D. Greene and John F. Gaynor arrived at the federal prison in this city yesterday, and were put through the examinations given all prisoners. Their work in the prison has not been decided upon.

CHIEF JUSTICE MULOCK, in giving his charge to the grand jury in Toronto, asked them to recommend a new jail and the giving of a small daily wage to prisoners.

B. ALLEN, registrar of Decca, India, was shot in the back by a Hindu, believed to be a political fanatic, and the affair is the sensation of eastern Bengal.

Lying down in his employer's stable, a Galician at Whitmouth, Man., lit a cigarette and fell asleep, and the building took fire, burning the man and three cattle.

In the recent murder in New Jersey where the dead body of a woman was found a short time ago, frozen in the ice on the Hackensack meadows, the charge of the murder is now being laid against Theodore S. Whittmore, the husband of the victim.

Tom Phillips was a much-roasted player at Quebec, Saturday night, by the inhabitants. Such remarks as these were hurled at Tom: "Where is the Ottawa eighteen-hundred-dollar star?" "Send him out. We have men working for eighteen dollars a week, and shovelling coal at that, in the Cove, who can put up a better game."

Hard times in the United States are said to be the cause of the recent rapid filling up of the navy, but they do not appear to be affecting the army ranks in the same way. Reports are pouring into army headquarters at Washington of non-commissioned officers refusing to re-enlist of conscripts leaving their discharges of corps in all directions being reduced to mere skeletons and no new men asking to enlist.

G. I. R. PENSION SCHEME.

London, Jan. 9.—The G.I.R. pension scheme is warmly approved here. One paper remarks that it is one which would commend itself to hard-working railwaymen in any country.

ONTARIO SURPLUS.

Treasurer May Have a Balance of \$320,000.

Toronto, Jan. 9.—Another surplus this year for Ontario is generally looked for. Hon. A. J. Matheson, the provincial treasurer, is guarding his secret well, and has far decided to give an intimation as to the contents of his forthcoming budget. It is believed that the surplus this year will be possibly not as great as its predecessor, will be of liberal proportions. Last session Hon. Mr. Matheson was able to announce a surplus of \$128,000. It is not unlikely that \$250,000 may be the figure this year.

Probabilities

Toronto, Ont., Jan. 9. Ottawa Valley and Upper St. Lawrence (10 a.m.)--Fair and cold, zero temperature to night. colder. Friday, southerly winds and becoming milder again.

A 35c. Book

Only 5c.

100 Pages-1,000 Pictures.

THE WINTER QUARTERLY STYLE BOOK

Is filled from cover to cover with seasonable fashion news in pictorial form.

The work of New York's leading fashion designers, fashion artists, engravers and printers.

It is a magazine that will appeal to the dressmaker as well as the less experienced house sewer.

If you paid 50 cents for a fashion magazine you would get no more complete or reliable showing of the latest styles and the price is only 5 cents if purchased in connection with a 35 cent pattern.

This Magazine is 20c. per copy. A coupon attached to each book worth 15c. to buy any pattern you may choose, which gives you this handsome illustrated Magazine for 5c.

Week of Prayer Meeting, St. Andrew's Church, 8 p.m.

St. George's Men's Club--8 p.m. Visitors cordially invited.

This day in history--Lord Nelson buried 1806. Napoleon III died, 1873. Limestone Lodge, A.O.U.W., No. 91, meets Thursday evening at 8 o'clock. At the Brawl--Comedy, "The Brawl in the Room," Drama, "The Ferryman's Daughter." The Arion Trio will sing a "Plethora of Favorites."

At the Princess-Pictures, "Smuggling Chinese into the U.S.A., "My Angel Mother-in-Law," and "Lightning Sheet." Brooks and Gordon change their act tonight.

NOTORIOUS RUSSIAN BRIGAND

Caught After Two Years--Is Mild-Looking.

New York, Jan. 9.—After a search of nearly two years, Jan Janoff, a notorious Russian brigand, who is wanted in the province of Livonia, Russia, for murder, arson and robberies without number, was caught here, yesterday. He was arrested on the complaint of the Russian consular-general, M. D. Levgrensky, and held for further examination until the arrival of extradition papers. Pourn is a mild-looking man, and submitted without protest. He was employed as an engineer in one of the East River tunnels. He admitted his identity.

TO SWAP POSITIONS.

Walker to Change Places With Smith.

Ottawa, Jan. 9.—It is probable that an arrangement will shortly be effected, transferring J. Bruce Walker, now Canadian immigration commissioner at London, to Winnipeg, where he will replace J. Obed Smith, immigration commissioner at Winnipeg, the latter going to London to take Mr. Walker's place. Mr. Walker has applied for the transfer, in view of the fact that his wife's health is suffering from the effects of the English climate.

LOG PUNCTURED A HOUSE.

Shot Down Mountain and Passed Through Building.

Spokane, Wash., Jan. 9.—Breaking away from the wood-cutters on a mountain, a half mile above the home of John Barnard, superintendent of the Success Mine, a log shot down the incline. It entered the roof of the cellar in the rear of the house, and went through the cellar door, and then struck the kitchen demolishing the range, and, in passing out the small end of the log buried itself ten feet in the ground. The occupants of the house escaped serious injury.
