CADET HOCKEY NIGHT

THREE COMPANY MATCHES WERE PLAYED.

"A." Company Finally Won Out—W. W. Gibson, the Red Cross Man Was the Referee—He Could Skate Rings Around the Players.

Friday night was R.M.C. night at the Kingston rink and the Cadets were out in large numbers. Quite a large number of city people were present, the fairer sex being in the majority. Three games were pulled off for the company championship of the college and the governor-general's shield.

The first game between "B." Co. and "C." Co. was won by the former 5 to 2. The game was fast throughout, as fast as the wet ice would allow. The teams lined up as follows:

"B." Co., (8)—McLennan, goal; Carson, point; Reid, cover; Ball, rover; Spain, centre; Adams, McKenzie, wings.

"C." Co., (2)—Hanson, goal; Gibson, point; Hutton, cover; Boswell, rover; Green, centre; Lafferty, Hilliard, wings.

W. W. Gibson handled the whistle for all three games and did it to the entire satisfaction of everyone present. The red cross man was easily the fastest man on the ice and had no trouble in keeping the game in hand, even without his automobile.

The second game was between "A." Co. and "D." Co., and was won by "A." 5 goals to 4. This game was better than the one before, the boys playing better hockey. A little team work was attempted and the checking was done in a strenuous manner. The teams lined up as follows:

"A." Co., (5)—Lawson, goal; Holt, Parr, point; Reifenstein, cover; Campbell, rover; McAvety, centre; Green, Adams, wings.

The last game between the winners, "A." Co. and "B." Co., was the best game of the series. "A." Co. won out 6 goals to 0, and are champions of the college and holders of the governor-general's shield for the year.

The Presentation Postponed.

The St. James' basketball team, winners of the City League, were to have been presented with the cup last evening, but the event was postponed. There are three cups and some medals to be presented at the Y.M.C.A. this season, and they will all be given at the one time. The presentation will likely be held next week.

Sporting Notes.

The western brand of hockey is not as fast as the eastern variety. That's a cinch.

Philadelphia's new baseball stand will be the largest in the world on a baseball ground. It will seat 10,000 persons comfortably.

The O.H.A. championships were pretty evenly distributed this season, with Kingston in the east, Midland in the north, and Stratford holding down the west.

Henry F. Porter, of the Toronto Irish-Canadians, won the handiest running high jump at the New York Athletic Club, doing six feet two and one-quarter inches.

The city of Prague, Bohemia, has presented to the international Olympic committee a challenge trophy for gymnastics, which will be competed for for the first time in the Olympic games of London.

Sydney Referee: A movement has been mooted in Sydney aiming at the establishment of a union of all amateur sports, for the common purpose of assisting one another and of promoting amateurism.

The Winnipeg Maple Leafs won't make any money out of their Stanley cup stunt. Their share of the receipts for the first game was \$600, and about \$300 for the second. It will keep the Winnipeg management busy figuring expenses out of that kind of chicken feed.

Ottawa Free Press: There are lots of young blood on the Ottawa's yet. "Farty" Walsh and Fred Taylor acknowledge they are twenty-three years of age, and "Tom" Phillips is twenty-five. "Marty" Walsh spends the summer months wearing the gold braid of a purser on the Richelieu and Ontario boats running between Toronto and Montreal.

Will "Bill" Donovan, of Detroit baseball team, come home again this year and repeat his performance of last season, when he won twenty-five games and lost but four? "Bill" says: "They say that Young, Dineen, Mathewson, Bender, Plank, Altrock and plenty of others didn't come back the year after they made big marks. I can't see the dope."

At Peterboro, arrangements have been made for a thirty-six-hour walking race during the week of April 20th. It is the intention to have the walkers perform between seven and eleven o'clock on Monday, Tuesday, Thursday and Friday of the week, and between one and eleven o'clock on Wednesday and Saturday, making thirty-six hours in all. The presence of most of the walkers who took part in the race at Kansas City is assured. David Hartley will be one of the competitors.

AT THE GRAND.

To-Night "A Romance in Ireland."

A great deal of interest is manifested in the coming to the Grand to-night, of the talented young actor-singer Allen Boone, in his new and successful comedy-drama, "A Romance in Ireland," in which he will portray the part of "Larry O'Day," a dashy Irish laddie, whose adventures, both comic and sensational, are said to furnish very attractive dramatic material. The play is said to possess many unique features, and to be rich in wholesome, witty dialogue.

"The Climbers." Miss Amelia Bingham supported by Byron Douglas, and one of those superior casts for which she is noted comes to the Grand Opera House, Monday, March 16th, under very favorable auspices. She will appear on this occasion in a revival on an elaborate scale of Clyde Fitch's most interesting and successful play, "The Climbers." This piece is indissolubly associated with Miss Bingham's name.

"A Doll's House." Miss Jagne Corcoran, who will appear at the Grand on Wednesday, March 18th, as Nora in Ibsen's "A Doll's House," is the youngest star on the American stage. Her training has been thorough, she began at the age of three months, and with the exception of the years spent in school every season has seen her on the boards. The company supporting Miss Corcoran is the very best that could be secured and the selections were made by Arthur C. Aiston, after he had personally tested the ability of 300 actors and actresses. James M. Brophy will play the part of Helmer, the husband.

Kathryn Osterman. Those who have seen charming Kathryn Osterman and have come in to the zone of her infectious humor, need not be told of her great hit in "The Girl Who Looks Like Me." THE CITY'S BUSINESS

MEETINGS OF COMMITTEES YESTERDAY.

Fire and Light, Waterworks and Finance Had Sessions—No Increases Yet Decided on For the Firemen.

At the fire and light committee yesterday afternoon, there were present Aldermen Rigney (chairman), Hoag, Robertson, Nickle and Henderson.

The city's veterinary, Dr. Nichols, recommended that two of the fire department horses be sold, on account of their being unsatisfactory for fire purposes. It is expected to realize \$275 for the horses. A new team will cost perhaps \$400. It was decided to ask the city council for permission to sell the two horses and replace them with the necessary two, and to tender for firemen's uniforms and for bluestone and zinc.

Chief Elmer recommended that Firemen Roberts and Smith be advanced to grade 3, the wage of which is \$1.37 1/2 per day. The chairman found that neither of the above named had yet served the necessary two years. The matter was laid over for further information. The question of salary increase for chief and men was discussed, but no action was taken. Something may be done later on.

In order to get some information from the chief, Ald. Rigney used his telephone. Four times Central's answer came back "busy." Ald. Nickle remarked that the fire station lines should not be busy more than a minute, and that those at the stations should not use the telephones for their own private matters. It might be well to get the stations when they called them.

The Waterworks Committee. The water works committee met yesterday afternoon, with Ald. Craig (chairman), Hanley and Graham present. Maj. Durstall, of the R.C.H.A., waited upon the committee to have the water rate for Tete de Pont Barracks fixed. The matter of rebuilding the water works' wharf was left over until the return of Superintendent Hewitt.

The following contracts were awarded: Iron pipe, Gartschore Co., Toronto; for use of horse, J. McQuinn; tool dressing, John Kelly; lead pipe, Thomas Robertson, & Co., Montreal; cylinder oil, Queen City Oil Company; contracts for hardware, etc., were divided among local firms.

The civic finance committee met, last evening, but only routine business was transacted. At its next meeting the committee will take up the budget.

Now that all the stolen money has been secured the charge may not be pressed by the relatives.

AT THE POLICE COURT.

Two Cases Before the Magistrate To-Day.

Because he created a disturbance at the Bijou theatre, on Thursday afternoon, Bernard McConville, a young man, was arraigned before the magistrate. Officer Hughes, who was called, secured the ticket from the accused, and had him removed. He was remanded until Wednesday for sentence.

IN HALLS OF QUEEN'S

ASKED TO AID IN CHRISTIAN WORK.

The Last Session of the '07 Year—One More of the Naughtys Yet—Students For the Far West.

The president of the college, Y.M.C.A., D. L. Mackay, '09, has addressed every student of the university a circular letter which, after briefly outlining the recent radical reforms in the management of the association's work, sets forth its aims for next session as follows: "To bring the society into touch with all the students in the college, and to make it and its meetings of practical interest and benefit; to organize student Bible study groups everywhere; to foster a healthy Christian spirit; to help to draw the best interests of all the faculties together by social means, and to supplement the work of other organizations in developing the social side of college life; to ask more efficiently the incoming freshmen." The letter concludes with an appeal for a liberal response to the canvass which will shortly be made for the purpose of meeting next year's increased expenditure.

The year '07 held its last meeting of the session on Thursday. The bulletin announcement stated that it would probably be the last meeting not of this session only, but of all time. However, the '09 men do not despair of the university's future on this account; the college will not have to close its doors for one year more, say they.
