THE 5 P.M. EDITION CHILDREN IN TROUBLE

MAY HAVE TO FACE THE CHARGE OF THEFT.

Alleged They Broke Into House and Made Off With Two Savings Banks and Contents.

Two little girls, one aged twelve, and the other eight, were taken in charge this morning by Constable James A. Craig. It is alleged that they broke into a house on Bagot street, and stole two small savings banks, which contained about \$4. The elder girl admits having taken one of the banks, and says that her companion stole the other bank. Although at the police station, this morning, the younger girl protested strongly that she had nothing to do with the theft. The elder girl handed over one of the missing banks to the police, but the other one has not yet been located. The Bagot street resident, at whose place the robbery took place, stated to a representative of the Whig that he did not care to press the charge against the two children. The theft was committed on Tuesday afternoon, and there was no person in the house at the time. A broken pane of glass, in a window at the rear of the house, told the story of how entrance was secured. The getting away with the banks, which were on a shelf in the dining-room, was then an easy matter. There were three banks, but only the two were taken. The banks belonged to the three children in the family, and contained their savings of many a week. Suspicion fell on the two children now accused, as they had been in the house on several occasions and knew the whereabouts of the two safes. The case was given over to Constable Craig, and that officer has been making an investigation.

The elder girl says that she and her companion paid their way into the five-cent theatres, out of the stolen money. There was a scene, quite out of the ordinary, at the police station, this morning, when the two children charged with the theft engaged in a lively passage at arms. The elder one accused the other of taking a hand in the theft, but met with a strong denial.

Whether or not the case will reach the police court is not known at present, but, in all probability, a settlement will be reached, as it is understood that relatives of the children are ready to make up the loss.

YOUNG PEOPLE'S UNION.

The Annual Meeting—Rev. G. A. Mackenzie President.

The annual meeting of the Kingston Young People's Christian Endeavor Union was held in Princess Street Methodist church. Rev. G. A. Mackenzie, president, occupied the chair. The report of the past year's work given by the officers of the executive were very encouraging, and as also were the reports from the different societies in the union. The First Congregational and Calvary Young People's Societies have lately been admitted to the union.

Rev. C. A. Sykes addressed a well-filled church of young people, on the subject of prayer, ably advocating the morning watch, ten or fifteen minutes alone with God in the morning before the duties of the day were begun. He pointed out how Hon. W. E. Gladstone and other great men and women would not let any other engagement interfere until they had performed their duty. Mr. Sykes said a violin player does not tune his instrument after a concert, but has all that done before. So it should be with us. We should get in tune with God every starting of the day and we would be able and better to perform the duties that lie before us as Christians.

The following officers were installed for the year by Rev. Mr. Sparring: President, Rev. G. A. Mackenzie; vice-president, Miss Playfair; recording secretary, K. Ross; assistant recording secretary, Miss Stevie Moxley; corresponding secretary, Miss Friendship; treasurer, Dr. Knapp; organizer, H. Aitken; superintendent junior work, Miss A. Brown. Sylvanham Street Methodist church Young People's Society won the banner, having the largest percentage of its members attending prayer meeting.

The Annual Meeting.

The annual congregational meeting of St. Andrew's Presbyterian church was held in the Sunday school hall on Wednesday evening, a large number of the members being present. The financial report showed everything to be in a flourishing condition, and the debt of the church has been reduced \$300 during the year. The reports of the committees of Young People's Society won the banner, having the largest percentage of its members attending prayer meeting.

A Talk On Zenanas.

Miss Strickland, Canadian missionary to the Zenanas at Tarn Taran, India, will speak at St. George's hall on Thursday at 8 p.m.

Among the wonders to be wrought by the application of electricity in the Orient, Charles M. Pepper, in February Scribner, outlines the great scheme to extract nitrogen from the air of the Himalayas and combine it with the limestone to produce great quantities of fertilizer for the Punjab. Frederick Palmer will have a story with an entirely new situation, growing out of the modern application of balloons to warfare.

Order your coat at New York Dress Reform and you will be sure of a perfect fit. As well as our large stock of all the best ready-made coats we manufacture any style to order.
 Carbolic tooth powder, two bottles for 25c., on the bargain counter, at Gibson's Red Cross drug store. Regular 25c. bottle.
 Stockings that will wear for boys and girls, all sizes. New York Dress Reform.

EDWARD LEACH INJURED.

Fell Twelve Feet From Second Story Floor.

Edward Leach, 131 Division street, met with a very severe accident on Wednesday afternoon. Mr. Leach has been employed in the office of James Hendry, Princess street, for some years, and on Wednesday afternoon, he had occasion to go to the upper flat. There is a rope hoist built in the store to hoist the goods from floor to floor, and while Mr. Leach was working the ropes, he in some manner lost his balance and fell, head foremost, down twelve feet to the floor below. He was unconscious when aid arrived, and a hurry call was sent for James Reid's ambulance. The injured man regained consciousness before the ambulance arrived to remove him to his home. Dr. Bogart examined him, and found that besides severe bruises he had received a dislocated wrist and a bad bruise over the eye. Mr. Leach passed a bad night, being unconscious most of the time, but this morning was resting easier. His many friends will be very sorry to hear of his accident, and hope to see him around again soon.

MILITARY MATTERS

Only Temporary Repairs to Tete de Pont.

The term of Lieut.-Col. R. E. Kent, commanding the 14th Regiment, Princess of Wales Own Rifles, has been extended twelve months. His time expired on the 18th, but it was deemed wise to retain Col. Kent at the head of the 14th for at least another year. The regiment has prospered under his command. The colonel has worked hard to bring it to its present state of efficiency and strength.

There will be a short course held here early in the spring for all the militia stretcher bearer companies. Lieut.-Col. Duff, P.M.O., will be in charge.
 It is expected that the repairs to Tete de Pont barracks will be begun very shortly. As intimated recently by the Whig, only temporary repairs will be made, as the militia department has decided to build a new barracks somewhere in the vicinity of Fort Henry, within a few days of the repairs must be completed within two months or in time for the short course for officers, which is to begin in March.

ICEMEN ANXIOUS.

For the Harbor to Freeze Over At Once.

The harbor, west of Macdonald park, was all open this morning, the ice having been blown down below that point. A few more days like this with the thermometer registering in the zero vicinity, and the harbor will be solidly frozen.

The ice-men are getting impatient over the weather conditions. They are anxious to get to work harvesting the supply for the spring and summer. It is just a year ago to-day since the ice dealers began to cut. Two years ago, they did not commence till February 16th, and they had to put on extra gangs and work night and day. It will be two weeks before there will be good ice-cutting.

Simpson-Hogan.

A very pleasant event took place on Wednesday, January 22nd, in the marriage of Miss Mary Agnes Hogan and Albert James Simpson, both of this city, by the Rev. Father Gray. The pretty bride was attired in cream voile, trimmed with ribbon and lace, over net waist, old rose velvet hat with white ostrich plumes. The bridesmaid was Miss Emma Simpson, sister of the groom. She wore a pretty hand-embroidered cream silk dress with mauve velvet picture hat. The groom was supported by Daniel Hogan, brother of the bride. After the ceremony the party returned to the home of the groom, where a sumptuous supper was partaken. The bride and groom stood under a canopy of roses and a wedding bell while their health was drunk. The numerous costly and useful presents testified to the esteem in which the young couple are held.

Died On Wolfe Island.

William J. Cameron, Wolfe Island, passed peacefully away, on Wednesday afternoon, after a year's illness. The deceased was born in Scotland, sixty-seven years ago, coming to this country when a lad. His wife died a few months ago, and he had no other relative on the island. The funeral will be held on Thursday. Services will be conducted by the Rev. Mr. Lancaster, of whose church the deceased was a member.

Held Jolly Party.

One of the jolliest crowds of the season left, Wednesday evening, from the home of Miss Hattie Watts, Colborne street, and drove to the home of Edward Shepherd, Glenburnie, where a pleasant evening was spent with games, music, etc., prizes being won by Miss V. Moxley and Charles Pitcher. The merry crowd reached the city at an early hour, and very much enjoyed the moonlight drive home.

Concert At Cooke's Church.

The Olive Branch Mission Band, of Cooke's church, held a most enjoyable concert on Tuesday evening, at which D. A. Shaw acted as chairman. A programme of music was given by the children, and others taking part in the programme were Misses Massie, Rajus, Tweddell, Mrs. F. McKay, of Toronto, and Messrs. Sutherland, Cromley and Cooper.

CLEANER ELECTIONS.

Bill to Amend the Elections Act Read.

Ottawa, Jan. 22.—An important piece of legislation was introduced in the house, to-day, by Mr. Alcorn, Prince Edward, Ont. Mr. Alcorn's bill seeks to amend the Dominion Elections Act, and contains clauses cleansing election methods, making bogus ballot boxes an impossibility, and putting an end to the corrupting of constituencies by promises of large expenditures of the people's money in the shape of public buildings and works. The bill also makes a dead set against corporation contributions to campaign funds, and imposes heavy penalties on government officials who take a prominent part in elections. Mr. Alcorn, in introducing his measure, stated that as the government for two sessions in the speech from the throne had promised to bring down legislation for electoral reform, and had forgotten to do so, it remained for a private member to step into the breach. Throughout the explanation of the bill, Sir Wilfrid Laurier listened attentively, and it was read a first session. The balance of the day's session was consumed in an academic talk on the question of fisheries, Mr. Sinclair, of Guyana, moving that a select committee be appointed to deal with it. Hon. L. P. Brodeur did not have an opportunity of airing his views and the resolution is switched off until later on.

ROUGH ON THE REGULARS.

How "Posted" Drunkards Will Be Kept on List.

Milwaukee, Wis., Jan. 23.—Saloonkeepers in Manitowoc have petitioned the common council of that place to order the chief of police to cooperate with them in preventing "posted" drunkards from obtaining liquor. They want the chief to take each "posted" man to every saloon in Manitowoc, and personally introduce him to every bartender in town. In addition, the saloonkeepers desire photographs of each drunkard to hang back of the bars, so that the bartender will know at a glance whether he can serve those desiring drinks. The chief endorsed the plan.
