VERONA HAPPENINGS.

Some Very Old Men Voted at Monday's Elections.

Verona, Jan. 9.—Over sixty of the villagers assembled at the parsonage, Friday evening, to hold a reception for their pastor, Rev. Mr. Churchill, on his return from his visit with his parents at Ottawa, and to meet his sister, Miss Churchill, who will spend the winter here. The parsonage had been gotten all in order and a sumptuous repast had been provided by members of the Ladies' Aid. Games were indulged in, and music given by different ones present.

The election passed off very quietly, and all seem quite satisfied with the results. Special mention might be made of four voters, who reside within the vicinity, and who all marked their ballots at this election. They were Cornelius Babcock, Jacob B. Snider, William Craig and William Abrams. The first three are over the age of eighty-five years, while the latter is over ninety. They were all in excellent spirits and enjoying good health.

Everet York, visiting at his uncle's, E. M. York, returned, Friday, to Belleville. Mrs. D. Backus, Chamount, N.Y., is here with friends. Frederick Storms, Broadview, Sask., after an absence of four years, is at his brother's, W. Storms. James McMullen, an engineer on the C.P.R., and whose route takes him through the principal cities of the west, St. Paul, Minneapolis, Winnipeg included, is visiting his parents. Herbert Craig, Amherstburg, Essex, is with friends at Craig-a-Lea, and will remain for the winter. Stanley Lane, of Winnipeg, is at his mother's, Mrs. G. Jeofrey.

Charles York was the recipient of a gold locket and chain from his pupils at the close of his school at Arnprior. He left, yesterday, to assume duty as teacher at Barricfield. W. Wilkins left, yesterday, for Queen's. Miss E. York is leaving for Albert College, Belleville. Miss Winnie Claxton acted as organist Sunday evening. Miss G. Maitland is at T. Craig's, the guest of Mrs. Craig. Miss E. Knapp is at the Union hotel. Miss Bond, after a pleasant sojourn of over three months with her sister, Mrs. (Dr.) Claxton, expects to leave in a few days for New York.

James Brown, of Kingston, was the guest of H. B. Percy for a few days last week, and after calling on other friends, returned, Monday, to resume his studies at Queen's. School opened on Monday, with Miss Swabrick as principal. Miss Dowie has entered on her second year as teacher of High Falls school. The population of Verona has at least increased one—Richard Babcock is the happy possessor of a son.

T. Griffin has moved up on H. W. Reynolds' farm, at High Falls, and, with the help on hand, he will be the right man to operate the big farm with success. Travel has begun on the lakes, and teams are engaged hauling hay, wood and feldspar.

James McMahon has recovered from a very severe attack of typhoid-pneumonia.

Girls Earning Their Living Should Read This Carefully.

One of the marvellous developments of modern life is the advent of woman as a co-laborer with man throughout the entire industrial field.

It follows then that woman must adapt herself to new conditions. But this can't be done in one generation, nor in ten. In consequence she lives in an environment of unhygienic conditions, unsuited to her temperament and constitution.

The incessant strain upon her nervous system by reason of the new vocations she has taken up, strikes at the very foundation of her physical stability.

Work becomes worry, and this means destruction to the nervous system.

Very complex in her physical relations to life, disease early seizes upon the woman who works, and she must therefore guard jealously anything that would tend to destroy her vitality or health.

Probably nothing is of more service than Dr. Hamilton's Pills, and every girl and woman can employ this grand remedy with gratifying results.

As a system tonic and blood renovator, no treatment gives such results.

For maintaining good digestion, healthy appetite and the proper performance of the duties of the liver and kidneys, it is impossible to equal Dr. Hamilton's Pills.

Dusky, sallow complexion is changed to a healthy, ruddy glow, which proves that Dr. Hamilton's Pills circulate blood that is rich and nourishing.

Weak organs are filled with new life and vitality, weakness, irregularities and the common ills are prevented, and this means much to those who have lived in that half-sick, half-well condition that seems so hard to overcome.

When you feel poorly, when the head aches, back feels lame, and a drowsy, tired feeling creeps through you—that's what tells of the need of Dr. Hamilton's Pills; try them.

Sold in yellow boxes, 25c. each or five for $1, at all dealers, and satisfaction guaranteed.

OPERA HOUSE GUTTED

A DISASTROUS FIRE IN BRANTFORD TO-DAY.

The Opera House Building Caught Fire—Wood's Fair Was a Serious Sufferer By the Conflagration.

Brantford, Ont., Jan. 10.—About five o'clock, this morning, fire broke out in the rear of the opera house building, the lower part of which is occupied by Wood's Fair, and J. Kelly's pool-room and cigar store, and also a barber shop. The inside of the opera house is completely gutted, as is Wood's Fair, and the pool-room. The adjoining store, on the east, occupied by the Grafton company, ready-made clothing, suffering somewhat by water and smoke. The store to the west, occupied by McFarlane, ready-made clothing, sustained no apparent damage.

DRANK CARBOLIC ACID.

Mrs. Mills of Kenora Found Dying By Her Sister.

Kenora, Ont., Jan. 10.—A distressing case of supposed suicide occurred here. Mrs. Mills, wife of section foreman Thomas Mills, was found on the floor of her dining-room in a dying condition by her sister. An empty bottle of carbolic acid and a broken cup, from which she evidently had drunk it, were found in the kitchen. There appears to be no cause for the act, and though somewhat melancholy at times she appeared in good spirits when talking to neighbors. The deceased was a native of Manchester, England, and about twenty-three years of age.

MISSION OF DELEGATION.

One Thing Announced, But Was it Real Thing?

Toronto, Jan. 10.—A deputation from New Liskeard waited upon Premier Whitney, Hon. Dr. Reaume and Hon. Frank Cochrane, to-day, and so it was given out that the ministers were asked to attend a banquet at New Liskeard, on Wednesday, in honor of the opening of the new water works and a new steel bridge. It was rumored, however, that the real object of the deputation was to ask that New Liskeard be considered in any redistribution measure to be brought before the legislature and also that it be made the county town.

Toronto, Jan. 10.—The attention of the Toronto Railway and Municipal Board has been drawn to a clause in the presentment of the grand jury at the Hamilton sessions, in which it was urged that more care should be taken in the selection of motormen on the electric railways of the province. The board states that this is a matter for the examiners of motormen to deal with, that if they fail to see that good men are selected their appointments can be cancelled, and that if negligence can be proved against them they can be prosecuted.
