A Lone Man's Work.

Queen's university has reason to
point with pride to J. J. Harpell,
B.A., the David who went out to
battle against the life insurance
Goliath.

Queen's is sufficiently like other
Canadian universities to take more
pride in the rich graduates whose
hands are filled with gains from
abuses than in the lone graduate
whose hands are raised against abuses.

The most dangerous men in the pub-
lic life of Canada to-day are univer-
sity-trained apologetes for every sort
of emasculation that aggrandizes their
clients while despoiling the country of
its honor and the people of their
money.

The spectacle of a university gradu-
ate taking the public side of any
controversy is a shock to the coun-
try's nervous system.

**THE 5 P.M. EDITION
CASE WAS DISMISSED**

**THERIAULT HORSE SUBJECT
TO DEBATE.**

The Animal Fell Near the Court
House Some Time Ago—Not
Enough Evidence to Convict
the Owner.

The celebrated horse case that has
occupied so much time and has been
adjourned so often, was argued at
some length before the police magis-
trate, this morning. The complaint
was laid by the Humane Society
against Wallace Theriault, for ill-
treating a horse. The animal was at-
tached to a garbage wagon and fell
at the corner of Union and Barrie
streets, the night of the heavy snow-
storm. T. J. Rigney, appeared for the
defendant, and J. B. Walkem, for the
Humane Society.

A great many witnesses were exam-
ined by both sides. Wallace Theriault,
was the first witness called. He stated
that he owned the horse, and that
three days after the animal fell it was
shot. Miss Mildred Macmorine was
the main witness for the prosecution. She
stated that she saw the horse fall and
saw the attempt made to get it up.
In her opinion the horse was in very
poor condition and seemed very
hungry as it ate ravenously out of
the garbage barrels on the sleigh.
Ralph Adair, H. C. Nickle, Dr. Nichol
and Robert Wilson were called by
Mr. Walkem and told of seeing the
horse down, and of getting it on its
feet. All stated that the animal's feet
were badly balled with the snow, and
this would make it very hard for the
horse to get on its feet. It was also
brought out that the horse was
foundered, and this would make it
very stiff in front, and hard for the
animal to get on its feet, although it
would not hurt its working qualities
any.

Frederick Van Order, motorman on
the street railway, was the first wit-
ness called by the defence. He was
driving a car on the night in ques-
tion. When he arrived at the corner
of Union and Barrie streets the horse
was lying across the track. He said
the horse's feet were badly balled. To
Mr. Walkem, witness stated that he
put the horse's feet in front of him
to aid him in getting up. This helped
any horse to arise, whether he was
sounded or unsounded. Witness said he
did not think the horse was in very
bad shape, and that it was a common
thing for a horse to fall back when
trying to get up, and that a horse
was practically sure to do it when his
feet were balled with snow. Prof. Mc-
Phail, E. C. Mitchell, James Mitchell
and James Regan were called and
told mostly the same story.

William Campbell, who sold the
horse to Theriault was the next wit-
ness called, and stated that the horse
was foundered, he never saw one
foundered worse. He stated that he
saw the animal three or four days be-
fore the accident and that it was in
good working condition. He had of-
ten seen the animal fall back in the
stable when trying to get up, and
that this was due to its being founde-
red.

Inspector Armiel was summoned and
stated that he was appointed to in-
vestigate the case by the magistrate.
He interviewed numerous men who
saw the accident and did not think
that he could secure evidence enough
to convict him, so he did not bring
him into court. He made out a writ-
ten report of the facts and handed
them in. Mr. Walkem made a few
remarks, because he did not see the
report, and Mr. Rigney did. These
reports are made by all the policemen
when they are on such cases and are
kept by the department. Mr. Walkem
seemed to think that the humane of-
ficer had no right to make out a re-
port without first consulting him. Mr.
Rigney stated that in justice to the
officer who made the report, he must
say that he saw the report, not
through anyone telling him, but be-
cause he knew they were always made
and saw them in that way.

His worship stated that there was
not enough evidence to grant a con-
viction, and dismissed the case.

CALL TO KINGSTON.

**May Become Pastor of Queen
Street Church.**

Rev. S. Selley, pastor of Wall
Street church, Brockville, has received
a cordial and unanimous invita-
tion to the pastorate of Queen Street
Methodist church, to take effect in
June, 1909.

A Little Surprise.

A jolly time was spent last evening
at the home of Mr. and Mrs. John
Leach, 66 Charles street, where about
thirty of Miss Hilda's young friends
dropped in to give her a little sur-
prise. The programme of the evening
was games, music, etc., many vocal
selections being rendered. Refresh-
ments were served at midnight and the
affair came to a close at two o'clock,
all having had a very pleasant time.

Ex-Kingstonian Dead.

Word was received in the city, to-
day, of the death at Caledonia, North
Dakota, of Thomas Garry, a former
Kingstonian. Mr. Garry passed away
on February 20th. He was much re-
spected, and his friends will be sorry
to learn of his death. One son, Thom-
as Garry, lives at Caledonia.

young son who has given the trophy,
which the Victorians won.

THE BOARD OF HEALTH.

**Asks City Council to Lease Cedar
Island.**

The board of health met yesterday
afternoon and the attendance was Dr.
Knight, Dr. Etherington, Dr. Evans,
John Lemmon and Francis King. In
the absence of Chairman S. S. Cor-
bett, through illness, Mr. King pre-
sided.

City Commissioner Gordon reported
that he had laid out the ice-cutting
limits in the harbor the same as last
year.

A. C. Waggoner, tailor, complained
about a portion of his store being un-
sanitary. The board ordered that the
Gananoque landlord be requested to
attend to the matter and also to
make the building comply with the On-
tario factories act.

Medical Health Officer Bell reported
that during February there were twen-
ty-one cases of scarlet fever, two of
diphtheria, and one of typhoid fever.
The medical health officer and Dr.
Etherington were authorized to issue
a circular letter to the people, de-
scribing what the health act required
when there was scarlet fever in a
household.

Dr. Evans advised that the city
council be asked to get the lease of
Cedar Island, which could be used as a
health resort or for contagious dis-
eases, in case an epidemic ever broke
out. The board didn't like the idea of
using the land for smallpox, etc.,
but decided to ask the council to se-
cure a lease of it. Dr. Evans said
that the present lease had expired,
and the city should have control of
the island.

Dr. Etherington wanted to know
who could tell if ice cut for cooling
purposes only was being sold for do-
mestic purposes as well. It was de-
cided to authorize Dr. Etherington to
confer with the city solicitor as to the
best method to be adopted whereby
the people would be assured that the
ice they were buying was cut in the
proper limits, and was not ice to be
used for general cooling purposes only.

KINGSTON PRESBYTERY.

**The Business at Tuesday Morn-
ing's Session.**

resentatives of the several congregations,

ment satisfactory to all parties.

The presbytery spent some time con-
sidering the remit from the general as-
sembly, relating to standing commit-
tee. Attention was also given to the
augmentation committee's statement.
The remit from the assembly on the
standing of assistant pastors in
church courts, was reported on by a
committee, recommending the full
standing only to those called and in-
structed as assistants and successors.

CARRY ON CAMPAIGN

**THE SALVATION ARMY AND
ITS IMMIGRANTS.**

An Offer of a Large Tract of
Land in Quebec—Agreed to a
Consent Verdict—Big Estate
Goes to Near Relations.

Toronto, March 3.—The Salvation
Army is preparing to carry on an
active immigration campaign with the
opening of the coming season. Prac-
tically every province will be involved
in schemes now under consideration.
Commissioner Coombs is leaving for
the old country to-night to interview
General Booth on immigration mat-
ters. He said the army had received
the offer of a large tract of land in
Quebec for colonization purposes, but
owing to the extent of the schemes
already in hand they had not seen
their way to accept it.

In 1904 Alexander Sims was run
over by a Grand Trunk train, at the
floor street crossing, and lost a leg.
He sued the company and after the
case had been heard in a couple of
courts the company, to-day, agreed
to a consent judgment, giving Sims
\$1,300 damages.

An estate valued at \$360,866 was
left by Sophia Pitt Lawrie, late of
the city of Quebec, who died on
January 7th last. The will was prob-
ated in Quebec province and ancil-
lary probate for the Ontario portion
was applied for in Toronto to-day.
The portion of the estate falling with-
in the jurisdiction of the Ontario
courts, consisted of stocks valued at
\$102,715. The entire estate is left to
near relatives, all of whom reside in
Quebec.

HOSPITAL GOVERNORS.

**Regular Meeting Held on Monday
Afternoon.**

the board of governors of the King-
ston General Hospital, was held on
Monday afternoon, at four o'clock.

Marshall, J. A. Minnes, Dr. Sparks,
T. F. Harrison, Col. Massie, Rev. D.
Laird, R. Waldron, F. Spangenberg.

the supply of drugs for one year, be-
ing the lowest, was accepted.

Messrs. Spangenberg and Waldron,
visiting governors during the month
of February, reported that they had
made an inspection of the insti-
tution, and found it in a most
satisfactory condition.

During the month of February, 114
patients were treated at the hospital.
Messrs. E. T. Steacy and T. F. Har-
rison were appointed visiting gov-
ernors for the month of March.

head of butchers' cattle, 70 calves, 161
sheep and lambs and 1,862 fat hogs
were offered for sale at the Point St.
Charles stockyards this forenoon. The
stormy weather, together with the
near approach of Lent, helped to make
vacant, and rather lower prices
prevailed in some cases. Prime beefs
sold at 5c. to 5 1/2c. per lb.; pretty
good cattle, 4c. to 4 1/2c.; and the com-
mon stock, 2 1/2c. to 3c. per lb. Calves

ASKS FOR KISS, MUST RESIGN

**Pastor's Joking Request Makes
Him Serious Trouble.**

Syracuse, N.Y., March 3.—Rev. E.
Warren Saphoe, rector of All Saints'
Episcopal church, has been forced to
resign his charge. His offence con-
sisted of asking Miss Viola Hays, aged
sixteen, for a kiss.

Bride of A Japanese.

New York, March 3.—Dorothy Rus-
sell has astonished her friends by leav-
ing the wife of A. A. Mura, a
wealthy Japanese merchant. She is
the daughter of Lillian Russell, the
singer and actress. Her father was
"Teddy" Solomon, from whom Lil-
lian Russell obtained a divorce when
she learned that he had another wife
living in England. Dorothy is twen-
ty-two years old. She ran away from
a convent to elope with Abbot Lewis
Einstein, from whom she obtained a
divorce in 1905. In April of last year
Miss Dorothy announced her engage-
ment to Arnold Rothstein, a book-
maker, whose heart she won while
playing in "A Gentle Jaz," at a
benefit.

Rockwood Carnival.

The carnival at Rockwood, last
night, was a huge success. There
were about one hundred skaters and
fifty spectators. The Rockwood band
was in attendance. The prizes were
awarded to Mr. Buck, as "Lord of
Svedenham," and to Miss Christley, as
"Harvest Girl." Manager Fenwick
was courteous to his patrons. The
judges were: W. Fenwick, J. McMas-
ter, T. West, N. Porter.

Not Well Pleasid.

Ald. Carson is not pleased at the
way the city council knocked out his
poultry by-law, last evening. He
claims that it is in the interests of
the people, and should have been adopt-
ed. Mayor Ross supports the adoption
of Ald. Carson.

The house of Daniel Burt, ex-M.P.P.
of Brant, St. George, Ont., has been
totally destroyed by fire with all the
contents. The fire, started in an out-
house, and is thought to have been
caused by a tramp sleeping, and
dropping a lighted match.

A suit for \$20,000 has been entered
against Walkerton men for supplying
detective apples to C. P. Carpenter &
Son, Winona.

GREAT OVATION GIVEN.

**To the Victorious 14th Regiment
Hockey Team.**

Never before has a hockey team been
given such a reception as was tendered
the victorious 14th Regiment team,
champions of the senior O.H.A. series,
when they arrived home to-day. Over
a hundred people met them at the
outer G.T.R. station, and when the
suburban arrived at the inner station
over two thousand welcome. Mayor
Ross, nearly every member of the city
council, and the officers of the 14th
Regiment were there to welcome the
players. The 14th band was put in
full force and as the players stepped
off the train the musicians played the
Regimental march. The cheering and
shouting could be heard for blocks,
and reminded one of the crowd gather-
ed to welcome the South African
war horses. The players were taken
in to the Ontario hall, where
speeches were given.

Mayor Ross, on behalf of the citi-
zens, extended the congratulations
and good wishes of the city to the
players in their hour of triumph. He
stated that the reason the people
took such an interest in the 14th
team was because they were a city
team and all amateurs. "As long as
the professional part is kept out of
the game," said Mayor Ross, "the
team will have the hearty co-opera-
tion of the people."

After the mayor concluded his re-
markable speech, he called on the
team and the large crowd began calling
for "Eddie" Hiscock. "Eddie" made
a neat little speech, thanking the peo-
ple for their enthusiastic reception,
and for their help all through the
season. Major Cunningham followed,
and stated that this was the happiest
moment of his life. "We showed
Stratford last year that we were good
losers," said Major Cunningham, "and
this year we have shown them that
we are good winners. We told Strat-
ford last year, after we congratulated
them on their victory, to look out for
us next year, and now we tell them
to look out for us in 1909. We have
the best team in the O.H.A., and also
the cleanest team. We went into this
to play good hockey and if the cham-
pionship came well and good; we were
going to win it by playing a clean
game."

George Richardson, the hero of
the game, was forced to say a few
words to the assemblage. He thanked
the people for their kind reception.
He stated that the boys were confi-
dent of winning the championship.
"We defeated Stratford here and we
told them before they left that we
would defeat them on their own ice,
and we did so."

In closing, Mayor Ross said that he
wished to inform the people that the
black cat had come back with the
team.

Such a reception as was given the
team to-day is a good thing for the
city and a far better thing for the
team. It shows the players that the
people are with them all through. The
14th team has been given excellent
support this year, and it is to be
hoped that next year the boys will be
in even better condition.

At Stratford, the 14th's share of the
gate receipts was \$215.

It is announced that the Kingston
champions will not play home and
home game with variety for the
dominion amateur championship. Var-
sity are the challengers, and if they
want a game they will have to come
to Kingston. The 14th team will
meet them here, but are tired of trav-
elling, and will not go to Toronto.
Besides, the Toronto rink is too small
for a senior championship game.

Toronto Comments.

Toronto World: The most wonder-
ful player on the ice was Hiscock, in
goal. He figuratively had horse shoes
strung around his neck, the goal posts
and on the net; he nipped wicked
shots with his hands, feet, and, in
fact, anything he could use, and even
at the cost crucial period, when the
Indians swarmed around his citadel
like a bunch of horsets after their
nest had been disturbed, he handled
himself with comparative ease and
easily stopped fifteen or twenty shots
to Maglaen's one. (Hiscock is a star
of stellar magnitude, and it was he
who virtually won the cup for the sol-
diers. Vanora, at point, was a stone
wall. He broke up all combinations
the Indians attempted, and was prob-
ably the most effective player, out-
side of Hiscock. Richardson was the
best man on the forward line, either
assisting in or scoring almost every
counter.)

The Idol Of The Postoffice.

The members of the post office staff
gave their comrade, "Eddie" Hiscock,
the crack goal keeper of the O. H. A.
champions, a great reception this af-
ternoon. He was carried around the
mail room on the shoulders of the
stalwarts, headed by "Joe" Kehoe.
His picture posted on a big piece of
cardboard could be seen through the
lobby window. Above his photograph
was hung a silver medal, immediately
below was a picture of a black cat
and the inscription was "Edward
Hick."

Death Of Mrs. Joyner.

The death occurred, at three o'clock
on Tuesday morning, of Mrs. Laura
Joyner, widow of the late Elijah
Joyner, at the family residence, on
Union street. Deceased, who was six-
ty-nine years of age, had been ill for
four weeks. A grown-up family sur-
vived, and they have the sympathy of
a wide circle of friends.
