A Certificate From the Representative of the Canadian Underwriters Association, As to the Equipment of The Bijou.

Kingston, Jan. 22.—(To the Editor): On Monday you were kind enough to allow me a column and a half of your valuable space to show that the attack made by the Kingston News on the Bijou theatre was utterly false and malicious, and it is not too much to say that I accomplished that end.

Dear Sir: This is to certify that the electrical equipment, consisting of one arc light, 25 incandescent lights and picture machine inside, and 101 incandescent lights on outside of the Bijou theatre, has been inspected and found to comply with the requirements of the Canadian Fire Underwriters' Association.

Beginning the exits I have nothing to add to my letter of Monday to the effect that the News' statements were utterly false. The News stated that we had only an ordinary single door for a front exit.

Now, Mr. News, who is this man? I dare you to name him!—ANNIE BURROWS.
