### Medicated Air Cures Catarrh

For the past century physicians have been sending patients suffering with bronchitis, catarrh and weak throat to Colorado, Australia Southern France and other regions where pine piny air is abundant. But of the thousands who were sick only a few could undertake such expensive treatment and many have had to stay at home and suffer in misery. But as "all the world loves a lover" so all the world sympathizes with a sufferer, and science spurred on with a desire to stamp out respiratory diseases and worked unceasingly to discover the magic potion that would forever cure catarrh. Stomach dosing was found ineffective, and the principle of inhalation was finally perfected. Even the Romans and ancient Greeks used it. physician prescribes to-day. The most wonderful results have been secured with this new treatment known as "Catarrhozone," which sends germdestroying vapors directly into the air passages of the nose, throat, bron-chial tubes and lungs. When the patient inhales the balsamic vapor of Catarrhozone, active curative properfifty ties are given off, and immediate rethe lief follows. Catarrhozone proves esmost curious funeral processions of the pecially good in those chronic cases where mucous drops down the throat, sickens the stomach and pollutes the over, funeral processions pass along only a few breaths through the inhal-

weak lungs, bronchitis, and speakers' sore throat. Those who use Catarrh ozone swear by it, thousands of physicians that prescribe it say nothing ould more effectually prevent and ure winter ille than Catarrhotone.
