Quebec Montreal Toronto

**Cowan's Maple Buds, Cream Bars and Milk Chocolate**  
are superb confections. Nothing to equal them.

THE COWAN CO., Limited, TORONTO

## GANANOQUE SCHOOLS ARE HOLDING FIRE DRILL REGULARLY.

The Exits Being Improved—Address By Dr. Roche, M.P.—A Cadets Corps For Gananoque. Gananoque, March 6.—Dr. Roche, M.P., of Manitoba, member for Marquette, Manitoba, gave an excellent address on the "Northwest," under the auspices of the literary committee of the Young Ladies' Literary Athletic Club, on Saturday evening. The doctor is a fluent speaker and had his subject well in hand, giving many truly graphic accounts of the conditions at present existing in the Prairie Province. During his stay in town he was the guest of Mr. and Mrs. George Taylor.

Capt. Henry Hind, of Montreal, district financial specialist of the Salvation Army, gave an excellent lantern lecture at the barracks, on Saturday evening. His lecture was entitled, "Paying the Fare."

The local public schools since the recent fatalities resulting from the burning of schools, have been practising fire drill regularly. At the Stone street school, consisting of six rooms, the children were all out within one minute of the sounding of the alarm. The Gananoque public schools are only one storey buildings, and Saturday was used by order of the education committee to change all doors opening inward, so that they will swing out. No fire is anticipated, but the local board desires everything to be done in case of such to prevent the loss of life.

At the meeting of the board of education last week communications from the deputy minister of education, Toronto, and Col. Hodgins, of Ottawa, re the formation of a cadet corps in the high school were considered and Col. Hodgins was notified that the board would be pleased to have him come here and take whatever steps necessary to organize such a corps.

Capt. and Mrs. Turner in charge of the local S. A. corps for the past few weeks, received marching orders, and held their farewell meetings yesterday, being greeted with large crowds at each meeting.

The large iron stand pipe on Block House hill, used as a reservoir for the waterworks system, met with a mishap on Saturday morning, the iron at the top being forced up by the pressure from below knocking the cover completely off.

Luman Cole, Arthur street, has been confined to his home for several days past seriously ill.

**FASHION'S FORM.**  
Design For Gown of Cloth Linen.

The accompanying sketch shows a smart but easily copied design for a frock of cloth or linen. The model was of light blue serge, piped with narrow bias strips of black and white striped silk. The gowns fastened in the centre front, and there was a princess panel in the centre of the back, as well as the divided princess panel in front. The band, about the pointed yoke was of black satin, as was the folded girdle and the finish on the sleeves. The sleeves were especially good in style, and were stitched in tuck effect and piped with the bias silk bands. The buttons used were of light blue crochet, matching the serge on color.

**A Trial By Bread And Cheese.**

There were many odd ways in ancient times of detecting criminals. Our ancestors had not lived long enough to lose their faith in the gnawings of conscience, and Divine interference in earthly justice was superstitiously regarded as a daily occurrence. No sooner example of this could be found than the ancient mode of trying prisoners by bread and cheese.

The unfortunate offender was led, with a halter round his neck, to the parish church, and there, in the presence of all the people, the priest put pieces of cheese and rye bread in a pattern on the altar. These he blessed, and then the supposed criminal had to eat them dry before the congregation. If he was acquitted, but if he choked he was condemned. Naturally enough, scores of innocent folk were thus done to death.

**The Somerville Co.**  
Beg to announce their grand military display Tuesday, March 17th, and following days.
