It May Take You Years

To own a home purchased on the monthly payment plan it will take you forever and a day paying rent—and then you won't own anything except the right to move any time you find you can't pay the rent or that the owner has sold or wants the house. A house on the payment-down-and-so-much-a-month plan is an insurance against the time when youth is gone, energy depleted and productive power lessened.

OH, IT WAS A SHAME!

THE WAY THE 14TH TRIMMED PARKDALE.

The Score of the Senior Hockey Match Was 15 to 2. The Westerners No Match, For Kingston.

14th Regiment, 15, Parkdale, 2. It was a shame, the above was the result of the first senior O. H. A. game of the season, played at the Kingston rink last evening, between the 14th Regiment and Parkdale, of Toronto. The ice was in fairly good condition. The match was witnessed by about six hundred people. The 14th bunched were out in force and were greatly appreciated. There was quite a delay in starting the game, it being nine o'clock when the referee started the mill.

The Parkdale bunch were the first to take the ice, and when the local bunch on the side saw them, most of them thought it was all up with the home team. About five minutes later to the strains of the Regimental March, the 14th septette stepped on the ice and chose to defend the southern goal.

From the first toot of the whistle, the local seven went into the game with their heads down, playing for all that was in them, and it brought them out on top. The fast and furious pace set by the 14th at the start seemed to take Parkdale players right off their feet, and when they did appear to pull up a little it was no use. In comparing the two teams, as teams, the visitors are not in the same class with the 14th seven. They were played off their feet from start to finish. Their forwards were outskated, at every stage of the game, and their defence was completely overwhelmed by the fierce three and four man rushes of the soldiers. The visitors would pick up and after a nice piece of combination work would get the rubber down near their opponents goal, and if they were given a chance to shoot, they would shoot wide. In the first half, Redpath and McPherson missed a few good shots, by their reckless shooting, Parkdale were weak in the centre of the ice. A few times their centre man, might have done some damage had he been in his place but the puck would be passed into where he should be, Richardson would be there to receive, and in less time than it takes to write it, up would go the flag for the locals.

On the other hand the soldiers put up a game of hockey that was a pleasant surprise to many of their supporters, and the players deserve credit for the way they have worked and the difficulties they have overcome since the first of the season. Their forward line, Crawford, Bernier, Richardson and Kennedy would go down the ice at lightning speed, pass the whole seven and score, and would do this time and time again. "Reggie" Crawford made his debut into senior company, and if ever a hockey player, who jumped from junior to senior company, won his spurs in the first game Crawford did last night. Out of fifteen goals scored six go to his credit, and he had one of them thirty seconds after the game started. Richardson and Bernier both played last season, and when it is stated that they are playing better this year than last, the reader will know how fast any team will have to step to put it over them. Kennedy, a new man showed up very well at wing, but in a little too ready to mix it up at times. He is fast and one or two of his shots counted last evening. The following were the teams:

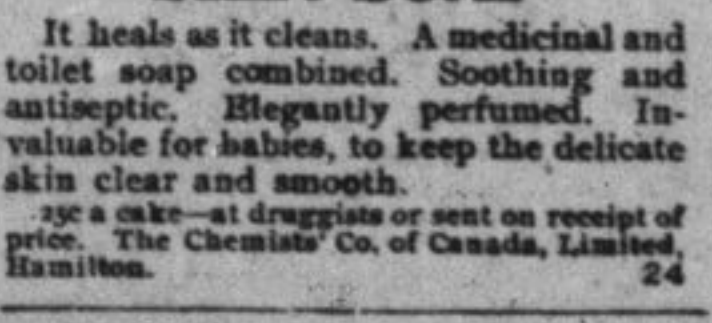

14th Regiment—Hiscock, goal; N. Stoney, point; Powell, cover; Bernier, centre; Crawford, rover; Kennedy, right wing; Richardson, left wing; Parkdale—Jackson, goal; Inglis, point; Wyndham, cover; McPherson, centre; Winchester, rover; Redpath, right wing; Patterson, left wing. Referee—Robbie Grey, Brockville. Timers—Dr. Weismiller, Parkdale; W. Y. Mills, 14th. Penalty timekeeper, Clive Hatis.

The following penalties were imposed: 14th—Kennedy, 2 mins, 3 mins; Bernier, 1, 3, 3; Hiscock, 1; Powell, 2, 15; Parkdale—Wyndham, 2 mins, 3, 15; McPherson, 3, 2. The following found the nets for each team: 14th—Crawford, 6; Bernier, 5; Richardson, 3; Kennedy, 1; Total, 15. Parkdale—Patterson, 2.

How The Play Went. At the face-off the soldiers secured the puck rushed it down the centre and Crawford scored on Bernier's face, before twenty seconds of time had elapsed.

Does Your Scalp Itch? Are Your Hairs Dropping—One By One?

If your scalp itches you are doubtless suffering from dandruff. The dandruff germ is digging up your scalp in little flakes, called dandruff, and sapping the life of the hair bulb. No hair preparation that is a mere hair stimulant and tonic will cure dandruff, because it won't kill the germ that causes the trouble. Newbro's Herpicide is the latest scientific discovery, and it will kill the dandruff germ. Destroy the cause and you remove the effect. Kill the germ and you will have no more dandruff, falling hair or baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes, 50c. and \$1. G. Hockey Player Had His Leg Badly Cut—Boxing Classes Arranged—Basketball Team in Good Shape.

During the past few weeks many of the students have been clamoring for a reorganization of the system on which rests the distribution of the Q's. And their efforts have not been in vain, as W. H. MacInnes, secretary of the athletic committee, gives notice that he will submit several proposed changes to the Alma Mater society on Saturday evening.

The first team basketball players are rounding into fine form for their game here with Toronto University next Saturday evening. They attribute their recent defeat at McGill to careless shooting but this defect is being remedied by daily practices this week.

The judges for the intercollegiate debate between Queen's and Ottawa this evening will be Rev. Mr. Sykes, Ald. T. J. Rigney and a representative of the Collegiate Institute staff.

Rev. Prof. Ross was unable to meet his classes in theology yesterday.

In one of the intervar basketball games on Saturday '09 defeated the freshmen by the score of 23-3. The juniors have won many famous victories and already they see the vague, hazy outlines of the inter-year championship, growing more distinct in the dim distance.

While engaged in a game of hockey on Saturday A. Laing, B.A., had his left leg badly cut by an opponent's skate. He went to the hospital, where it was found that several stitches were necessary to close the wound. However, "Andy" is at college this week as usual.

CITY COUNCIL SESSION

(Continued from page 1.)

The Council Addressed. Canon Starr addressed the council in behalf of the unemployed. He said that the work in the Makim property had become congested. There are a large number of men on the waiting list. Some of these men wanting work were reduced to the starvation point, and their families had to be now helped. Canon Starr asked that the Allen property be opened by the city at once and that all the unemployed be allowed to go to work. He also asked that the council allow a larger amount per ton. At present some of the men were getting only forty cents a day, and had to support a family of five.

Ald. Gaskin stated that the city solicitor hoped to have the property conveyed to the city in a few days. He moved, seconded by Ald. Graham, that the communication of Canon Starr be referred to the Board of Works with power to act. The motion was adopted.

In reply to Ald. Graham the Board of Works chairman said that there were about 25,000 tons of stone on the Allen property.

Mr. Brentnall, of Toronto, addressed the council on the question of a central heating plant for the city, or a part of it. He said he found the streets very favorable for his company's scheme. The proposal was to install the streets with pipes. Some exhaust steam from the light and water plants could be used for the purpose of heating quite a large portion of the city. Berlin was using the system and making twenty per cent. on the investment. The speaker asked the council to take up the matter, and either make it a municipal scheme, or aid in forming a company to build a central heating plant and laying the necessary pipes.

On motion of Ald. Nickle and Harty, the matter was referred to the light, heat and power committee for report.

Ald. Elliott stated that the matter of street steam heating was not new in Kingston. Several years ago, at the time, Ald. Elliott said, he thought that the city had quite enough public utilities. As to exhaust steam from the light plant, Ald. Elliott said there was none. All such steam was already utilized.

"Not How Cheap But How Good."

The city is full of cheap furs and they are as trashy as they are cheap.

We have gained the people's confidence as dependable furriers, and whether we're talking of the high priced or the low priced you've learned to know is for the real merit of the goods we make and sell—and that fact makes it an easy matter for us to do a good business in the more costly furs, such as Russian Sable, Hudson Bay Sable, Russian Marten, Ermine, Chinchilla, Mink—and other fine furs—high priced but not fancy priced and dollar-for-dollar value for every one that you invest.

AT THE GRAND.

Lillian Russell to Be Seen in Wednesday.

Lillian Russell will never return to the operatic stage. She has made such a great success as a comedienne that she need fear no longer any such calamity as the loss of her voice. She can still sing as sweetly as ever, but she is even more entertaining playing parts than in singing roles.

Joseph Brooks, under whose direction Miss Russell is touring, discovered that Miss Russell was a real comedienne, and that all she wanted to put her at the head of the list was to get her good plays. "The Butterfly" was the first of them, and "Wildfire" is even more entertaining. At The Grand, Wednesday, January 22nd.

A Farce Comedy.

"Jerry From Kerry," which is the attraction in The Grand on Saturday, January 25th, matinee and night, is a farce comedy, pure and simple, with a score of funny comedians, and gives opportunity without number for the introduction of musical numbers. It is not a classic or a problem drama, so frequently called comedies. Some very clever specialty people introduce their different work throughout the piece. A superior uniformed concert band and orchestra is carried by this company, giving a free hand concert every afternoon and evening. Don't fail to hear it.
