remarks to the Christians; to those who believed in Christ, and who were endeavoring to do His will. He would guard against saying anything that would be offensive, as it might tend to harden the heart. No person could live a truly Christian life, and be conformed to the pleasures of the world. We must make our choice between the worldly and the heavenly. Dancing might be defined as a graceful movement of the figure. The mere movement was quite innocent, but the dance as a fashionable amusement, one that was worthy of careful discussion. It was a question that presented itself to the church, and minister who considered the question an all-important one, must speak out boldly, and give his convictions. On Tuesday evening, the first regular meeting of the kingston Baseball Association will be held in the Randolph Hotel, when officers will clected for the season and a constitution drawn up. Each team that desires to enter should have at least two representatives present, as the executive will be elected and each team must be represented on this committee. It is the desire of those behind the league to get it started as soon as possible. If good enough teams enter, some fast games with outside teams will be arranged.

Both a junior and a senior series will be formed, and all teams are welcome, as are all lovers of baseball. Kingston's Famous Fur Store.

# Danger! STORE YOUR FURS

When furs are laid aside in the spring, after a hard winter's wear, they should be freed from dust and placed at once where they will be out of danger from moths, fire, or burglars.

The average residence has no facilities for the proper care of furs and the attempt to take care of them at home is always troublesome and usually injurious to the garments.

Furs entrusted to our storage department during the summer are fully insured and cared for by a method which insures their return in perfect condition.

This, the quietest time of the year in the fur business, is the very best time to have your furs looked after. We will repair or make over all furs or fur garments left with us during the months of April and May at special low rates. In addition to this after such garments have been remodelled we will store and insure them for the entire season absolutely free of charge. Ring up 'Phone, 238. We'll do

A Fight On Sunday.

On Sunday afternoon, two young men engaged in a free fight, on Princess street, above Alfred street. The boys took off their coats and hats and went at it in good style. For quite a few moments the dust flew, and one or two severe jolts were dealt out. A large crowd soon gathered, as a free show will always draw well, in Kingston, even on Sunday, and no or attempted to stop the contest until a local church worker happened along and separated the scrappers. By his actions he was in danger of having his silk hat badly handled, but it came out unscarred.

Fine Sunday Weather.

The pleasant spring weather dealt out on Sunday afternoon, by the weather man, enticed many to go out for long walks. The penitentiary road was the one most frequented and large numbers walked out that way, up the Bath Road to Princess street and down to the city again. The roads outside the city are drying up rapidly, and on Sunday were in fine shape for walking or driving. A few of the local auto owners have got their cars in shape again and have been touring the city. One or two were out spinning around on Sunday attermoon.
