

NO MORE RHEUMATISM "FRUIT-A-TIVES" CURED HIM

Christopher D. Graham is a well known citizen of Ottawa—formerly in the City Hall and largely instrumental in forming the Ottawa Hunt Club. Mr. Graham's voluntary testimonial as to the great benefit he received from taking "Fruit-a-tives" will carry conviction.

Ottawa, Ont. Nov. 26th, 1907.

Dear Sirs:— I have been a sufferer from Rheumatism for a long time—pains in my shoulder and joints practically all the time. I tried various treatments without benefit and then I was recommended by a friend to try "Fruit-a-tives." I took several boxes of the tablets and now, for a long time, I have been entirely free from all rheumatism and rheumatic pains. I wish to state, also, that I suffered from hemorrhoids, or piles, for years, I used all kinds of ointments and treatment and nothing did me any good, but after taking "Fruit-a-tives" for my rheumatism I am entirely cured of these dreadful piles. (Sgd) C. D. GRAHAM. "Fruit-a-tives"—or "Fruit Liver Tablets" are sold by dealers at 50c a box—6 for \$2.50—or will be sent on receipt of price. Fruit-a-tives Limited, Ottawa.

FACTS FOR SICK WOMEN

LYDIA E. PINKHAM

No other medicine has been so successful in relieving the suffering of women or received so many genuine testimonials as has Lydia E. Pinkham's Vegetable Compound. In every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every one you meet has either been benefited by it, or has friends who have. In the Pinkham Laboratory at Lynn, Mass., any woman any day may see the files containing over one million one hundred thousand letters from women seeking health, and here are the letters in which they openly state over their own signatures that they were cured by Lydia E. Pinkham's Vegetable Compound. Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations. Lydia E. Pinkham's Vegetable Compound is made from roots and herbs, without drugs, and is wholesome and harmless. The reason why Lydia E. Pinkham's Vegetable Compound is so successful is because it contains ingredients which act directly upon the feminine organism, restoring it to a healthy normal condition. Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

COULD DO NOTHING TO EXPEDITE THE HEARING OF AN APPEAL.

A Veteran of the Niagara Navigation Company Dead—A Clause That May Seriously Affect Council's Position.

Toronto, April 6.—J. W. T. O'Connor, acting for W. Hassard, of the Cadillac Hotel, who represented the hotel men of the city in the recent action to upset the license rejection by-law applied to the divisional court today, to have the trial of the appeal against Chief Justice Meredith's judgment expedited. He argued that delay would prejudice the hotel property in the city. The court, however, told Mr. O'Connor that it could do nothing.

Captain James Richardson, one of the best known marine men on the lakes, died this morning in St. Michael's hospital, after a lingering illness. He was seventy-nine years of age, and was a veteran of the American civil war. For the past twenty-three years he had been in the employ of the Niagara Navigation Company. The city councils of Toronto and Hamilton have discovered that a clause in the bill to amend the Ontario railway and municipal act, which recently received its third reading in the legislature may seriously affect their position in regard to street railway companies and the control of the streets. Both cities take the view that the clause give the railway the power to locate the streets on which the street railway shall be allowed to place their tracks and consequently nullifies the principle for which the cities have been fighting, namely, the control of their own streets. A deputation from both cities waited on Hon. Col. Hendrie, who fathered the bill, and he said an effort would be made to have the bill reconsidered.

NAVIGATION OPENED.

Steamer Pierrepont Breaks the Ice to the Island.

The formal opening of navigation, in the harbor, took place, on Monday morning, when the steamer Pierrepont, the old reliable of the Thousand Islands and St. Lawrence River Steamship Company, succeeded in breaking the ice over to Wolfe Island, and making the return trip with quite a number of passengers. Capt. Allen and Carnegie were in charge. The ice was quite thick in some places, but the Pierrepont did not experience much difficulty. She left the dock at 11.40 o'clock, and by 1.30 o'clock had made the trip across. Quite a crowd of citizens gathered at the dock to see the ice breaker make her trip. Last year, the opening took place the latter part of March, when the steamer Pierrepont and Wolfe Islander, both took a hand in the breaking of the ice. The Wolfe Islander went out from the island, and the Pierrepont started in to break the ice from this side. A low came over from the island early this morning, in ice boats. With continued mild weather, a general breakup is expected in a day or so.

"That's not so," said Symons, "the dog did not tear anything." As the complainant had no further evidence to offer, the magistrate dismissed the charge, stating that it could be brought up at another time if there was any further evidence.
