result: no improvement at all. The disease gradually spread until nearly every part of his body was quite raw. We had to strap him down in bed, for he used to tear himself dreadfully in only hope was that he might, if he lived long enough, outgrow it to some extent. We had him in hospitals four mes and he was pronounced one of the worst cases, if not the worst, ever dmitted. From each he was discharged as incurable; in fact he got worse under the successive treatments. At one hospital they incased him in plaster, and this seemed to aggravate the soreness terribly. He looked so badly that no one liked to go near him and his life was a burden to him. We kept trying remedy after remedy, but we had got almost past hoping for a cure. Six months ago we purchased a set of Cuticura Soao, Ointment, and Resolvent Pills and persevered with them. The result was truly marvelous and to-day he is perfectly cured, his skin not having a blemish on it anywhere. Mrs. Lily Hedge, 51, Vaughan Road, Coldharbour Lane, Camblewell Green,
