In good residential locality.

McCann, 51 Brock St. Phone, 326 or 321.

THE 14TH MET DEFEAT PLAYED A BURLESQUE MATCH WITH QUEEN'S.

Score Was 10 to 4—Queen's Have Improved, But Would Be No Match For the Soldiers When Latter Are in Condition.

The greatest surprise of the hockey season was sprung at the Kingston skating rink on Friday evening, before one thousand people, when the 14th O. H. A. senior champions, were defeated by Queen's. To say that the result was a surprise is putting it rather mild, as very few people had any idea that Queen's would be able to put it over the soldiers. The college boys deserved the victory and can justly feel proud of it, and had they played the same style of hockey all season, the Intercollegiate silver would not have rested again in Toronto, with so easy a struggle. The winners put up the best game they have played this season. Every man went on the ice determined to win, and from whistle to whistle played, good, clean, fast hockey. Never has Queen's defence worked so well together as they did last evening, and never have the forwards played with the same determination followed back as they did then. In taking the game, and not considering past events, Queen's won on their merits, and because they thought of nothing but to play hockey, and if they had to take a lot of punishment they were going to take it and stay on the ice.

Of course, it must be taken into consideration that the champions have had two very hard battles in the past few days, and have not had a skate since their last game, and that their forward line were not any too gently used in their last game at Stratford. Queen's could not defeat them when they are in condition. Again, an exhibition game is no criterion.

The play was fast, and nearly all through the game the pace was set by the winners. They roughed it up a little, when necessary, but they seemed to think of nothing else but the rubber and how to land it in their opponents' nets. On the other hand the soldiers did rough it up to a considerable extent, but part of this can be blamed on the referee, because he did not put his foot down in time, and when he did start, it was too late to be of any effect. More than once he was at fault in his decisions, and once or twice 14th men were penalized when it was a toss-up whether it was necessary or not. There is also quite a difference in the rules of the two organizations, the main one being that in the O.H.A., a player can skate another inside and in the I.C.H.U. this cannot be done. This did not bother Queen's as much as it did the soldiers. They were not used to doing it and, in the half when they could have done so, it was very seldom that they took advantage of it, as they did not think of it, and in the same way the soldiers being used to it, used it all through the game. One-half was played under O.H.A., and the other under Intercollegiate rules.

Every man on Queen's played the best game of the season and some of them the best game of their career, as much as it did the soldiers. They were not used to doing it and, in the half when they could have done so, it was very seldom that they took advantage of it, as they did not think of it, and in the same way the soldiers being used to it, used it all through the game. One-half was played under O.H.A., and the other under Intercollegiate rules.

QUEBEC CELEBRATION R.C.H.A. WILL LIKELY TAKE PART IN IT.

It is the intention of Militia Department to Have Twenty Thousand Men Attend—Notes From the Barracks.

It is fully expected that the members of the R.C.H.A. will go to Quebec, in August next, to take part in the celebration of the three hundredth anniversary of the founding of Quebec, which is being made an event of national importance. Although nothing definite is known as yet, the men are looking forward to the event with keen interest.

It is the intention of the militia department to take twenty thousand of the Canadian militia to Quebec to assist in the big celebration. Whether or not they will be able to carry out their wishes depends upon the appropriation which is made for the purpose. They expect, however, to get enough to take the entire twenty thousand men to Quebec.

For the Kingston soldiers, the trip would be one of the most enjoyable vacations which might be taken.

The building, on Queen street, next to Queen Street Methodist church, has been leased by the government for the station hospital, and the station headquarters will be moved there next week, when the place is put in readiness, as it has been undergoing alterations. The property secured is that known as the Thompson property, and is considered in every way to be most suitable for the hospital. The present hospital has for some time past, been found unfit for the use required of it.

Two slight accidents are reported at the barracks. Gunner Dicker fell off a gun carriage and injured his knee, and Gunner Miller suffered a sprained ankle, while engaged in wrestling with a comrade.

Lieut. J. A. McDonald, of the 17th field battery, is here, taking a short course of instruction.

Notes of the Players. The Crawford brothers are about evenly matched. They marked each other last evening and both put up fine games, each scoring two goals.

The general opinion is that the 14th should not have played last night, as the men were in no condition for a battle. Their play was really a burlesque.

Just before the game started the Harmony club presented the 14th team with a black cat. The gift was accepted by Capt. Hiscock, on behalf of the team.

Joseph Kehoe, of the post office, says that he refused to allow the 14th to play their own black cat last evening, and that was why they lost. The cat was suffering from a slight cold.

Bernier and VanHorne both put up fine games and worked hard to win out. At point Powell was in line and Jack was always playing a fine, steady game, and is always an effective player.

For the losers Hiscock, VanHorne, Richardson and Bernier carried away the honors. Hiscock was the only one last night who seemed to be playing his regular game, and this for three times he was left unprotected with two or three men rushing down upon him. Richardson has not been checked here this season, than Dobson checked him last night. "Dob" watched him like a mouse, and broke up a great many of his rushes right at the start.

Bennett played the game of his life in goal. To the play he put up much credit for the victory is due.

For Queen's Dobson, George, Macdonnell and Bennett were the stars. George put up his best game of the season. He was getting hands of punishment, but he was taking it all and saying nothing. He played Bernier good and close, stealing away for many rushes that counted much to the score. George is a heady player, playing his position all through, and is always there when called upon.

THE HALLS OF QUEEN'S AN ENTERTAINMENT BY THE GERMAN CLUB.

Dr. Third Goes to Europe Next Month—The Arts Society to Purchase a Fine Painting—To Have a Students Curling Club.

A pronounced success was the students' German Club's musical and dramatic entertainment in Convocation Hall, last evening. A charming little German romance "Die Herrschaft" was presented by a number of Prof. Macgillivray's home students.

The characters of the dramatic personal being well interpreted by the following: Misses Chown, Shortt, Hughes, Marshall; Messrs. Edwards, Otto, Hanna, Foley, Baird. The remaining numbers of the programme were vocal solos by Miss Mona Knight and Mr. W. D. Lowe, a piano solo by Miss Daisy Chown, a German solo by Miss Lachance and a German chorus by a number of the students.

D. L. McKay, president of the Y. M.C.A. is in the hospital with a severe attack of la grippe.

Last evening, J. B. Williams, '09 science, read a paper at the Y.M.C.A. meeting on "The Preservation of our Ideal."

"The Pastoral Work of the Student Missionary" was the subject discussed by R. H. Liggett, at the meeting of the missionary association this morning.

Prof. Macnaughton's Bible class will meet at 9:45 o'clock to-morrow morning in the church history room.

Journal No. 9 appeared on Thursday. Another valuable article by Dr. A. P. Knight on hygiene is the leading feature of the issue. There is also a brief review of a book recently published by Prof. G. W. Mitchell, "Introduction to Latin Prose."

There will be no service in Convocation Hall, to-morrow afternoon.

Provision is being made by the Arts Society for the purchase of an original picture by Yeend King, "A Harvest Scene in Wales." The picture is a beautiful work and the very reasonable consideration of \$100, was secured through the influence of Prof. J. A. Macdonald. It is hoped that the painting will form the nucleus of an art collection befitting, both in magnitude and quality, to a university of Queen's dimensions.

In the results of the recent examination in mental diseases, F. R. Sargent leads the list and is therefore entitled to the twenty-five dollar prize awarded annually by Dr. Barber.

Dr. James Third sails for Europe next month to spend several months in hospital work there.

Dr. Bruce Sutherland, '06, has received a staff appointment in the New York Post-Graduate Medical School and Hospital.

It has been practically decided that there will be a Students' Curling club next winter.

The final report of the musical committee will be presented at the Alma Mater meeting this evening.

The Liniment that Will. You can absolutely depend on Smith's Liniment to do everything that an external application can do. Its action is prompt, certain and thorough. It stops pain, heals injuries, and cures inflammation of every kind. It should be in your home for emergencies now. 25c. only at Wade's Drug Store.

Signalling in Brockville. The members of the first signalling class commenced the examination last night, under Lieut. Stroud, and Sergt. Major McGowan, of Kingston. Last night's papers were questions on reading Morse code, flag, semaphore and lamp signals, and were quite severe. To-night, the examination concludes, with Capt. Muddell, of Kingston, as the presiding officer.

Which Side Are You On? "Winter thunder, summer hunger," says the old proverb, and now it remains to be decided whether March 6th, with the snow piled high, constitutes enough winter to hang the proverb on "Oh come, it says," says the cheerful one, "Sure winter is over in March, and yesterday's thunder and lightning was just a little herald clearing the highway for spring."

KOKOMO WOMAN GIVES FORTUNE. To Help Women Who Suffer. In the past few years Mrs. Cora B. Miller has spent \$125,000.00 in giving medical treatment to afflicted women. Sometime ago we announced in the columns of this paper that she would see free treatment to every woman who suffered from female diseases or piles. More than a million women have accepted this generous offer, and as Mrs. Miller is still receiving requests from thousands of women from all parts of the world, who have not yet used the remedy, she has decided to continue the offer for awhile longer, at least.

This is the simple, mild and harmless preparation, showing why women in the privacy of their own homes after doctors and other remedies failed. It is especially prepared for the speedy and permanent cure of leucorrhoea or whitish discharges, irritation, displacement or falling of the womb, profuse, painful or painful periods, uterine or ovarian tumours or growths, fibroids, pains in the head, back and bowels, bearing down feelings, nervousness, desire to cry, the spine, melancholy, desire to cry, hot flashes, weariness and piles from any cause, or no matter how long standing.

Every woman suffering, unable to find relief, who will write Mrs. Miller now, without delay, will receive by mail free of charge a 50-cent box of this simple home remedy, accompanied with explanatory illustrations, showing why women suffer and how they can easily cure themselves at home without the aid of a physician.

Don't suffer another day, but write at once to Mrs. Cora B. Miller, 4789 Miller Building, Kokomo, Indiana.

All outstanding accounts against the estate of the late Margaret Houtley must be sent in to 209 Sydenham Street, before March 21st.

Campbell Bros', \$2 and \$2.50 dresses.

RECIPE FOR COLDS THE OLD TOLENE AND WHISKEY MIXTURE FOR COUGHS, COLDS, ETC., ONCE MORE POPULAR.

From an eminent local druggist we learn that the old, reliable mixture of whiskey and Toleine is as popular to-day as it was years ago, and that it is better than many of the so-called sure cures advertised extensively. Here is the recipe:

Fluid extract Licorice, 1/2 oz. Fluid extract Cascara, 1/2 oz. Elixir Toleine, 1 oz. Best rye whiskey, 6 oz.

Take a dessertspoon every two or three hours. Children in proportion.

These well-known ingredients can be bought at any drug store at small expense and mixed at home.

You Can Save Money

FROM W. F. Gourdiere, Brock St Exclusive Furrier. We pay Cash for all kinds of Raw Furs.

GOOD TIME

Drive to Cataract. Miss Bickham, Charles street, made a very charming hostess at a party given in honor of Miss Flora MacCallum who has recently returned from a visit to Winnipeg. One of the pleasant features of the evening was a drive to Cataract after which the young people repaired to the home and partook of very dainty refreshments which were served at quarter tables.

New Derbies. Have you seen the new and exclusive styles? \$2, \$2.50, \$3 and \$4 at Campbell Bros', Kingston's style center for men's hats.

Oranges, Oranges. Seedless oranges, Mexican oranges, Valencia oranges, bitter oranges, Lemons and grapefruit. Special sale for Saturday. R. H. Toye, King street.

Weather Man Served Out Disagreeable Weather. The weather man was on his bad behavior yesterday and served out all kinds of disagreeable weather. Early Friday morning it turned quite soft, and had all the appearance of rain. In the forenoon there was a sudden change to colder weather, and this was followed by a heavy snow flurry. In the afternoon sleet and rain was on the bill of fare, and at night, a heavy wind storm raged. Surely this was a great assortment for one day.

Picton Putting On Airs. The Kingston council are considering the passing of a by-law prohibiting the sale of chickens on the Kingston market that have not been carefully prepared. It is the custom among the farmers around Kingston, to bring fowls to market with their heads and legs still intact, also with feathers still adhering to the body, and to sell them by the pound. The people of Kingston object to paying twenty-two cents a pound for poultry. It is plain to see from the most casual observation that the farmers of Frontenac are not as thrifty as our own Prince Edward justice. He brings in his chickens minus its head and sometimes part of the neck, with its limbs amputated, and the feathers and intestines of the least scraped as clean as possible and long practice can scrape them. With these superfluous fat intestines one fine twenty-five dollar hog, or if he grows extensively into the chicken business, makes two twenty-five dollar hogs. The hog is a steady profit, for, no matter what the farmer sells his fowls by the pair (Saturday's market quotation 90c per pair for the 2 1/2 lb. variety). The thrift of the Prince Edward farmer is to be admired.

Notice. All outstanding accounts against the estate of the late Margaret Houtley must be sent in to 209 Sydenham Street, before March 21st.
