

**Nearly all our little ills, come through inactive bowels. Those days that you lose because you don't feel right—Cascarets will save them all.**

In the old days, physic was dreadful—calomel, castor oil, salts or cathartics. And they were worse than they seemed, for they irritated the stomach and bowels. They acted much as pepper acts in the nostrils. They flooded the bowels with fluids. But those fluids were digestive juices. And a waste today means a lack tomorrow. You secured relief, but you were actually worse off than without it. It's different with Cascarets. Their effect is the same as that of laxative foods, or of exercise. They stimulate the bowels to natural action. No griping, no irritation. They act as a bowel tonic.

The old way, too, was to take large doses of physic. People waited until the bowels were clogged. The new way is to take one Cascaret when you need it. Carry the box in your pocket or purse. Ward off the troubles instantly. The modern plan is to keep at your best. The old way wasted too many good hours.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure you get the genuine, with CCC on every tablet. The price is 50c, 25c and

## NEW WAY TO BE WELL WOLFE ISLAND NEWS

### Healthfulness of Oranges.

The one lesson which most people never seem to learn is, how to guard their health. We have been eating oranges since time immemorial, yet how many of us know that orange juice contains a medicinal principle which has a marked action on the stomach, bowels, kidneys and skin. Some physicians go so far as to say that they can cure the average case of Indigestion, Constipation, Billousness and Dry Skin with orange juice and proper diet. This can be easily proved, to the satisfaction of any sufferer. Take the juice of one or two oranges every morning before breakfast, take one or two "Fruit-a-tives" every night at bed-time, exercise a reasonable care in diet, and the proof will be found in health. The cure will be greatly assisted and hastened by taking "Fruit-a-tives" in conjunction with the orange juice. "Fruit-a-tives" are fruit juices in which the medicinal principle of oranges, apples, figs and prunes are many times increased by the special way in which they are combined. Then tonics are added and the whole made into tablets. "Fruit-a-tives" may be obtained at all dealers, or will be sent postpaid on receipt of price—50c a box—5 for \$2.50. "Fruit-a-tives" Limited, Ottawa.

## PREVENT UNDUE FATIGUE

It is a great mistake to take spirits or hot drinks such as tea or cocoa prior to any special exertion or exposure. Stimulants do not prevent fatigue but leave depression proportionate to the stimulation. A cup of "BOVRIL" contains the essential elements of beef and taken before exertion or exposure will give the necessary vitality, energy and power you need.
