YEAR 75--NO. 64.

KINGSTON, ONTARIO, MONDAY, MARCH 16, 1908.

LAST EDITION

GRAHAM MADE GOOD

Has Qualities of Good Minister and Parliamentarian.

He is Highly Regarded on Both Sides of the House--He Makes Himself Clearly Understood and is Very Cordial.

HON. G. P. GRAHAM.

Ottawa, March 16.—To use a slangy but expressive phrase, Hon. George Graham has made good. On both

IS HE A BIGAMIST?

Thorold Man Charged With Having Two Wives.

St. Catharines, Ont., March 16.—Thorold has another sensation. This time it is a case of bigamy, and the offender, at the instance of wife No. 1, is now lying in Welland jail, through the prompt action of Chief Snee, Thorold. The man's name is James Carpenter, and he has been a resident of Thorold for about two weeks, during which time he has been employed as a teamster by H. Rink. It seems, according to the story which wife No. 1 is said to have told to the authorities, Carpenter married wife No. 1 in Manitoba, nine years ago. Last fall she went to visit relatives in the old country, sailing from New York on December 10th. Carpenter came to Welland shortly afterwards, and on January 10th, met his affinity, and on February 10th, they were married. He is said to have written to wife No. 1 that he would have no more to do with her, and at her instance the true condition of things was revealed to the authorities.

DAILY MEMORANDA.

The goods are all of the highest quality and at a special price. This is a rare opportunity. Don't miss it.

THE GIRL DIED

And a Young Electrician Has Been Arrested.

Toronto, March 16.—Harry Saunders, twenty-one years of age, an electrician, living at 75 Shuter street, was arrested, Saturday night, by Detectives Sockett and Mackie, charged with securing an operation to be performed by a Toronto doctor upon Jessie Ellen Gould, a waitress, twenty years old, at the Cadillac hotel, and living at 75 Shuter street. The girl died in the Western hospital, Tuesday afternoon, having been sent there by the doctor, who is alleged to have performed two operations at the Shuter street house, one on Sunday and another, Monday.

The body of the girl was shipped to her home in an Ontario town, where it will be buried. The doctor in question signed the death certificate, giving acute peritonitis and the bursting of a pus tube, as the cause of death.

CROSS THE BORDER.

An Influx of Experienced Settlers With Plenty of Money.

Winnipeg, March 16.—Despite the fact that the American newspapers have done everything in their power to stem the tide of emigration from that country to the Canadian prairies, the influx for this season has already begun and promises to be the greatest on record.

It has already been announced that a colony of sixty American farmers is locating at Roblin, a town in the extreme north-west of the province. These settlers are all experienced prairie farmers from Iowa and adjoining states, and have the capital to launch out into extensive farming. It is said that steam ploughs will be an important part of their agricultural outfit, and they will speedily have a large area of land under cultivation.

From the middle country in Saskatchewan come reports of American immigration as already in full blast. This district has been largely settled by Americans, and the experiences of those already there seem to be of a character to induce their friends to come along and try their fortunes too. Everything points to an early and warm spring, altogether unlike that of last year.

An effort may be made to delay the general opening of navigation on the great lakes with a view to preventing cutting of rates on ore shipments.

Thirty persons were sentenced to death in various parts of Russia on Sunday. Edwards & Jenkin.

PLANT IS WORTH \$50,000,000.

Chicago Waterworks is a Money Maker.

Chicago, March 16.—Several millions of water bonds have been placed on a five per cent. basis, but these are hardly a criterion. City Comptroller Wilson says this year's income from the water works will be \$4,750,000; operating expenses, maintenance and repairs, \$2,500,000. The water works are worth \$50,000,000, and could be bonded for \$20,000,000 pay five per cent. thereon and lay aside a sinking fund of \$500,000, and still have a surplus from operation of \$750,000.

IS THE ASSISTANT.

He Has Long Been in the Postal Service.

CHARLES P. GRANDFIELD.

Charles P. Grandfield, of Missouri, succeeded Frank H. Hitchcock as first assistant postmaster general when the latter resigned a short time since to associate himself with the management of Secretary Taft's canvass for the presidential nomination. The new occupant of what is in many respects the most important position in Uncle Sam's greatest business establishment is a native of Missouri and is forty-seven years of age. He entered the government service twenty-three years ago as a clerk in the post office department at a salary of \$1,000, and according to several sources, has been in the present position, which will pay him \$5,000 per year, or just double what he received in the position from which he has just been promoted. While engaged in the work for the government Dr. Grandfield employed his spare time to take a course in medicine and has the degree of M.D.

May Soon Resume.

Brookville, March 16.—The Brookville Peat works, where some seven or eight years ago machinery was installed and preparations commenced for using the bog, but which has since lain in a dormant state on account of the absence of a system of drying, is likely to commence operations soon. H. R. Graham, of Chicago, inventor of a quick-drying automatic apparatus, is here influencing capitalists. He has obtained an option on the bog.

U. S. Consulates Closed.

Washington, March 16.—The following consulates in Canada are to be closed: Belleville, Ont., Cooktown, Que., Howarth, Ont., St. Hyacinthe, Que., Three Rivers, Que., Windsor, N.S., and Woodstock, N.B. The office at Winnipeg is changed from consul to consular general. The changes include the transfer of the office at Collingwood, Ont., to Owen Sound.

BONES SECURED.

Victoria, B.C., March 16.—After several years' search, a government expedition party has recovered skeletons of the Revs. James Chalmers and O. F. Tomkins, missionaries murdered by cannibals in 1901 in New Guinea. Cases in getting material ready for a new house, which is going to be built soon. Miss Velma Lawson has returned from visiting friends at Bath. Miss Mabel Orser has returned from Wilour. Miss Ella Townsend is home from visiting her sister at Lattimer. Miss Viola Lawson is spending a few days at Bath. Quite a number from here are attending the Free Methodist meetings at Elginburg.

Went Wrong Way.

London, March 16.—A cabled enquiry to Japan has elicited the fact that fifteen registered mail packets, which disappeared in January, supposedly while in transit on the steamer Celtic, between Liverpool and New York, have turned up in Yokohama, and have been forwarded to the United States.

All are invited to E. V. Graetz's millinery opening Wednesday and following days.

Another Case of Dog Poisoning.

W. N. Davy, 171 Nelson street, suffered the loss of his valuable brown water spaniel Sunday morning, by some one throwing a piece of meat the yard which contained strychnine.

The death occurred at Lys, on Friday.

Mrs. George Hensby. She was born at Hatfield, Eng., seventy years ago. She came to Canada in 1867, settling at Lys. Mrs. Hensby is a well-known resident of Augustus, has started for High River, Alta., where he will go into the heavy business.

GIRL READS IN THE DARK

Remarkable Case of Somnambulism Reported by a Doctor.

London, March 16.—The particulars of an extraordinary case of somnambulism are communicated to the British Medical Journal by Dr. James Russell, assistant physician at the Birmingham hospital. He says that a girl, twenty-one years old, who is a teacher of the typewriter and a student of music, entered the hospital to be cured of sleep walking. While under observation she habitually left her bed after three or four hours' sleep, and busied herself in various ways, including descending into the music room and playing the piano, tuning a violin and fitting new strings to it and crocheting. Her most remarkable feats, however, were reading and writing in the dark. If even there was a faint artificial light in the room she would avoid it and go to the darkest corner, where she would read various books, study the theory of harmony, and write letters. One of her letters was addressed to her music teacher. It contained a short essay on the "Sonata Form," which was accurate in sense and construction. Another letter she wrote was in German. When she was awake she did not in the least remember writing or reading. An examination of her eyes did not reveal the reason for her being able to see in the dark. She has now left the hospital, her condition having improved, but she occasionally walks in her sleep.

PASSENGERS SAFE.

Among Them Crews of Two Wrecked Vessels.

Wood's Hole, Mass., March 16.—The steamer Silvia, of the Red Cross line, from New York for Halifax, N.S., struck on the Sow and Pig ledge, on the entrance to Vineyard Sound, early Saturday morning. She is full of water and is expected to go to pieces as the sea, driven by a south-westerly gale, makes a clean sweep over her. The passengers were taken off safely and, yesterday, went to Boston, where they will be sent to their destination. Wreckers at daylight, yesterday, began removing the cargo from the Silvia, but had to abandon operations at noon because of a heavy gale. Among the passengers of the Silvia were the crews of two wrecks, Pickford & Black's steamer, Eeta, which went ashore on Turk's Island, and the British schooner Marjorie, of Summer, from Weymouth, which was wrecked in West India waters not long ago. These crews were on their way from New York to their homes in the provinces.

TO AVOID STRIKE.

Indianapolis, March 16.—

The United Mine Workers of America, realizing the gravity of a suspension of work on April 1st, throwing thousands of men out of work, have decided to give the operators another opportunity to discuss the question of a wage scale, in the hope of averting a strike.

One of the Chinese most sacred

documents, a marriage contract of the reigning Emperor Kwangshoo, dated February 26th, 1899, has been discovered in Germany and formally handed over to the Chinese government. The document has been missing from the archives of the Imperial palace since the visit paid to Peking by the allied armies in the summer of 1900.

Arthur Ducross, the newly elected

member for the British riding of Hastings, is being sued by the editor of Vanity Fair, who says he wrote the new member's speech.

"For Impure Blood," Saraparilla

Compound with Barcock. Sold at Kingston at Gibson's Red-Cross drug store. Phone 230.

AIDED DEAD WOMAN

Carnegie Fund Swindled Out of Several Hundred Dollars.

Pittsburg, March 16.—For the last six years and four months the Carnegie relief and pension fund, it is said, has been swindled out of \$10 every month. Benjamin S. Ballew has been arrested, and will be charged with obtaining money under false pretences and forgery.

Freeman's Jubilee.

Kingston's Catholic Paper is Twenty-Five Years Old. To-morrow, the Canadian Freeman newspaper of Kingston will celebrate the twenty-fifth anniversary of its foundation, it having been established on March 17th, 1883, by Frank Cleary and Patrick Daley. The former died some years ago, but the paper has since been published by Mr. Daley. The Freeman is regarded as the best Roman Catholic weekly newspaper in Canada. It has always remained loyal to the liberal party, recognizing that party to have ever been the warm friend of the Catholic people.

Tramps Given Shelter at Police Station.

Five tramps who were given shelter at the police station on Saturday night came well prepared. They had with them several slices of bread, tea and sugar, and before breakfast in the morning had quite a meal. A small frying pan was included in their equipment and with the use of the coal fire in the long corridor they had no trouble whatever in cooking the meat. The cook was a good one and it is stated that some of the lunatics were compelled to take notice when they saw what the knights of the road were about.

They Came Prepared.

The tramps were on their way west and stated that they had been given the estates by some kind-hearted people they had encountered. It is quite often the case that men seeking shelter for the night at the police station have supplies enough to fill the wants of the inner man. There are a good many, however, who are not so well provided.

After a short but very severe and

painful illness, Mrs. Annie Elizabeth Gillespie, wife of Thomas Gillespie, Belleville, passed away on Friday. She was born in Belleville fifty-four years ago.

NATIONAL DEFENCE

Premier Deakin Says Australians Must Pay a Good Share.

Sydney, March 16.—There was a dramatic scene, yesterday, at a great gathering of citizens, when at the conclusion of an address on national defence, the premier, Alfred Deakin, read a cablegram, announcing that the United States fleet of battleships would visit Sydney and Melbourne. He called for three cheers for the United States and the audience rose en masse and responded with deafening hurrahs.
