"FRUIT-A-TIVES" ALONE CURED HIM

Clarence J. Placey is a farmer of Ulverton, Que., known as a man of integrity and good judgment. He writes in no uncertain terms of the great benefit he derived from taking "Fruita-tives" for a long standing kidney

I suffered for many years with kidney trouble, with bad pain in the back and all symptoms of disease of the kidneys. I took every known kidney remedy and kidney pill but nothing gave me relief gether fifteen boxes of "Fruit-a-tives" and from the outset they give me relief and I am now practically well again, no pain in the back, no distress, and all the symptoms of severe kidney disease have entirely left me. I am very thankful to be once more well and I freely make this statement for the sake of others who may suffer as I suffered and to (Sgd) CLARENCE J. PLACEY.

We must all use laxatives -we who eat rich foods and exercise too little. The best way to take them is a Cascaret at a time-when you need it.

You know when you need Cascarets.

You feel a certain dullness, a depression-perhaps the approach of a headache.

You say, "I must take something tonight." But why do you waste the day?

It is easy to keep at your best at all times, if you'll do it. The way is to carry a box of Cascarets with you. Take one just as soon as you need it.

Then the clouds rise at once

The need for Cascarets is a natural need. Don't think that you are drugging yourself ...

We must get a laxative some way. If we don't get it through exercise, and through proper food, we must get it otherwise. Cascarets are the next best way.

Ask your Doctor about it. He will tell you that the day of the violent purgative is past. The day of pills, salts, castor oil and cathartics.

This is the day of the gentle in medicine, the natural, the pleasant. Cascarets act just as certain foods act-just as exercise acts-on the Cascarets are candy tablets. They are sold by all druggists, but never

in bulk. Be sure to get the gennine, with CCC on every tablet. The price is 50 cents, 25 cents and
