

GREAT BRITAIN says NO ALUM IN FOOD

and strictly prohibits the sale of alum baking powder—

So does France So does Germany

The U. S. Congress has made the sale of alum foods illegal in Washington (District of Columbia), and alum baking powders are everywhere recognized as injurious.

To protect yourself against alum, when ordering baking powder,

Say plainly—

ROYAL BAKING POWDER

and be very sure you get Royal.

Royal is the only Baking Powder made from Royal Grape Cream of Tartar. It adds to the digestibility and wholesomeness of the food.

TOOK SOME POISON AND SLEPT INTO ETERNITY—A STUDENT'S ACT.

A Man Stole His Sister's Diamonds and Took Them to Buffalo—Show Horses Very High in Price.

Toronto, March 25.—Charles Grant Carmichael, a School of Practical Science student, died at the General Hospital, this morning from morphine poisoning. He took about ten grains of the stuff late last night. Carmichael was thirty years of age. He was graduated as an electrical engineer three years ago, and went to St. Louis. He returned to Toronto last fall, to complete his fourth year, and was looked upon as a clever student in electrical studies. He had been drinking heavily of late. Carmichael was born in Norwood, Ont., and no relatives survive him.

In the police court this morning, Joel Wolfis was committed for trial on the charge of stealing diamonds, worth between \$200 and \$300, from his sister-in-law, Catherine Wolfis. Detective Newton found Wolfis and the diamonds in Buffalo, where Wolfis admitted his infidelity to purchase those stones, claiming Catherine's husband owed him \$200.

A serious failure, which the executors of the Canadian National Horse show, to be held here on April 29th to May 2nd, reported, is that the prices of show horses has never been so high, in spite of the financial depression. Horses of prize winning qualities are extremely difficult to secure, except at fancy figures, in Canada. One leading Toronto amateur, John J. Dixon, is buying some probable winners in New York, because he claims that prices there are more reasonable than in Toronto. Hon. Adam Beck has added no less than ten hunters to his string. He has one which he says is better than Kakabka, which won premier honors at the International Horse Show in London last July.

William Percy, who had both legs amputated as a result of a street car accident, in Dovercourt road, last fall, after being turned back at Niagara Falls three times, has succeeded, at last, in getting to Buffalo to purchase artificial limbs. Rev. I. G. Bowles, of the Westmoreland Avenue Methodist church, accompanied him to the Union station, this morning, and after making arrangements with the United States officials, helped the young man on the train.

Action to annul the marriage of Harriet Emma Noble and Joseph Lynd has been begun here. It is claimed that the girl was under age at the time of the ceremony on July 1st, 1906, being seventeen years and six months at the time. The action is being brought by the mother of the girl under the new act.

Rudyard Kipling, the well-known novelist, to-day, entered an action against Murray & Co., publishers of Toronto. The claim is for \$636.13 royalties on a number of the works of Kipling, and was originally \$1,219.20. Mr. Kipling also asks for the return of certain plates and electrots alleged to have been supplied Murray & Co.

Trapped A White Wolf. Ottawa, March 25.—The rare trophy of the hunt, that of a white wolf, has been brought to the city by Henry Fitzpatrick, who has been serving as clerk for the E. B. Eddy company at River Demoine. The animal was caught in a trap. The skin is a beauty, seven feet six inches in length, and three feet six inches wide. This species is known as the Russian timber wolf from its resemblance to the wolves of that country. This is the fourth wolf Mr. Fitzpatrick has trapped during the winter, the other three being the ordinary grey wolves. There are many of these animals in that section, but extremely difficult to shoot or entrap.

This Should Be Stopped. Complaints are made that quite a number of persons are illegally doing the laundry in the city. Dogs are taken down there and set at work. The law abiders are very much discontented, and want to know what the game inspector is doing that he allows this condition of things to go unheeded.

WANTS THE CHILD.

Signed Agreement to Ease His Wife's Mind.

Hamilton, Ont., March 25.—On the same day that the funeral of his wife took place, John Pitt, a hotel man, issued a writ against his dead wife's sister to set aside an agreement and asked for an interim injunction restraining her from taking possession of his child. In December last Pitt and his wife signed an agreement to hand over their child to Mrs. Pujolas, Mrs. Pitt's sister, when Mrs. Pitt died. Mrs. Pitt died a couple of days ago and the funeral took place yesterday. On the same day Pitt issued a writ to set aside the agreement, claiming he signed it merely to ease his wife's mind, and also asked for an interim injunction restraining his sister-in-law of taking possession of his child. The injunction was granted for eight days.

KLONDYKE DAN ARRESTED.

Held in Connection With Smuggling.

Sydney, N.S., March 25.—Daniel McDonald, of "Black Bay," popularly known as "Klondyke Dan," was arrested, last night, by Deputy Sheriff Ingraham. McDonald was the owner of the schooner Chloris, which was seized some time ago by the customs officials in connection with the smuggling into Canada from Newfoundland of eighteen Chinamen. It is on a charge along the above lines that McDonald was arrested. He was taken before Stipendiary A. G. McLean and released on bail. It is stated that with the arrest of McDonald other details of the supposed wholesale attempt by some Upper Canadian people to smuggle the Chinamen into this country will be brought out. The Chloris was sold by the customs authorities a few weeks ago.

Denver, Col., March 25.—Postmaster C. Olverach, of Portales, N.M., has reported to E. L. McKee, chief postal inspector of the Rocky Mountain region, the discovery of the body of an infant in the mails. The package was addressed to a man at Boswell, N.M., and bore the return address of a woman of Woodstock, Ill. Under the outer cover of the package was the following unsigned message: "I did not know what else to do. Burn or do something right away. Do not make arrangements with the United States officials, help the young man on the train." Action to annul the marriage of Harriet Emma Noble and Joseph Lynd has been begun here. It is claimed that the girl was under age at the time of the ceremony on July 1st, 1906, being seventeen years and six months at the time. The action is being brought by the mother of the girl under the new act.

Gave A Good Concert.

The school room of Princess Street Methodist church was well filled, on Tuesday evening, when the choir presented an excellent concert. Rev. F. H. Sproule occupied the chair. Vocal and instrumental music was offered by the choir members, and the number was well received. All the vocal numbers were enjoyed. The Princess street quartette, composed of Messrs. W. Mack, N. Armstrong, F. Gardner and W. Timmerman, rendered "The Boys of the Old Bethel." The quartette, made up of Bethel and Princess street male quartettes, contributed some fine numbers. Mrs. Sproule and Rev. Mr. Sproule each gave a humorous reading. Miss Katie Gardner acted as accompanist, and much credit is due to her in arranging the affair. Quite a neat sum was realized by the adventure.

Hearing Postponed.

John Platt, of Hamilton, general organizer for the American Federation of Labor in Canada, who will represent the sailors here on the commission appointed to adjust their differences with vessel owners, arrived in the city to-day, and is conferring with the agent here, Thomas H. Fleming. Word has been received to the effect that the date for the hearing has been postponed until March 28th. This is rather late for the sailors required to give evidence, as they will be away, and the postponement is not looked upon very favorably.

PE-RU-NA CHEERFULLY RECOMMENDED FOR COLDS AND CATARRH.

A Prominent Canadian Gives His Experience With the World-Famous Remedy For Catarrh.

Chronic Catarrh Always Begins With An Ordinary Cold. So Says Dr. Hartman, the Greatest Living Authority On Catarrh.

THE first effect of a cold is a thickening of the mucous membranes of the nose and throat. This gives rise to a discharge, or at least a stuffiness of the nasal passages. Sometimes fever accompanies the first attack, also a feeling of languor, dullness and aching of the bones.

If no attention is paid to it, the mucous congestion is liable to spread down into the larynx, producing hoarseness and into the bronchial tubes, producing a cough. Even when this occurs, many people pay no attention to it.

Under such circumstances, the congestion is liable to become chronic, producing a condition of the mucous membranes known as catarrh. Catarrh lasts for an indefinite time. Catarrh is essentially a chronic condition and does not leave except something is done to relieve it.

What should be done when a person catches cold is to take a few doses of Peruna. Taken at the onset, Peruna would break up the cold and prevent all the train of symptoms which usually follow. But, even in cases where the cold has been neglected and hoarseness or a cough has developed, Peruna can be relied upon to give prompt and permanent relief.

The frequency of coughs and colds in the winter makes Peruna a popular remedy for these ailments. A number of the best people of various countries have given testimonials as to the value of Peruna in such cases. Followed Dr. Hartman's Advice—Restored to Health.

Mrs. Samuelle Vignier, Avre, on Berd, Isle de La Magdaline, Canada, writes: "I write to tell you that I am perfectly well. I took only three bottles of your Peruna according to your advice and the directions in your book and it restored my health."

Peruna had no other medicinal value than the promptness with which it relieves common colds, it would be well worth while for any family to keep it in the house constantly.

SETTLED THE TROUBLES.

But People Think the Railway Commission is Needed.

Chatham, Ont., March 25.—The secret proposal of the Canadian Pacific railway, regarding street crossings in this city, upon receipt of which the city fathers declared the services of the railway commission was not required in settling the matter is made public. Sweeping changes are proposed by the railway. Guarded gates at the Centre street crossing are proposed and automatic bells at three others. The bells will ring only when trains bowl along the main track. The railway would have four present street crossings closed altogether. As a consequence, three new roadways would be constructed, which would enable teams to cross the tracks at other points. It is not thought the citizens will sanction such a deal. The opinion is expressed that the railway commissioners should have been permitted to settle the dispute.

WOLVES KILLING DEER.

Enormous Destruction in Algonquin National Park. Montreal, March 25.—Dr. Long, the famous sports story writer, has heard of here from a two weeks' trip to Algonquin Park.

Speaking of the havoc which the wolves of the Algonquin National Park are playing amongst the deer, the doctor stated that at a very moment there are more than a thousand carcasses at deer lying in the woods of the park as a result of the work of wolves. Most there are very numerous on account of the good feeding grounds and the protection given them but at the rate serious inroads are being made in their numbers.

REHODES SCHOLAR DROWNED.

Claimed He Is Ringer.

Moncton, N.P., March 25.—Photographs of Claude Oren, who played with the Fredericton hockey team, now champions of the maritime provinces, has been identified in Pennsylvania as Owen Kende, Fenwick, Ont., who played for a time with the semi-professional Pembroke team of the Upper Ottawa Valley Hockey league. The Victorias, of this city, protested Oren before all the games in which he played against Moncton, and put the matter before the governing association. Oren's photo also appears in the unofficial guide as a member of the Pembroke team, the name in that book being Frode. I.C.R. Detective Williams has been on the case for several weeks. If the report is true Fredericton loses the Starr trophy, the team being disqualified.

State Trustees Fur Coat.

Ottawa, March 25.—A coat thief has been going about the rounds of the city of Ottawa, while he knew the pupils and teachers were absent from particular class rooms. The methods are a mystery for Ottawa.
