

TUMORS CONQUERED ROBBERY PREVAILS

SERIOUS OPERATIONS AVOIDED

Unqualified Success of Lydia E. Pinkham's Vegetable Compound in the Case of Mrs. Fannie D. Fox.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy, Tumor.

So-called "wandering pains" may come from its early stages, or the presence of danger may be made manifest by profuse monthly periods, accompanied by unusual pain, from the abdomen through the groin and thighs.

Dear Mrs. Pinkham— "I take the liberty to congratulate you on the success I have had with your wonderful medicine. Eighteen months ago my periods stopped. Shortly after I felt so badly that I submitted to a thorough examination by a physician and was told that I had a tumor and would have to undergo an operation."

Medical Inspection of Children. London, Jan. 21.—Somerset county education committee announced its intention, yesterday, of appointing a chief medical inspector, who will devote all his time to the medical inspection of children attending elementary schools at a salary of \$2,500 a year.

Your Corn Troubles. All corn troubles cease when Peck's Corn-Solve is used. It removes all sorts of corns, quickly, surely and without pain. In big boxes, 15c., at Wadd's drug store.

Anglo-French Arrangement. Paris, Jan. 21.—The French Journal, an official publication, a decree approving one arrangement which was signed in Paris, on October 23rd, between France and Great Britain to facilitate the legal formalities in connection with samples liable to duty on their introduction into either country.

INSOMNIA

"I have been using Cascarets for Insomnia, with which I have been afflicted for many years and I can say that Cascarets have given me more relief than any other medicine I have used."

DAWSON & STALEY, 217 Princess St., Kingston. High Grade Pianos, at Living Prices.

The Ingredients of Zutoo

One ingredient is soda—just old-fashioned soda, that our grandmothers took to settle the stomach, and there is nothing better. Among the other ingredients there is not one that did not come from old Mother Earth herself.

Are Harmless as Soda.

TERRORISTS WORK IN BANDS OF FOUR.

Murders of Russian Guards and Police Effected by Mysterious Quartette.

St. Petersburg, Jan. 22.—Sestroretsk, a fashionable bathing place near here, on the Gulf of Finland, has been lately the scene of a series of murders of policemen and soldiers, resembling the terrorist campaign in Warsaw last year, when indiscriminate attempts were made on the lives of all uniformed men last Saturday a general and a policeman were murdered in Petrovsky place, and last night witnesses rook three attacks there. At eight o'clock a soldier going home was dangerously wounded by several shots; at nine o'clock a policeman on guard was mortally wounded, and at 10.30 the policeman sent to relieve the man previously wounded at the same spot was approached in the darkness and wounded by several bullets. When mounted patrols were sent to search the neighborhood one was fired upon and his horse was killed. A fence prevented the others from pursuing.

These deeds are doubtless the protest of the Finnish anarchists against the extensive police measures and troop concentrations recently organized in the frontier districts. In the last few days there have also been several armed robberies in private houses and even churches. The house searches of the police and arrests among the public have so terrorized the city that it is expected the immediate declaration of a state of siege.

GERMAN MEAT MONOPOLY.

Agrarians Plan to Make it Even More Oppressive.

Berlin, Jan. 22.—To further tighten their monopolistic grip on the German meat trade, which already is hard and fast through laws excluding importation of American products, the powerful German Agrarian party has launched a project for forging a meat and cattle trust. It will be called by the polite name of "kartell" under which trusts are known in this country. One of the main purposes of the combine is the elimination of wholesale meat dealers, and the concentration of the sale as well as the production exclusively in the hands of the Agrarian bosses.

NATURAL GAS

Will Be Provided at a Very Low Price.

Windsor, Ont., Jan. 22.—Windsor is to be supplied with natural gas from the Hibary fields. The Ryans, syndicate, will pipe the gas at thirty-five cents for cooking, and twenty-five cents for other purposes. The privilege of increasing the sales five cents at the end of seven years, is asked. As a guarantee of good faith the company proposes to spend \$50,000 of the \$600,000 that will be required to bring them to the city, in laying mains outside the city limits before beginning to tear up any streets for pipes. The company agrees not to export any gas.

Moving To Hastings.

London, Ont., Jan. 22.—The Canada Chemical company of East London, have decided that in future their entire product will be manufactured in "Sulphide Ontario," Hastings, Ont., where a mine has been discovered where iron and sulphur are together in such proportions that the company can produce sulphuric acid cheaper than any other firm in the world. The works in the east end will then be used only as warehouses and head offices. The change will affect thirty-five or forty men.

Charged With Stealing.

Bellefonte, Ont., Jan. 22.—In the police court, Mrs. Richard Reese was found guilty of misappropriating \$1,250 belonging to her brother-in-law, John Young. Young's wife died some time ago and he claimed that, a few days previous, she was handed the money to Mrs. Reese for safe-keeping; then, he claimed, she kept the money. The magistrate ordered the woman to hand over the money to Young, and allowed her out on bail till she did so, when he will finally dispose of the case.

Thieves Damage Steamers.

Montreal, Jan. 22.—It is estimated by ship owners that damage to the extent of at least \$5,000 has been done to thirteen vessels at present lying in Tate's dock at the foot of Mill street, as a result of visits by thieves. The engines formed the centre of attraction, and many of their brass and copper bearings were removed in such an unskillful manner as to cause great damage to other portions of the machinery.

One Inmate Enough.

Ottawa, Jan. 22.—In the police court, this morning, the magistrate ruled that one inmate of a disreputable resort made the place a common lawdy house under the act. The case was a test one as it has been hitherto necessary to prove that more than one inmate had been found in such places. The woman was fined \$52 or six months in jail.

James Mackie Dead.

Hellville, Ont., Jan. 22.—James Mackie, proprietor of the Dominion hotel, for forty-six years, died last night. He was seventy-seven years old and leaves a growing-up family. The late Mr. Mackie was a veteran of the Fenian raid and at one time a prominent Mason.

Lecture on China, Friday evening, Sydenham street Methodist church hall.

PITH OF THE NEWS.

The Very Latest Culled From All Over The World.

South Perth liberals nominated Valcutt as Stock for the legislature. The Hamilton board of health is taking vigorous measures to fight the smallpox epidemic.

Between two- and three thousand men are wanted on the Grand Trunk contracts west of Edmonton. Morris K. Jessup, retired banker and long prominent in New York civic affairs, died on Wednesday morning.

George E. Faulkner, M.P.P., was elected president of the Halifax Board of Trade, in succession to A. M. Bell. The marriage of sixteen-year-old Daisy Storer, Elora, and David Cook was annulled by Chief Justice Falconbridge.

Earl Grey leaves for Toronto, tomorrow, where he will be the guest, for a few days, of Lieutenant-Governor Clarke.

Frank P. Titus and his son, Blake were drowned off Westport, N.S., their boat scamping while returning from their lobster traps.

Fire in the Dominion School Supply company's premises on Temple street, Toronto, did damage estimated at \$19,000.

Duncan M. Stewart, the former general manager of the Sovereign Bank, has turned over to the bank the 300 shares standing in his name.

Two Mormons, John and Arthur Bennion, reported to be desperate cattle thieves, have been arrested by the North-West mounted police, near Calgary.

An attempt was made to dynamite and burn the Hayes Sorys Trench Tobacco factory, two quarters, killed two negroes and wounded another.

At the annual congregational meeting of the Glebe Presbyterian church, Ottawa, it was unanimously decided to increase the salary of the pastor, Rev. J. W. H. Milne, from \$1,500 to \$1,800 a year.

Marconi transatlantic wireless service will be opened to the public on February 1st or 2nd. The beginning of the service will be between London and Montreal only, via Clifden, Ireland, and Poldu.

Another big strike in the shipbuilding trades in the Tyne district is threatened against the reduction of wages which the employers state is necessary owing to the depression in the industry. Several thousand men are affected.

The Hull board of trade ordered an analysis of the water supply, an endeavor to see if it was contaminated. The samples taken from three places are stated to be pure, and the big epidemic typhoid must be traced to other sources.

G. E. Amyot, Quebec, sued I. Robinson, M.P.P., for \$10,000, for certain cattle, which the plaintiff, who was a candidate at the election in 1906, alleged had been made at a joint meeting in September of that year at Montmorency Falls. He recovered \$300.

Count Szechenyi, who is to marry Miss Gladys Vanderbilt, next week, has been charged, in New York, with assaulting a photographer who was trying to snap-shot him and his bride-to-be as they were leaving the Vanderbilts' residence on Fifth avenue.

At St. John, N.B., the death of ex-Alderman Charles F. Tilley, one of the best known men in the city. He was about seventy years of age, a retired contractor, and was prominent in club and other social organizations. The deceased was a cousin of the late Sir Leonard Tilley.

It is understood that the government's naval programme for the coming year will involve only a moderate increase in the naval estimates, mainly for cruisers and destroyers. Any special scheme of battleship construction beyond that already in hand, will be postponed until the following year.

A special from Fort Stevens, Oregon, says two Japanese found loitering near the west battery of Fort Stevens were arrested on Tuesday. This place is rarely visited except by special permission from the district artillery commander. The Japanese could give no satisfactory explanation of their presence near the battery.

DEADLY HEAT WAVE.

Over One Hundred Deaths From Sunstrokes. Melbourne, Australia, Jan. 22.—The heat wave that has been centring over Victoria for some time is ending, but it has left disastrous effects in its track. Vast lush fires are raging in many parts, destroying hundreds of homesteads and threatening many of the townships. The sufferings of horses and cattle have been terrible and the settlers have lost heavily in live stock. More than one hundred deaths from sunstroke have been reported and thousands of persons are seriously ill from the effect of the heat.

DIED TOGETHER.

Took Carbolic Acid in Wedding Robes. Chicago, Jan. 22.—Tired of struggling in life's battle and unwilling to depend upon charity, Mr. and Mrs. John Florian, after forty years of married life, committed suicide together at their home in Wallace street last night, by taking carbolic acid. Both had put on their wedding garments before taking the poison. Florian was sixty-nine years old and his wife seventy-seven.

G.T.R. Conciliation Board.

Ottawa, Jan. 22.—Wallace Nesbitt, K.C., has been appointed to represent the G.T.R., on the board of conciliation and investigation in connection with matters at issue between the company and its carmen. J. G. O'Donoghue will represent the men, and Prof. Shortt, Kingston, will probably be appointed chairman.

The engagement of Miss Louise Davies, second daughter of Robert Davies of Chester Park, to James Goodrichan Worts, Toronto is announced. Capt. Thomas Donnelly's health has improved but little, so far, but friends hope for a speedy change for the better.

A \$1 two-quart fountain syringe for \$2c. at Wadd's drug store.

THE ELEVATOR FELL

AND THE OPERATOR WAS SEVERELY INJURED.

The Cause of It Not Ascertained—The Tenants Very Indignant Over the Way the Machines Worked.

Toronto, Jan. 22.—One of the elevators of the Board of Trade building fell four stories, shortly after eleven o'clock, this morning, and the operator, Frank Whaler, the only occupant, was severely injured in the back and spine. He was taken to the hospital.

It could not be ascertained what was the cause of the accident, for the elevator ran immediately afterwards. However, the elevators have been running recently, in such an unsatisfactory manner that an indignation meeting of the tenants, on each floor, was held after the accident, in the grain rotunda when a committee was appointed to wait upon the owners of the building.

The cleaned up of appeal, this morning, allowed the appeal of the Bank of Montreal in the case with Mr. Ryan, Toronto. Mr. Ryan sued the bank for damages for an alleged breach of the banking act in exposing to J. D. Montgomery the state of Ryan's account. Justice Clute allowed Mr. Ryan \$1,000 damages. The decision of Mr. Clute is thus upheld. This is the same case in which George W. Fowler, M.P., gave evidence some time ago.

The grand chapter of the Royal Arch Masons in Canada is in annual session, and in connection with the convocation, the jubilee of capitol masonry is being celebrated. An address of congratulation was presented to the grand Z., John Leslie, Winnipeg, by the city chapters, this morning, after which a historical address was delivered by M. E. Comp, John Ross Robertson. The finances of the grand chapter are in a flourishing condition, and the membership shows a marked increase.

INCIDENTS OF THE DAY.

News Paragraphs Picked Up By Reporters On Their Rounds.

Still selling oranges at 10c. a doz., for roast beef, for 25c. Carnovsky's. Capt. Felix, of Garden Island, slipped this morning and sprained his ankle.

Councillors Foley and Shannon are the candidates for the county wardenship.

Burth's fresh grates horse radish for roast beef, pork and all kinds of meats. Ask your grocer for it.

Superstitious people will probably have observed that the woman who suicided from a New York hotel jumped from the thirtieth story.

The Northbride Piano Co., Toronto, has placed on sale, at Kirkpatrick's Art Store, two fancy style pianos, which are attracting considerable attention.

A plebiscite ought to be ordered by the city council as to the electors' opinion as to the soundness of Principal Ellis' remarks. The people are talking and expressing opinions. They say things that the principal would hardly enunciate.

Some of the county councillors returned to their homes last evening, and the remainder went to-day. All of them left badly over the mistake they had made in the date of the inauguration. However, they will be welcomed back next week.

Popular Mechanics, Chicago, is the magazine that can challenge the world. It has more articles and more illustrations than any monthly has yet attained. They are short and to the point, written so you can understand. It is not only instructive. It can interest everybody.

BLOCKED BY ICE.

Steamer Could Not Make Wolfe Island To-Day. Owing to a blockade of ice, the steamer Pierrepont was unable to reach Wolfe Island, to-day. The steamer left at twelve o'clock, but when over half way to the island, the ice jam was so bad that the boat had to come back to Kingston with the Cape Vincent passengers. The mails were sent on by rail to Prescott. The ice is drifting in the harbor, and this makes it all the more difficult for the boat to make its way.

The members of Crosby & O'Connor's orchestra were on board the steamer Pierrepont, on their way to fill an engagement at Cape Vincent, tonight. Upon arrival here, Mr. O'Connor telegraphed to Watertown, and secured an orchestra to go to the Cape to fill the engagement.

The Late Mrs. Donovan.

The death occurred at her residence, 97 Lower Bagot street, on Tuesday night, of Mrs. Elizabeth Donovan, widow of the late John Donovan. The deceased was born in Ireland sixty-nine years ago, and had been in this country for many years. The late Mrs. Donovan had been ailing for some time, and for a few weeks had been confined to her room. Three sons, Dennis, William and James, are left to mourn. The funeral will be held on Friday.

Not Properly Qualified.

The township of Pittsburgh council has adjourned until the eligibility of one of its number is settled. A ratepayer filed a declaration against one of the council, on the ground that he had not sufficient property qualification to sit.

He Was Thrown Out.

Another runaway took place on Wellington street, about one o'clock to-day. The horse, attached to a low sleigh dashed out Wellington street towards the City Park. The driver held on gamely for about three blocks, when he was thrown out of the sleigh and forced to let go of the lines.

Excursion To Montreal.

Queen's hockey excursion to Montreal will be run by special G.T.R. train on Friday, Friday, Jan. 31st. Fare, \$3.65 return.

HER IDENTITY A MYSTERY.

Girl Rambles Fires Six Shots at Police.

Geneva, Jan. 22.—A well-dressed, refined-looking young girl, was, a few days ago, arrested after firing six shots at the police, at the station of Schupheim, near Lucerne, and the mystery of her identity increases as the police enquiry progresses.

A man was arrested with her, the capture of the pair being a matter of difficulty. When the girl, dressed in a frock, and wearing a large hat, was pronounced, the girl, shooting to her companion to shoot, emptied a six-chambered revolver at the police, severely wounding one man. Her companion, however, meekly allowed himself to be handcuffed.

At the police station the girl gave her name as Anna Kummer, aged eighteen, of Halle, Germany, while the man called himself Werner, and said he was thirty-five years old and came from Berlin. He also said that he was in the employ of the girl.

When "Anna Kummer's" luggage was examined at the Hotel Aigle a beautifully finished set of burglar's tools and a large quantity of jewels, as well as banknotes and gold, were found, while the man's baggage contained only clothes.

The couple were accused of committing many daring burglaries in this country, especially at Zurich. The police, on making inquiries in Germany, discovered that the names given by the prisoners were false, and they believe the girl is a member of a wealthy St. Petersburg family, who disappeared suddenly months ago.

There is little doubt that the girl's companion is her servant, and she has admitted that she left home in search of adventures, but where she learned the "art" of burglary she refuses to state. She will be tried, shortly, but as she and her companion refuse to answer questions their real identity may never be known.

COMMERCIAL MATTERS.

What is Going on in the Business World—In the Markets.

Spain is to spend \$40,000,000 on the improvement of her naval dockyards and the construction of three new battleships of 15,000 tons each.

Toronto railway earnings for the week ended January 18th, totalled \$59,976.02, or \$2,680.07 more than in the corresponding week last year.

Vancouver, B.C., advises that the stock of logs in water and lumber on hand is fourteen million feet in excess of the entire lumber output of the coast last year.

Rumors that the Pennsylvania railroad will issue \$30,000,000 in bonds is without foundation. It is not likely the Pennsylvania will do any financing for several months.

The Grand Trunk Pacific is arranging for the immediate construction at Victoria of a large stern-wheel steamer to operate this year between Esquimalt and Hazelton on the Skeena.

There has been organized a Chinese company to open the iron and coal mines in the vicinity of Tsungtau, fifty-five miles northwest of Tsungtau. The capital of the company is \$2,000,000.

A plan to readjust the debt of the Westinghouse Electric & Manufacturing company has been formulated. It provides for a bond issue of \$35,000,000 to run for thirty-five years and paying five per cent. interest.

The annual Witness says that the Dominion Steel company will shortly resume dividends at the rate of seven per cent. on the preferred stock. When is "shortly"? On the first of next April the steel company will owe thirty-five per cent. in back dividends on the preferred, or \$14,750,000.

Should Resign Office.

Mountain Grove, Jan. 21.—(To the Editor): Now that Dr. Edwards has succeeded at last in securing the conservative nomination for Frontenac, it will be in order that he should resign his office as clerk of the county. His mind and time will be much devoted to the task of holding the county from going liberal, as I believe it will. As a medical practitioner, part of his time is devoted to healing, and it will certainly take more than pills or salve to "heal" the "sore" he has caused among the conservatives in the northern part of the county. In fact, putting all his avocations together, I think, as many others, he should step out of the clerkship, as it will be almost impossible for him to give that important body the thought and attention that our county council should have.

A Mix-Up Of Coats.

On Tuesday afternoon, in his hurry to catch the K. & P. railway train, County Councillor H. W. Reynolds, of Verona, left the Iroquois hotel with another man's fur coat. The proprietor, who recognized the coat, called it back on Wednesday morning. Mr. Reynolds did so, but a mistake was made in the coat sent out to him. As a result, the proprietor's coat is now in Verona.

No Benefits So Far.

J. B. Walkem, who is now entitled to write K.C. after his name, was asked to-day if the honor had brought him any benefits as yet. He replied that it had not, that he had to get up early in the morning to attend to the farm as usual. Mr. Walkem has practised law in Kingston for twenty-eight years. He is local master of the high court of justice and solicitor for the Ontario Syndicate.

He Was Thrown Out.

Another runaway took place on Wellington street, about one o'clock to-day. The horse, attached to a low sleigh dashed out Wellington street towards the City Park. The driver held on gamely for about three blocks, when he was thrown out of the sleigh and forced to let go of the lines.

Excursion To Montreal.

Queen's hockey excursion to Montreal will be run by special G.T.R. train on Friday, Friday, Jan. 31st. Fare, \$3.65 return.

Cold Settles in Kidneys Pe-ru-na Restores Health

Catarrh of the Kidneys An Insidious Disease. Many People Have It in Slight Form and Do Not Know It.

Mr. Isaac Rosenzweig, 9-Dumais street, Montreal, Can., writes: "About three years ago, I suffered with a bad cold. It settled in the bladder and kidneys, causing serious trouble. I tried several advertised remedies, but it was Peruna which finally cured me, and I had taken only a few bottles. I feel that it saved me, and it certainly restored me to such perfect health as I had not known in years. I have good reason to give your remedy my highest endorsement. It cleaned out the system, leaving me well and strong and feeling better than I have in years."

MR. ISAAC ROSENZWEIG.

CATARRH of the kidneys is a very much neglected disease. It is not until the disease has a firm hold upon the kidneys that the patient begins to realize that there is some derangement of these organs. The slight backaches, the feelings of lassitude, and other warning symptoms of kidney disease are overlooked. They are not serious enough to detain the patient from his regular work.

Even when he discovers that the kidneys are affected, he does not recognize the difficulty as being caused by catarrh. Catarrh is sometimes so very gradual in its approach and its earlier symptoms cause such slight discomfort that it is not noticed.

However, when it once firmly seated in the kidneys it becomes a difficult disease to exterminate. Indeed, catarrh of the kidneys is more serious than catarrh affecting some of the other organs of the body. In the kidneys it is liable to terminate in Bright's Disease or diabetes, both of which are recognized as very serious ailments, if not fatal.

The thing to be done, when catarrh of the kidneys is discovered, is to take some internal, systemic catarrh remedy, one that reaches the very source of the catarrh and removes the cause of the difficulty.

Such a remedy has been found in Peruna. It reaches catarrh, no matter where it may be located in the body—whether in the more exposed membranes of the nose and throat, or whether in the remotest parts of the kidneys.

That Peruna is at once the safest and most reliable remedy for catarrh of the kidneys is proven by the many testimonials written by those who have experienced its benefits.

The testimonials given here are only specimens of the many testimonials on our records, pertaining to the relief afforded by Peruna in various cases of kidney trouble.

Kidney Disease of Long Standing. Mr. Samuel A. Paxton, 1118 Troat Ave., Kansas City, Mo., member I. O. O. F., and National Auxiliary Association, writes: "I am a well man today, thanks to Peruna. I was troubled with catarrh and kidney disease of long standing when I first began using Peruna."

Ask Your Druggist for Free Peruna Almanac for 1908
