

# STURDY FARMERS KEEP OFF ALL CATARRHAL ILLS BY TAKING PE-RU-NA.

MR. GEO. H. THOMPSON.  
At Work On the Farm and Feeling Well All the Time.

Geo. H. Thompson, Craft, Miss., writes:  
"I have been cured of catarrh by your medicines, Peruna and Manalin. I had been affected with catarrh of the stomach about all my life, and was taken bad every Spring and Summer."

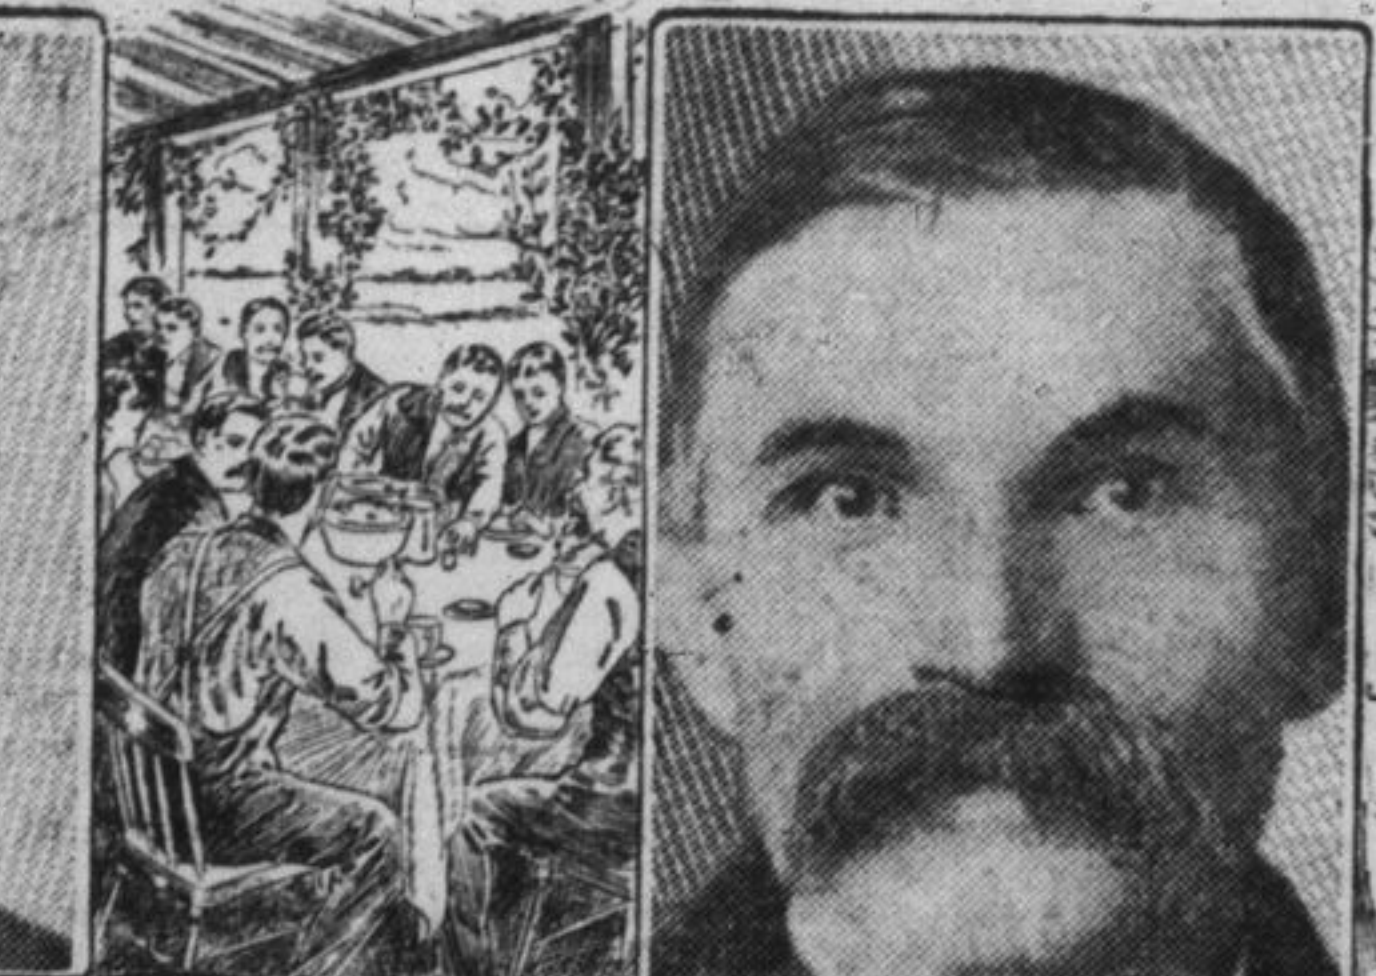

"I used several kinds of patent medicines, but they did me no good. I then took a treatment under an M. D., which did me but little good. By this time I had come to where I could eat nothing but a little soup. I had severe pains, had lost in weight and could not do anything. I began taking your medicines, Peruna and Manalin. I then weighed 125 pounds, but after taking several bottles of Peruna and one bottle of Manalin, I weighed 160 pounds."

"I am now at work on the farm and feel well all of the time. I eat all I want to and my friends say that I look better than ever before. I will ever praise Peruna for its healing power."

**Pe-ru-na is a Systemic Remedy.**  
If Peruna proves efficient for catarrh in any place, it will be equally potent in any other place, because it is a systemic remedy.

The people generally are very much misinformed as to the nature of catarrh. Catarrh is usually believed to be confined to the head, nose and throat. Lately we sometimes hear of catarrh of the stomach and catarrh of the bowels. N seldom, if ever, do we hear of catarrh of any other organs.

It is not because these organs are not subject to catarrh, nor that catarrh of these organs is not a very common disease, but simply because it is not generally known that affections of these organs may be due to catarrh.

MR. GUSTAV SCHMIDT.  
Chronic Catarrh of Head and Throat Lasted Thirty Years.

Mr. Gustav Schmidt, Spring Valley, Ill., writes:  
"I had catarrh of the head and throat for over thirty years. It became worse every year. About three months ago I commenced to take Peruna and Manalin, and now I am entirely cured of that troublesome sickness. Your medicine is surely a blessing to mankind. You can truly say that you have not lived in vain, Doctor, and I thank you for the good you have done me. May you enjoy a long life to help suffering humanity."

**Climatic Ailments Overcome By Pe-ru-na.**  
Mr. W. J. Temple, R. F. D. 3, Delaware, Ohio, writes:  
"I am a farmer and so necessarily must be exposed to all kinds of weather. About three years ago last winter, I was taken sick with bowel and stomach trouble."

"One doctor called it ulceration of the bowels, another called it colitis. Another doctor helped me temporarily."

"Then a druggist recommended Peruna and I followed his advice. I took altogether five bottles and I consider myself a well man."

"Before using Peruna, it was utterly impossible for me to do a day's work, but now I can do farm work without the least trouble or fatigue. I consider Peruna the best medicine and tonic on the market."

"I had not eaten a meal for five years without distress until I took Peruna. I have recommended it to several friends with good results."

nothing else in the whole development of the British nation that would have so much significance as the discovery of the mode of transmission of malaria. It was going to make the tropics habitable.

**Fermenting Food.**  
When the stomach is weak a portion of the food does not digest. It ferments, gases and creates flatulence. Palpitation of the heart or headache is apt to result.

Day's Dyspepsia Cure gives prompt relief and restores proper digestion. This preparation has digestive, tonic and laxative properties. Each bottle contains sixteen days' treatment. For sale only at Wade's Drug Store.

**What Is a Fresh Egg?**  
Paris, April 4.—The question, What constitutes a "fresh egg" was settled at the concluding session of the first congress of the French Milk Industry and Dairy Producers Societies. After a very lively discussion, joined in by over 200 members of the congress, the following definition was agreed on:

"A fresh egg is an egg which, on being tested, is found not to have suffered in any way from evaporation, and which shows no trace of decomposition."

**Marriage Lottery Sequel.**  
Paris, April 4.—M. and Mme. Bohin were married in 1891, and were divorced in 1901, dividing the bonds and shares which formed their fortune.

One of the shares, owned by M. Bohin, had won a \$100,000 prize, and Mme. Bohin, by suing her former husband for \$50,000.

**Tramcars For Women Only.**  
London, April 4.—To such an extent have women patronized the special tramcars run for their use between Tooting and the Embankment that an additional car will be placed on the service, and similar cars will be run next month in various districts of London.

**To Prevent The Grip.**  
Laxative Bromo Quinine removes the cause. To get the genuine, call for full name and look for signature of E. W. Grove, 25c.

A party of sixty dined from a single sea pie at a Gorleston hotel, England. The pie weighed 170 pounds.

A vain man always makes a great hit with himself.

**It Heals The Lungs.**  
When Catarrhosis is inhaled it spreads through the breathing organs, carrying healing to the sore spots. An irritable throat is cured in five minutes, bronchitis is soothed from the first breath. Nothing so certain for catarrh of the lungs. Catarrhosis brings new health to your throat, nose and lungs. Very pleasant and harmless. It caught a severe cold which developed into catarrh, and finally settled on my lungs," writes Mr. A. Northrup, of Bedford. "Catarrhosis relieved quickly and cured me. I recommend Catarrhosis highly." The complete outfit gives two months' treatment and is guaranteed to cure; price, \$1; sample size 25c. Get Catarrhosis from your druggist to-day.

## Pe-ru-na, a Most Reliable Remedy For All Climatic Ailments.

MR. GUSTAV SCHMIDT.  
Chronic Catarrh of Head and Throat Lasted Thirty Years.

**A Letter Praising Pe-ru-na.**  
Mr. Gustav Schmidt, Spring Valley, Ill., writes:  
"I had catarrh of the head and throat for over thirty years. It became worse every year. About three months ago I commenced to take Peruna and Manalin, and now I am entirely cured of that troublesome sickness. Your medicine is surely a blessing to mankind. You can truly say that you have not lived in vain, Doctor, and I thank you for the good you have done me. May you enjoy a long life to help suffering humanity."

**DR. HARTMAN, THE FARMER.**  
Dr. S. B. Hartman, the inventor and original manufacturer of Peruna, is one of the best farmers in the Middle West. His farm comprises several thousand acres of the best land in the State of Ohio, located near the City of Columbus.

As an importer of French Percheron and German Coach horses, the Doctor has not an equal in this country.

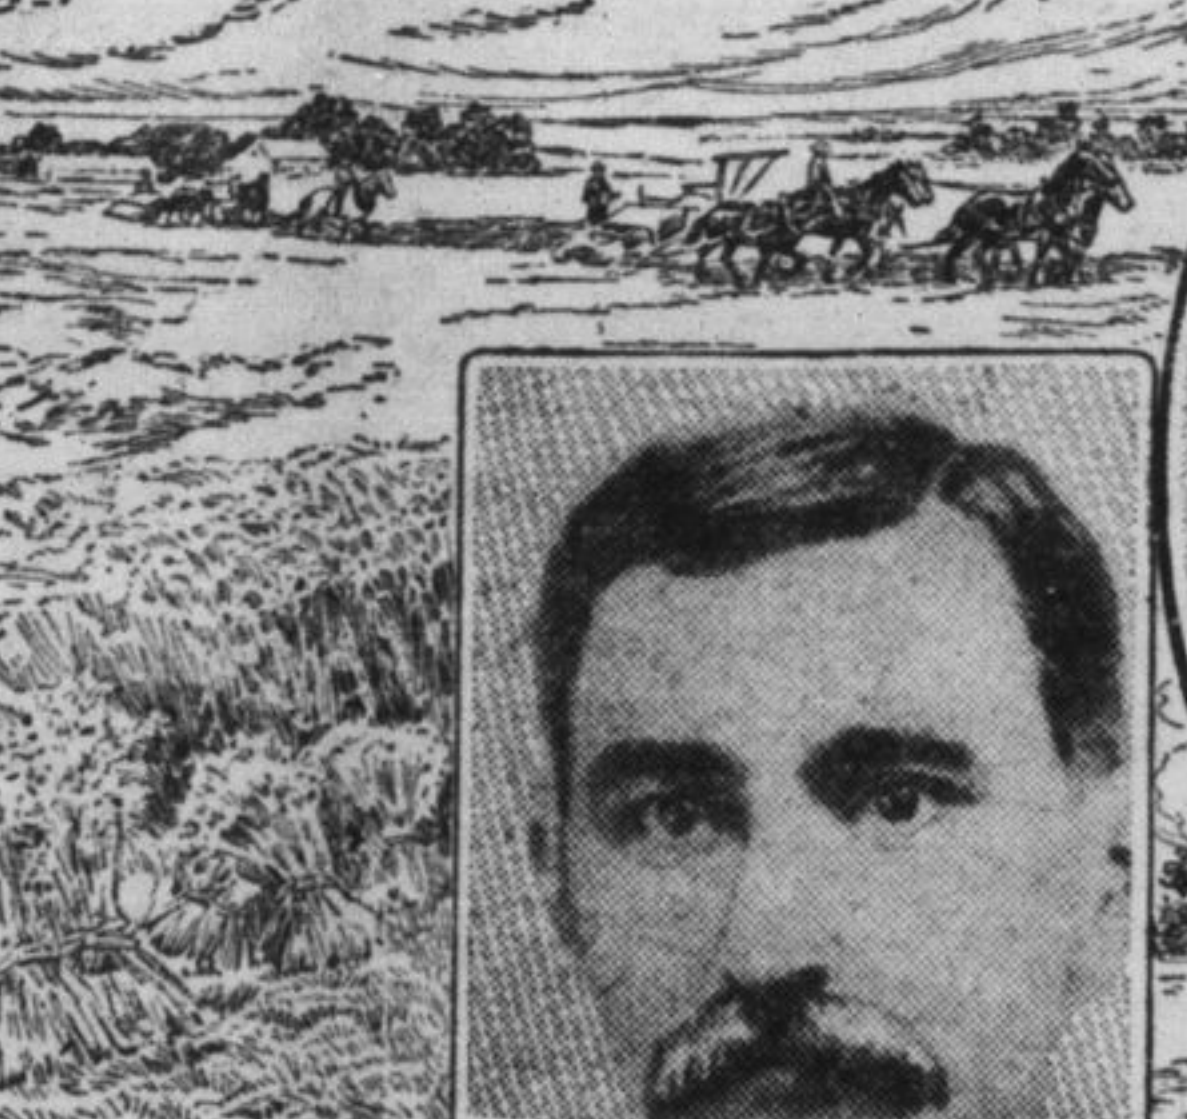

The fowl-raising department is a marvel of ingenuity and perfection; but, perhaps the dairy department is where the Doctor shows his greatest sense of order and sanitary science.

His milk cows, of the purest Jersey stock, have all been subjected to the tuberculin tests, and he gives to the City of Columbus a pure milk, certified by the Board of Health.

The milk stables, the milk men and the whole process of milking are absolutely faultless and clean.

The Doctor himself, past 70 years of age, is the managing head of the farm.

## Pe-ru-na, a Most Reliable Remedy For All Climatic Ailments.

MR. J. B. ALEXANDER.  
A Necessity in the Home.

J. B. Alexander, publisher of the "Fruit and Floral Guide, a Magazine of Horticulture," published in Hartford City, Ind., says of Peruna:  
"I was afflicted with catarrh of the throat and head for over ten years. I was treated by many physicians, but grew worse until I was seldom able to go out in cold weather."

"About one year ago I was advised to try Peruna, which I did, and I am now entirely well of the catarrh."

"Peruna is a necessity in our home. With the first symptoms of a cold we use it, and are never afflicted with catarrh."

"I advise all who are afflicted with catarrh to try Peruna. There is certainly nothing equal to it as a catarrh medicine."

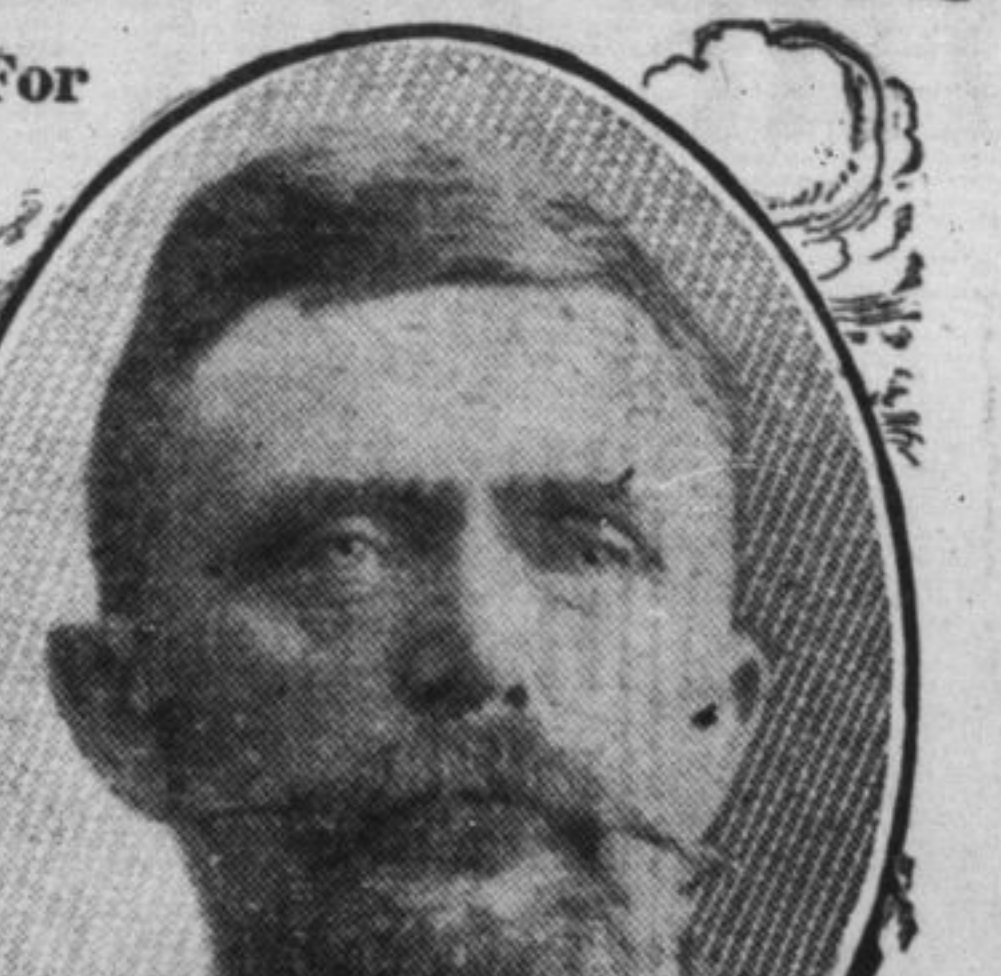

**71 Years Old and Able to Work.**  
Mr. John G. Hirdler, Gardfield, Kas., writes:  
"I was injured by a fall on the railroad and my entire nervous system was impaired by the same. The help of a physician was useless."

"I then tried Peruna and after using it for three months was entirely well. I am 71 years old and my work on the railroad is hard and tedious, but I can work like a young man in all kinds of weather, heat, cold, rain, snow or storm alike."

He himself supervises the working details of every department. He is a model of strength and vitality, and since Peruna is the only remedy he ever makes personal use of, his physical condition is a testimonial to the efficacy of Peruna of greater value than could be framed in words.

Dr. Hartman, being a farmer himself, knows what the farmer needs and in speaking of Peruna to the farmer he speaks to his own kind of people.

**Pe-ru-na For Bowel Trouble.**  
Mr. Stanley Bell, Ashley, Ohio, writes:  
"I was afflicted with rheumatism so badly that it was painful for me to move. I took two or three bottles of Peruna when I began to feel better. It also gave me relief from bowel trouble."

MR. HENRY SCHROEDER.  
Pe-ru-na, a Household Remedy.

Mr. Henry Schroeder, Estey, Mich., writes:  
"I suffered for almost ten years with catarrh of the stomach and all doctoring was of no avail. I took nine bottles of Peruna and two of Manalin and am now entirely cured."

"I recommend the medicine to all who are afflicted with this disease. It is my household friend."

**One of Dr. Hartman's Grateful Correspondents.**  
Mr. W. R. Callahan, proprietor of Big Hill Farm, and prominent fruit grower and stock raiser, Glenvar, Va., writes:  
"I write to express my kindness toward you and your good medicine, Peruna."

"I had a very bad spell of sickness and could not eat anything at all. My head, stomach, and in fact, my whole body ached, and it looked as though nothing would do me any good. I had almost given up."

"I decided to try a bottle of your Peruna and before I had taken half the bottle my appetite came to me and my head became all right. In fact, I was all right all over. Peruna cured me."

"While Peruna is not confined to any one class of people, yet it is probably true that the farming class more than any other, rely upon Peruna for the prevention and cure of all climatic diseases."

## THE WHIG'S JUNKIES

**Tells About a Lot of Things in Short Meters.**  
The less a man has to say the more he is inclined to talk.  
For your flower and garden seeds go to Gibson's Red Cross drug store, Kingston.

You can get just as hard a fall from the water-wagon as you can from an automobile.  
A girl seldom wants to marry a man unless there are numerous reasons why she should not.

To preserve your furs use tarine moth bags. Sold in Kingston at Gibson's Red Cross drug store.  
Mr. and Mrs. James Newton, Napanee, expect to leave on Monday next for their future home in Lakefield, Ont.

Beef, Iron and Wine, "Our Own" make, Pint bottles, 50c, at Wade's Drug Store.  
Mr. and Mrs. J. Geale Daly expect to leave Napanee, next week, for Brandon, Man., where they will spend the summer.

Huyler's assorted American drops, put up in glass jar, 10c, and 30c. Only at Gibson's Red Cross drug store.  
Mrs. John R. Doller sold her residence in Napanee, to William Sisker, Hawley, who will take possession the 1st of May.

For that box of bon bons go to Gibson's Red Cross drug store and get Huyler's or McConkey's. Always fresh.  
Some women would stop to rubber when they have something on the stove cooking.

It would be a pleasure to show you the beautiful range of suitings we are carrying for spring. Give us a call. Crawford & Walsh.  
George Anson Aylesworth, Newburgh, who has been spending the past three months in England, returned home on Monday last.

Sulphur, cream of tartar and molasses, the kind that mother used to make. Sold in Kingston at Gibson's Red Cross drug store.  
A pleasant event took place on March 31st, at the residence of Mrs. Henry Abbott, third congregation of Tyendinaga, the occasion being the marriage of her daughter, Lily Beatrice Abbott and Alton Richard Jones, of Richmond township.

**Wound Felt After Years.**  
Paris, April 4.—A Parisian named Forest, who was wounded by a German bullet at the battle of St. Privat in 1870, and who since then has never suffered from his wound, had to have his leg amputated two days ago—thirty-eight years after he was shot. He is to have a military pension.

**Man Outraces Horse.**  
Berlin, April 4.—A man of seventy-two named Stubbs has won a 300-yard race at Heide, Germany, against a twenty-year-old horse, which had been a famous racer in its younger days.

**Hanged By The Neck.**  
No death is more certain than the end that comes to every offender treated by Putnam's Corn Extractor. Out comes the corn or wart, root and branch. Insist on Putnam's only. It's the best; free from acids and painless.

**Traveling Spider.**  
London, April 4.—Latest arrivals at the Zoo include a rare monkey from the Congo, a cat from Tibet and a tropical spider which reached this country from Jamaica in a bunch of bananas.

**Spring Importations of 1908.**  
Preston, Brock street, has received three cases of imported goods for his order clothing department, consisting of Scotch and English tweeds, serges, chevots and vicunas. A great variety of them to choose from.

**New Handwriting Test.**  
Paris, April 4.—At the medical conference in Paris, Dr. Desnoyer asserted that sloped handwriting was normal and regular, but that upright writing was a sign of perversity and deformity.

**Fox Hunt In A Town.**  
London, April 4.—During a run with the East Kent hunt, on Saturday, the fox was chased through one of the Dover streets and killed in a garden.

## TROPICS HABITABLE

### EXPERIMENTS IN CUBA STAND AS EPOCH.

**Yellow Fever Conquered—Protection Against Pestiferous Fly Will Make the Panama Canal Feasible.**

London, April 4.—A volume of evidence taken by the Royal Commission on Vivisection in the last three months of last year has been issued by the government printers, and contains a remarkable account given to the commissioners by Dr. Osler, regius professor of medicine at Oxford university, of the methods by which medical science has progressed in its battle against yellow fever.

Dr. Osler observed that the story of yellow fever illustrated, perhaps, more satisfactorily than any other that the remarkable way in which experiments carefully devised and carried out, might not only influence our knowledge of the etiology of a disease, but might influence extensively the commercial relations of nations, and save not only thousands of lives but millions of pounds annually.

Yellow fever has been the great scourge of the regions around the Caribbean Sea, and many attempts had been made to find out the cause of the disease, but all had failed up to the year 1900, when a commission was sent to Havana by the United States government especially to investigate the cause of yellow fever. That commission recognized particularly the relations of the mosquito to the disease.

The experiments which they devised were carried out in a United States army camp in Havana, and they were among the most remarkable that had ever been made. In this camp Professor Osler explained, a house was constructed with two compartments divided from each other by a wire mosquito-proof screen. Into one side of the hut fifteen infected mosquitoes were placed.

Men were selected, partly from the army and partly from civil life, who had expressed and signed their willingness to submit themselves to experiments, and one or two of the medical men also volunteered. Into the compartment with the fifteen mosquitoes a non-immune went in the morning, in the afternoon and on the following morning, and submitted himself to the bite. Within five days he had the disease. At the same time in the adjacent compartment, which was simply screened from these mosquitoes by a wire netting, for twenty consecutive nights two non-immunes slept. They did not get the disease.

This series of experiments had, at ready revolutionized life in these regions. Havana within the next two years was cleared of yellow fever, the first time in the 300 years of its existence.

Dr. Osler added that the discovery of the malarial parasite and the discovery of the relations of yellow fever to the mosquito would enable the Panama canal to be built.

Dr. Osler declared that there was

## TERRIBLE EXPERIENCE.

**Gust of Wind Hurlled Him Out of Chair.**  
New York, April 3.—Hundreds of persons from the street and shop windows, yesterday, watched Joseph Bailey, a stevedecker, extricate himself from a dangerous predicament at the top of a 200-foot chimney in Jersey City.

Bailey was sitting in a boatman's chair slung from the top of the chimney, when a gust of wind whirled the chair and he fell out of it. As he did so he grasped a rope which was dangling from the chimney top and the wind blew the chair out of his reach.

Several persons witnessed the mishap, and their cries of alarm attracted the attention of a crowd to Bailey as he struggled hand over hand up the swaying rope to the top, where he had barely strength enough to crawl over the edge.

He then descended inside the chimney, but declared he would resist to finish the task of placing a collar around the chimney near the top.

**A UNIQUE RECORD.**  
**Becomes Grandmother Four Times in One Day.**

Boston, April 4.—The record of having become a grandmother four times within twenty-four hours is the peculiar one that belongs to Mrs. Belle Durkee, of Fayston, four sons having come to her three daughters within twenty-four hours.

The first instalment consisted of twins, which came to Mr. and Mrs. Pearl Bonnette, Watfield. A few hours later Mrs. John Hoffman and Mrs. Arthur Masham, Fayston, each gave birth to a healthy boy. The mothers of all the children were born in Fayston.

**Blind Candidate For Parliament.**  
London, April 4.—Walker King, Eke's blind politician, has been selected as liberal candidate for West Somerset, the division represented by Sir A. Arland-Hood. Mr. King is a good speaker, and contested Taunton unsuccessfully in 1906.

Bulk tea may leave the dealer a large profit, but "Salada" Tea (packed in sealed lead packages) leaves a lasting and favorable impression upon the palates of all giving it a trial. Hence its enormous sale.

The mayor (Ald. Charles Willis) and the deputy-mayor (E. W. Willis) engaged in a boxing bout at the opening of a Rochester (Eng.) athletic club.

Red Cross Beef, Iron and Wine, the king of tonics. Sold in Kingston only at Gibson's Red Cross drug store.

Occasionally some yea-ha man attempts to make the mare go by investing a lot of money in wild oats. Baking Ammonia and Oil of Lemon put up in nice neat package, 10c, at Gibson's Red Cross drug store.

Insurance is a mathematical problem. As the policyholders multiply the directors divide.

Fresh supply of McConkey's choice caramels. Sold only at Gibson's Red Cross drug store.

## AN APRIL FOOL TALE

**WALKS IN CLOUD; FINDS TRIP PERILOUS ONE.**  
Early Arbutus Gatherer in Search For Bigger Flowers Does Eliza-Crossing-the-Ice Act in Ohio

Thunderopolis, O., April 1.—Thomas Connor, who had such a narrow escape from death, to-day, hesitated to tell your correspondent the thrilling details, because he thought some persons might not believe him.

"I went to the mountain top," said Mr. Connor, "to gather arbutus, and was so busy that I did not notice a storm gathering. I had not observed that the storm had driven the clouds into the valley and packed them so tightly that they formed a vast plateau."

"I stepped off the mountain and started to cross the valley on the top of the clouds. It was soft, but it sustained me until I got to a spot where there was a rift in the clouds. One step more and I would have tumbled off the edge of the clouds and fallen a mile to the earth below."

"By this time the sun was beginning to come out, and the vast plain commenced to melt. At one time I sank to my waist in the white, downy snow, and only after the most strenuous efforts did I drag myself out and reach a cloud that was a trifle harder."

"Before I reached the mountain the whole field began to break up, and several times I was compelled to jump from cloud to cloud like Eliza. When at last I reached the mountain side I was faint from exertion and terror."

**KING LEOPOLD THREATENED.**  
Offers to Disclose Name of Plotter For \$5,000.

Brussels, April 4.—A few days ago King Leopold received from Liege an anonymous letter saying that the writer was an accomplice in a plot to blow up the royal palace at Brussels and to kill the entire royal family, but that he had been stricken with remorse and would disclose the name of the plotter for \$5,000.

The money, he said, was to be delivered to him on a certain day in the Kinkempois forest, near Liege.

Two policemen disguised as workmen were sent to the place in the forest. They placed an envelope at the foot of a tree and left. A man, who had evidently been watching them, was seen to take the envelope, and he was arrested at once.

**Found Guilty, But Acquitted.**  
Liverpool, April 4.—The following strange verdict was given by a jury yesterday, at Leeds assizes: "We think, my lord, the prisoner is guilty, but that there is not sufficient evidence to convict him." The man was discharged.

Probably the most expensive of far coats is the one a man is apt to find on his tongue the next morning.

## NOW IN GOOD SHAPE.

Over \$3,000,000 Worth of Orders on Hand.  
Pittsburg, Pa., April 4.—With \$3,000,000 worth of orders on hand for turbines, gas engines and steam engines and with a cash balance of \$800,000, Judge Young, of the United States court, late yesterday, granted a petition discharging the receivers of the Westinghouse Machine company.

The machine company is the second of the Westinghouse interests taken out of the hands of the receivers, the first being the Westinghouse Lamp company, whose receivers were discharged March 1st.

It is understood that the progress for the rehabilitation of the Westinghouse Electric and Manufacturing company is going along satisfactorily and it is expected that the creditors will announce in a few days a plan of organization acceptable to all.

**FORCED TO FIGHT DUEL.**  
Officer Brings Strange Suit Against War Office.

Vienna, April 1.—Wilhelm Sidorowicz, an ex-lieutenant in the Austrian army, has brought an action against the war office, claiming \$160,000 damages, \$2,500 expenses and a pension of \$875 a year for injuries incapacitating him which he received in fighting a duel at the command of his superior officer.

Three years ago, while stationed at Prague, he had an altercation in a restaurant with a lieutenant named Kloss, in the course of which Kloss made some discredit remarks about Lieut. Sidorowicz's regiment. Sidorowicz reported the incident to his colonel, and eight months afterwards he was ordered to fight a duel with Kloss.

**JURY AS JUDGE.**  
May Pass Law Enabling Them to Decide Sentences.

Paris, April 4.—M. Briand, the minister of justice, will submit a new law to the chamber in a few days by which a French jury will not only decide the guilt or innocence of a prisoner, but will be allowed a voice in the penalty to be inflicted. In the discussion of this penalty judge and jury will collaborate.

**Robbed In The Law Courts.**  
London, April 4.—A record for unabashed coolness in picking pockets was established yesterday. Richard Henry Hooper, a barrister, was leaving Justice Warrington's court among the crowd of people after the adjournment of a case, when he discovered that his chain was dangling from his pocket and his gold watch had disappeared.

**Women In The Pulpit.**  
Cardiff, April 4.—Wesleyan Methodist local preachers in North Cornwall have decided, after an animated debate, to recognize women as "helpers."

Gibson's Red Cross Cough Syrup sold in Kingston only at Gibson's Red Cross drug store.

## OBJECT TO VACCINATION.

Two Hundred Fail to Pay Attention to Order.  
San Francisco, April 4.—The strike against the faculty edict ordering compulsory vaccination continues to spread. In addition, to forty-one students recently suspended two hundred more under graduates will be missed from the class rooms when classes open Monday. The two hundred failed to pay any attention to the faculty order. They will be suspended for ten days.

**Horse Worked For 37 Hours.**  
London, April 4.—At Osted, yesterday, Walter Voysey, a pyraeder, of Angel Road, Hammersmith, was sentenced to a month's imprisonment for causing a skeleton of a horse to be worked for thirty-seven consecutive hours. The animal was so weak when taken out of the shafts that it had to be carried to a stable.

**Musical Reciprocity.**  
London, April 4.—Sir Frederick Bridge will make a tour of Canada in the spring, with the object of establishing musical reciprocity between Great Britain and Canada.

**TO THE WOMAN WHO BAKES, ROYAL IS THE GREATEST OF TIME AND LABOR SAVERS. MAKES HOME BAKING EASY, A PLEASURE AND A PROFIT.**

# ROYAL Baking Powder

The only Baking Powder made from Royal Grape Cream of Tartar

With minimum trouble and cost biscuit, cake and pastry are made fresh, clean and greatly superior to the ready-made, dry, found-in-the-shop variety.

Gibson's Red Cross Cough Syrup sold in Kingston only at Gibson's Red Cross drug store.
