THE RELIGIOUS CENSUS

THE CITY DIVIDED INTO 127 DISTRICTS.

Each Block Will Need Two Young Lady Enumerators—All the Churches Are Joining in the Census Scheme.

The adjourned meeting of clergymen and laymen for furtherance of the work of the religious census was held last evening. The district committee, through Robert Meek, presented a comprehensive report and policy. With the assistance of W. S. Gordon they had divided the city into 127 districts of two blocks each, with aid of a specially prepared map. Each block will need two young lady enumerators, with thirty-five reserves to fill vacancies, or 259 ladies in all. To superintend these 259 supervisors will be required, with five more for reserve. The homes to be visited number, according to municipal census, 4,912. The Dominion census gave only 3,756. The report was praised as the result of labor and practical ideas.

Nearly all the churches are joining in heartily, and the others will not put a stone in the way. The fact that only 225 children of school age go to Sunday school out of 1,000 in Ontario is alone a spur to the procuring of lists. The reaching of non-churchgoers is also commendable. The census will be taken on the afternoon of Tuesday, Feb. 18th. A week before hand blank cards to be filled out with particulars desired, will be left at every house. Special blanks will be placed in boarding houses and public institutions. The expert on census taking, Thomas Yellowless, of Provincial Sunday school association, will spend three days in the city prior to the enumeration.

The workers' committee was struck, composed of the ministers, school superintendents and presidents of societies of the churches. Rev. W. H. Spaulding, chairman; John Macdonald, secretary.

AN EMINENT DOCTOR.

Dr. Barker Was a Classmate of Dr. Third.

Dr. L. Barker, the eminent professor of the principles and practice of medicine in Johns Hopkins University, Baltimore, who spoke at Queen's, yesterday, was the guest of Dr. James Third while in the city. He arrived at 1:30 o'clock, and was able to remain just two hours, having to be back in Baltimore to-night. Dr. Barker was a classmate and friend of Dr. Third at Trinity Medical College. He spent ten years in the laboratories of Johns Hopkins University hospital, under Dr. William Osler, another eminent Canadian, now regius professor of medicine in Oxford University, England. When Dr. Osler accepted the English appointment, Dr. Barker was called from Rush Medical College to fill his place in Johns Hopkins. Like his predecessor, he is a recognized authority on pathology and medicine. He spent a year in the Philippines, studying plague conditions for the United States government. The doctor is quite a young man, not over forty-two years of age. He left for Baltimore immediately after the medical banquet last night.

THE BOARD OF TRADE.

Two Matters of Importance to the Citizens.

A meeting of the board of trade was held last evening. There was very little business before the meeting, on account of some of the leading members being in attendance at Queen's medical banquet. C. H. Macpherson brought up the matter of unfairness in the assessment law, citizens paying income and business tax being discriminated against in so far as voting on money by-laws was concerned. An owner of property valued at \$400 could vote on by-laws, while a citizen paying a heavy income or business tax could not. Consideration of this was referred to a committee.

Dr. Daly made the suggestion that the parks of the city should be placed by the city council, in charge of a commission, which could do better work than a civic committee. This matter was also referred to a committee, which will interview the city council in regard to it.

Annual Meeting.

The annual meeting of the Montreal Transportation company was held on Tuesday in Montreal. The reports of the past season's business were read and were considered satisfactory. The executive and directors were re-elected as follows: Messrs. Bartlett McLennan, president; James A. Cuttle, managing director, and Abner Kingman, T. A. Crane, F. Robertson, F. W. Thompson and A. E. Ogilvie, directors.

Officers Were Installed.

At a meeting of Court Earl Roberts, Independent Order of Foresters, held on Tuesday night, the officers elected a few weeks ago, were installed by Court Deputy, William H. Gimblett, acting supreme chief ranger, assisted by Treasurer Sergt. Smith, officiating as supreme conductor. After the installation, the officers spent a very jolly time at an oyster supper.

He Will Not Act.

Cornelius Birmingham has resigned the position of member of the Board of Education, to which he was appointed by the city council. His business duties prevent.

To Mission of Rawdon.

Rev. R. A. Bilkey, curate at St. James' church, this city, has been appointed to the mission of Rawdon, to succeed Rev. A. S. Dickenson, appointed to the parish of Camden East.

Transferred to Hamilton.

Dr. Andrew McConville, who was pronounced insane by medical experts, was, to-day, transferred from the jail to the Hamilton asylum, in charge of Provincial Bailiff Simser.

Thomas Robinson has returned to New York, after a pleasant visit with his parents on Stuart street. His brother, Dr. Andrew Robinson, who has also been visiting at home, returned to Chicago.

SHUT EVELYN OUT AND THE GREAT ATTRACTION OF CASE GONE.

The Trial is One of the Tenderloin Type—Hardly a Corporal's Guard to Hear the Testimony Submitted.

New York, Jan. 15.—The exclusion of Evelyn Thaw from the court room, where her husband is on trial for murder, has aided in proving the contention of District Attorney Jerome that this trial differs in no respect from the usual Tenderloin murder trial.

Where, one year ago, special guards of police were required to control the mobs that tried to force a way in to hear the testimony, today there is hardly a corporal's guard inside, and they have no difficulty in getting through.

A QUIET MARRIAGE.

A Kingston Lady Goes to Live in Brooklyn.

Attired in a brown broadcloth suit, with golden brown hat, Frances Wilton, to-day, to Dr. James Kirk of Brooklyn, a former Kingstonian, at the home of her mother, Mrs. N. Wilton, 89 Clergy street west, by Archdeacon MacMorine, in the presence of the family. After the wedding breakfast the couple left by the 1:17 p.m. C.T.R. train for Montreal and New York, thence to Bermuda, to remain a month. The bride was very popular among friends for her bright, vivacious manner and kindness of heart. The union will be attended, we are sure, with great happiness. Dr. Kirk is a successful physician in Brooklyn.

SENT TO JAIL.

Two Deserters at the Barracks Were Punished.

The case of two battermen, who were found guilty of desertion, has been disposed of. One was sentenced to 140 days and the other was given 90 days. Another batterman has been summoned to walk the carpet on a charge of striking another member of the battery.

Asked To Withdraw It.

Ald. Toye has been waited upon by two deputations, one from the merchants and the other from Sydenham ward, asking him to withdraw his resignation from the city council as representative of Sydenham ward. They wish him to serve this year out. Ald. Toye did not give any answer to the requests. His resignation is before the city council, but has not been acted upon. The probability is that the council will ask the Sydenham ward representative to reconsider it, and rejoin the civic body.
